Another very intelligent Hungarian person. No wonder, Hungarians have it within them. Our Rituals have severely manifested through many people and it will only become more furious as we go. The public statements about the jews and massive awareness is emerging. Gentile people have had enough. This jewish racial slaver oligarchy that is ruining everything has its basis shaking under their feet.

Obviously, the man above can't openly state anything. This is because we live in a "free" world, of supposed "freedom of speech" and when of course, jews are just innocent people who won't do anything, never ever, if they are even REMOTELY criticized, because they are so innocent after all. Always the poor harmed lambs...I meant lambs, of "JHVH". They are like their creator, ethnic cleansers, innocent, poor people who are just doing what they are supposed to do, peacefully and all of that, projecting all they are and do to some other scapegoat. Name it Hitler, name it Satan, name it Satanists, name it Humanity, Nature, whatever.

Whatever, so the jews can keep rolling. And don't you dare think about it. Come on, how can 62 people own half of \*ALL\* the World's Wealth? All of which happen to be jews? How come the planet is mostly bleeding and almost destroyed in just one century where the jews were allowed just of few years of power? How come the whole of Humanity is internally suffering so much, like never before?

They didn't do anything though! Ever! Always someone else! We are always the evil ones, doing evil stuff to them, and even we go against "G-ds will". They are so innocent that they invent laws to protect their innocent, destroying your rights forever. They are so innocent they want to enslave you so that you will stop the blasphemy. They are also so innocent that they lie in all directions about anything. They are so innocent that they are the only Race on Earth that utilizes international force on a Racial basis, against all the wishes of their Race. They are so innocent that their Middle Eastern advances are guiding this whole world to shame and destruction. They are so innocent they plead openly about how they exactly have laid out all the plans of enslaving and killing the "Goyim", spiritually and physically.

They are so innocent that they have many innocent plans...Which mainly revolve around globalization, genocide of all Races and the state of Pissrael becoming the head of a global empire of slaves, who are barcoded cattle, numbered, communist style. But of course, we are the evil guys. They have centuries upon centuries of plans about the enslavement and murder of the whole of humankind, but even if you THINK against them, let alone anything else, OY VEY, you commit another Shoah! And because all people of the world are evil and the jews are good people, you must let them be. Go around and say shit about whomever you like, nothing will happen. Turn the spotlight to the jews and then, there is another question.

Does all this pressure exist to protect someone from being innocent? Or because they are a criminal race and all that is being said is plausible to the last detail? I leave this up to you to decide. After all we believe, unlike the enemy which calls the people "Goyim", that people do possess a brain capable of thinking.

I have decided and so have millions of others. We are dealing with the World's Greatest Evil. Nothing eviller has come across the surface of this world than that.

Hitler was Right. Hitler was the Good Guy.

In the Face above, we see something fundamental. We see the one who taught and awakened the world from its slumber, showing us the way and the door to free ourselves from this misery that has plagued Humanity.

Always be prepared, always on the Spiritual Arms, always ready My Warriors. We will undo the enemy, just as our Gods intend. This slavery to the world will stop. Only then will our future be within our control and grasp. All of you here play a major role for the whole of Humanity, never forget this.

This time, all Gentiles on Earth are seeing our common enemy. They want the worst for all of us. Also, the whole of Gentile Humanity is seeing our common God, who is nobody else but Satan. We are living in an epic epoch and fighting an epic war. Never lay down your spiritual arms for this is a war of either total liberation, or total annihilation.

Liberation it will be for us, annihilation for the enemy.
