Greetings to the Satanic Family and Warriors.

We have another exceptional opportunity that we must not miss in regards to destroying the enemy. The RTR's are to be intensified for the 18th of February, 19th of February (The Lunar Event takes place that day) and the 20th of February.

Make sure to raise your energies during these days and, everyone must make sure to do the Final RTR. Nobody exempt. We are powerful when we work together and in unity.

We must go in strong and make Satan and the Gods proud. We have been making great progress and we need to be solid in increasing it.
