

Christianity, Islam and Judaism = Counter-Cultures

What everyone needs to understand is that the tribe of jews never had their own culture. Everything is stolen. What these beings could only do, is conjure counter-cultures, from the cultures of their host populations and civilizations. This is why, in what they have labeled as "Satanism", collective term for Gentile Paganism, everything is reversed.

Imaginary thoughtforms of the jews are the 'good', some jew named jewsus is the savior, and jews are kings. Exactly the reverse of what the cultures of their native hosts had. The jews have created counter-cultures all the time. This is still practiced to this day. Instead of making anything, they stole the pattern, and reversed the meanings in it.

Then, this counter-culture was imposed on the native population by war, bloodshed, and was imposed as the "NORMAL" and the "REAL" culture. All those who knew or believed otherwise, were killed and slaughtered. As they destroyed the knowledge of the past culture, the real cultures ceased to be known, and the counter-culture they created to benefit the jewish race, became the 'real' culture of their host.

The story of jewsus is stolen from Pagan Gods, the letters of the jewish alphabet, the style of writing the books, the list goes. In the same way the jews steal the blood of the people due to hybrid-ization and race mixing, to infiltrate, the same pattern is done in their so called 'culture'.

They steal the physical appearance of the victim by race-mixing with the native populations, and inject different content in it. The distortions are present, but not anyone can see them, especially if their own culture doesn't wake them up to this fact. Unless one's sense and knowledge are strong, they cannot notice the small, wearing differences, or the complete reversals. Magick of the jews covers their tracks, and they push this process for centuries.

This is why all the Demons are Pagan Gods, Satan has gone from the light of the World and Truth, to being the 'abomination', and why jews have went from slaves and beings of excrement to world rulers. This process took hundreds of years, but

was eventually successful. Now, we have dumb-asses who think 'Christianity' and Judaism filth are part of their own 'culture' and 'race'. Therefore, the jews always maintain these 'cultures' going.

Culture defines the definitions about life and society. What is good, bad, or evil. What people give their attention and existence to. Instead of any of these being good or beneficial for the survival of the people who make up this culture, the 'cultures' of today just serve the jews, and their agenda and race. Therefore, jews are made into 'god' by parasitism of the native power, work, labor, and psychic energy of their victims. When this process finalizes, not even this fake ass culture is needed, as it has served its purpose.

Then, the jews push what we know politically as 'communism' and remove all culture, identity, and everything that defines their living slaves, even if its corrupted and hijacked. The slave loses all identity, and in the jewish wet dream, the jews rule supreme over the powerless cattle and slaves, now and for all eternity.

One when they get this concept they have understood mostly what the jews does, and you can notice their operation. In plain, they copy, creating a perverted copy of anything, and then they keep doing this while forcing the copies as the original, mainly by violence and distorted xians and other debilitates who are infected by their lies.

The same thing is done by a cell that is infected by a virus. The virus instills the destroyed DNA into the cell, the cell replicates with the virus encoded in it, and this process keeps going, growing the virus with it, unless of course the body's defenses end this process. The jew works like a virus and a parasite in many ways.
