

Masters Among Slaves

Greetings to all of our People and Satanic Comrades!

All Satanists here are in the house of mastery.

Everyone obviously is on different levels. Others have problems with bills, others have other issues, and others are higher up. It really comes not down to this. Do you notice a pattern? People are too hung up on these matters to seek self-value. This is however, relative.

It comes down to your inner Soul, your morality as a being, and how all of us here can know about and tolerate Truths that the majority of humanity cannot. While they sacrifice everything to be unaware and ignorant, the real Satanist is doing the same sacrifice of everything for Truth. When we hold racial discussions, we are discussing about people outside, who do not know the Truth and do not advance. We are talking majorities. Satanism is the religion of united individuals, and not the clump jewdified herd.

You are by definition removed from the womb of damnation if you choose to finally embark on a freedom journey. As for the herd, we are seeing them from above as Masters, and we look at them as people who don't know what is going on.

Mastery does not imply a whip, domineering attitude. It's first and foremost mastery of awareness. Not based on fake entitlement, but how much we have really banished the herd from inside us. Or for accurate say, the negativities of the herd.

At the same time, we are the only ones who will face the potential rot or issues within. Something most people will never do. This is why we also un-dig the greatest and most inconceivable treasures these people will never have.

As thus we recognize their errors, our own errors, our racial errors, we seek to not repeat the errors of the slaves as we have made a conscious choice to never belong to them again. We choose freedom at all costs. They remain enslaved, also taking others hostages of their stupidity.

They are those who sink Humanity. We are those who try to uplift it and uplift ourselves. This is the Satanic spirit that on top of the everlasting abyss and all the humans sold out to it, people resist.

Satan has made his best choices from all Races, Nations and Peoples. Everyone here holds a common Satanic element deep within their Soul. Not all people really have this.

Now you may not recognize, or you may recognize to an extent only, the gifts you have. Those deep in the path know as to why and who they are, others don't and are still searching.

We have people that discovered the Truth right now, and others who have been in it for so long that compared to new students may be close to Gods. Satan has been keeping his Children close to Him. The bonds last forever.

It's not entitlement showering, because after all, if one does nothing, one is distancing themselves from Truth and they wither away.

Satan loves his family, and his Children. There is no father that would not adore a loving daughter or son. Like a Father, Satan expects his children to advance. Nobody is thrown to the trash can, but a few people do, because THEY think they are for the trash can. They act accordingly if they follow this road.

You will become, what you think you are. Now like any other dad who watches their children take their first steps, Satan is proud of those who seek to advance. Everyday you overcome obstacles, Satan is proud of you. Even if these obstacles may seem to the larger spectrum of existence irrelevant. To you, these are relevant indeed. And every "you" forms "us" as a Satanic Unity.

When you begin or fall he will help you and hold you, but NEVER to the extent of making you incapable of getting up and walking by yourself. Satan is real and therefore, cannot be anyone's nanny. Why? Because Satan really cares for your deepest advancement as a being.

You belong to yourself after all mainly. The (((("religions of nowadays")))) are hijacked to teach people to have slave and victim morality. Part of this is how everyone has no will and must beg for bailouts from their own mistakes and life.

The enemy has defamed Satan for a reason. Satan welcomes with open arms every single Gentile that comes to Him, if they follow through. He is the door to spiritual salvation. The Demons are the teachers. However in school, you have to study.

Satan sees us in our Soul. It matters also not how old or young you are. Your first spiritual step, and you going from crawling spiritually to ever higher places, it's how you start unfolding.

You may think that a small victory means nothing, but the crawling is what makes the champion. Well, crawling that is continued for a lot of time. Then standing. Then walking. Then running.

This is what defines us, motivates us, makes us who we are. This is what makes us Masters Amongst Slaves.

And such we shall FOREVER be!
