

Race Mixing

HP Hooded Cobra 666

[April 24, 2017](#)

Greetings to all our Satanic Family and Comrades.

When people see Race mixing, they have to understand some things. Satan and the Gods will not 'punish' anyone for engaging, or having engaged in such behavior. However, the behavior on its own can be problematic and damning also, forceful 'race-mixing' has only been forced in the late century, because as everyone knows, the jews want to create 'one human race'.

Why posts like this may 'hurt' some of us? Because we are living in a society of lying, that only seeks to make us further 'goy', and destroy us completely. Everything that improves us is made to seem 'difficult', 'insane' and 'negative'. The minds of those who are set on destruction must be CLOSED to anything that is a good idea for them.

I realize people overly concerned with 'what we live today' and the present state of this decaying civilization, will as always, be disturbed. But I am not of the impression I am speaking to short sighted, or stupid people here. If I did, I wouldn't be making such posts if that were the case. I'd be joining a wiccan club and doing what's worse for humanity or something.

All of us here can understand the Truth, and we don't need to feel guilty if we don't fall 100% in it as we are all LEARNING and we have our ISSUES and DECISIONS that we have to manage. But what makes us superior, is that we understand GREATER facts than others, and we can STILL see the difference on what is the ideal and the thing to look after, and what is transient and only for 'now'. This sets us aside all other people on the planet right now, who are abominations sleeping in their shortsightedness.

This is ideal. Think for example if you were a farmer.

In your farm, you had two types of pigs, the smaller ones who are more aggressive, and the bigger and more timid ones. The angry ones could have infrequently causing you issues, breaking the stable, and the big ones would be too difficult to take around. So, what does a farmer do. They breed the two pigs, until they produce a pig who is timid, and smaller, to solve this issue. The problems of the other pigs (problems meaning what causes problems to the farmer) are eradicated.

That's how jews see you, the "Goyim". This White Goyim is very creative and it can find solutions to destroy us. The Black goyim is too athletic and it's the only Goyim that can live successfully in Africa, let's wipe it out so that Africa will become lifeless. This other Asian Goy has a great logical IQ and is very organized, if it gets a good leadership and wakes up, we have a problem. It makes perfect sense, so one can sleep at night, to destroy all the above types, and make one type that is inferior to all of these above- one then sleeps at night perfectly. No stable will ever be broken. One is safe.

Also, since everyone will be too rootless and mixed, nobody will look at the jew and say: "hey, you seem like a jew." - There will be zero basis for any such claims. The alien race of the jews will enjoy that the whole of mankind will NEVER be able to understand that they are different and distinct. I.e., their infiltration will be permanent. This is why they are so scared of 'race'. Any alien invading race wouldn't want to be found out to be a separate and unnatural entity to the planet, would they?

So back to the pigs, I think that makes sense. You'd mix them too, as a farmer, to get a more stupid offspring coming out of it, in the instance of pigs. This is exactly the mentality of world-kike leaders today. They want to maintain their position at all costs, and the surest way to ensure this is by populating the world with lesser and stupider people who have no idea WTF is going on in their existence, life or future in general. That's the perfect thing to do, as all defenses, and abilities of people to defend themselves will be eliminated.

To engage in Race mixing has a lot of propoganda in it. The "World" loves it, and the herd is forcefully pushed to do this. Like with all other things the "HERD" does, we have to critically examine them, and we can readily see these are damning.

In the same we cannot punish someone for being a victim of something, nobody is going to punish or treat them in an ill manner race-mixed individual. However, for people to not value the blessing they have to be able to be wise about it, and their ability to save generations later from issues, by breeding again back to the race they feel better about. That's continuing a mistake, for no reason whatsoever, is stupidity- the only sin in Satanism. Nature frowns upon this. In the first generation, maybe things don't even show up. But many generations down the line, serious confusion starts to begin.

With that being stated, few people are 100% pure race. That shouldn't keep us from trying to uphold a better standard. This is for humanity, not only for "us". We will come and go, at least in ONE sense of the whole thing. Therefore, the above

policy, includes everyone without exception. We have to sustain and keep up the core races, the pure Gentile-blooded Races as the Gods created them. These were created by the Gods and they have wisdom in their making. We should honor ourselves and understand that this has a deep purpose around it.

The Ancients in Babylonia did NOT talk of Race mixing as 'Race mixing'. People who practiced race mixing were sorted into BESTIALITY. This is because this is bad, and produces negativity over the generations.

Jews are one of the most ill, if not the most ill, races on the planet. Their health keeps them from experiencing life in almost a complete way. With the most striking percent in retardation, let alone all the other criminal tendencies, having possibly two hearts, possibly three livers, and specific genetic diseases that only THEY carry.

They have engaged in a lot of race mixing as a race, and this was necessary to take over and make hybrids that look more human, but at the same time, their culture FROWNS upon it. This is, except for their reptilian genes, a work of incessant race mixing in order for the enemy to produce a hybrid that 'looks normal'. Their 'god' tells them simply put, that it will kill them if they race mix. This is in the bible- the enemy wants jews to remain racially as pure as possible, unless they are dabbling with extinction.

The jews to survive have nevertheless mixed for centuries, by they go to every extent to keep their 'master race' (the Cohen and Levi or Rabbinical Tribes) as clean as possible. The Rabbis and other higher up jews with a purer bloodline, rule over those who are more 'mixed' for the satisfaction and power of their whole race, and everyone profits from it. As it's known in jewish society, the Rabbinical lines are the most powerful, as their ancestors have been spiritually adept.

When it comes to Gentiles, these were the Priests and the Pagans, which the christian slaves of the jews tried to exterminate completely, to bastardize the spiritual powers of Gentile people. The jews operate a racial state, too, nonetheless. They don't even allow mixed jews into Israel, and they do DNA tests and cultural background tests. Otherwise, the door will remain shut for them.

Each race has their own divine blueprint and history, and past. To mix these, on a soul level, creates confusion, fear and lack of feeling of roots. Without roots, a tree cannot grow, spiritually speaking. To keep a pure bloodline, shows many things.

One example, is how the enemy maintains their clear-blooded lines. Unlike what they tell to the goyim slaves, jews rarely go for race mixing, especially those at

the top. They are more willing to intermarry, than engage in "Bestiality" with the Goyim. And if they do, their mixed compatriots, they have as swine or as agents at best. They are paranoid about keeping spiritually clean.

To explain this 'paranoia', this is really, just nature. People who are spiritual and breed within their own race, they increase the spiritual power of this race. Additionally, from there we have the advanced and powerful bloodlines, and the elite families. Now the elite families are Kim Kardashian and Kanye West. So, go figure.

Race mixing rarely if ever takes any serious consideration. Most of the time, it's just some fire in the willy, which can be easily created in the easily impressionable and willingly brainwashed goyim populace, by propaganda in the TV, porn, or weak-mindedness in conjunction with drives and 'feelings'. A 'feeling' can easily be artificially created. One can feel happy about dying, and even 'affection' in regards to death. This only takes mental manipulation.

In other words, people don't take any serious consideration about this action, at all. No insight into the spirit is taken, no care about the future, nothing. Most of the time, they just go for it. In the same way, we can lock two dogs of a different breed into a room, and they will try to procreate, as such many 'goyim' do today. There is zero to no attention over to where this leads in the long run. People aren't even thinking about it. In a few cases, one may be good, but the unstable results, how these end, nobody knows.

In some cases, it's outright bad, and then, the whole of civilization has to become weaker and weaker to compensate for the mass weakness that exists. If this situation keeps going, people eventually become an unidentifiable clump. Nature however labors and creates identifiable people of a common stock, that we call a race, to master certain environments, be healthy, optimal and strong in survival, and also UNIQUE. Nature creates uniqueness, and is not communist. Lifeforms keep evolving to become better, not worse.

Race mixing will destroy all this natural and human work and revert us into being a mass hive of goyim. And we will pay the price dearly as a humanity for engaging in this, as jews, who will be the only clear-blooded race around with the highest IQ and the rest, will destroy us and enslave us for all eternity. This is not a joke. This is the modus operandi of the reptilians. The greys are all 'one' and they have no 'distinction'. They are one borg race.

The Spiritual Masters (people like Spiritual Satanists) are supposed to become, should stray from this practice and correct it where it exists, even if that deals with us as individuals. For a very simple reason, you are amazing people and

you need to protect your own amazingness from extinction. Your children need to look like you. They don't need to look like someone else.

The Soul needs a root from where it can grow. It's important to know about your heritage and your background, whatever that is. It puts the mind at ease in a very calming way. The tree has to have roots from where it can grow. Let's not forget all our Ancestors who were Pagan, spent so much time seeking the Ancestors and showing them respect. If one race mixes, you're not only killing yourself, but your ancestors too, who will want at some time to incarnate in your racial line which you killed. This needless to say, is disgusting.

Let this practice of self-hatred, for the 'goyim' and the rest of the fools of the planet, who want to extinct themselves now and for all time. This requires the ultimate self-hatred. Satanists, who are elite people and understand divinity, with higher than 'herd' intelligence, do NOT need to partake into this stupid drama of the goyim. In fact,, we have to put an end to it.

If pure races and the characteristics of intelligence and splendor all get cooked in a 'human race', then we will remain body-less, and we will have nowhere to go, individual talents will not be able to be expressed, as developed Souls will not be sticking into a body. Who you 'are' is not some coincidence; your body is representing your consciousness, and you need to respect it, no matter its condition, old or sick, or whatever else, it asks of you to correct and help it.

Beings who engage in race-mixing procreation prove the jews right. These 'goyim' cannot even control their own genitals or use them wisely. Now if they cannot even do THAT, can they rule the world, or other things like that, such as become Gods? What little 'creative' power they have, they misuse in the worst way possible. That's totally retarded.

At least when one doesn't KNOW, they have the benefit of the doubt. But when they DO know? What can we say then if they engage in creating race mixing anyway?

Observed from a sadistic manner, race mixing is a show that the life-form calls its own self to die, in a deceptive and non-suicidal manner. In other words, the jews are killing "YOU" and whatever "YOU" exists from this practice. A "YOU" will never exist again, if this practice becomes the norm. They have successfully killed you: not only in this life, but for all time to come. They kill your unborn children, in a sense.

I don't know what crap TV says, but Adolf Hitler and the Gods, same as many other masters were Pro-Race to their people. Cared about them, and tried to

show them the good path. At least they did what they had to do in history, and tried to prevent this disaster. It's to be mentioned in the East, the Kali Yuga of death and anguish is characterized by this incessant practice, that kills all people, and degenerates the 'people of Gold' (those of high spiritual power and pure breed) and makes them into 'people of bronze' (a worthless amalgam). This is a leftover practice of the previous yuga, the Kali Yuga. In order for Gentiles to take full spiritual benefit in the Age of Aquarius, this is a dumb thing to do. This is exactly what the jews try to prevent. During the Age of Aquarius, the 'people of gold' will be able to exist again. The jews are afraid of this, and they want to kill us faster before this happens.

In fact, all Hindu members here know this deals with race as well. The Races are not only 'white, black and yellow', but this is a metaphysical concept, which deals with people within the core races and races in general.

Lastly, humanity can live with exceptions, and people who have already been in this category, we are still salvageable as humanity unless this becomes the 'mainstream'. Then we're kind of done with in all honesty. We can fix things and make things better. A century from now, given the jewish plan, this will no longer be the case.

Those who are not wise, they will unfortunately have to give in to the melting pot of crap that is leaving this world aside with jewish influence.

Even if someone is an egoist that only cares for their 5 or 7 seconds of orgasmic 'pleasure' (which do not have to be 'wrong' seconds anyway...), then these naive entities are sacrificing their future and of humanity for their short orgasm. What can be done about it?

Nothing: Nature already takes vengeance by weeding them out of the bloodline, but they simply don't get it. Don't these people think of the confusion this brings to children? But I guess these 5 seconds are all that matters in reality. Then nature exacts her revenge, and of the window they go forever.

The Gods show us the way because they want us to survive, and become a formidable force not only here, but in the universe at large as well. Nobody has to do anything, but understand the facts for themselves, and try to follow in the best of their ability. We have to follow natural laws, and when we do, we become uplifted and greater. If we stray, we get damaged, and this does not include the Gods at all. It's from our own stupidity.

Irrespective of our past choices, our personal life and existence, and decisions (the Gods understand when we make decisions by not knowing prior, so they

show clemency) we have to be aware and try to do what's best for us and the world around us. This way we will uplift the world and create a reality that humans thousands of years from now will be thanking us for.
