Satan

For too long, so many lies and so much misinformation have been spread about Satan. Many of us have seen him, have conversed with him, and have even been astrally touched by him. Nearly all of us who know him agree concerning his appearance. Enemy so-called "religions" have for far too long, written the book on how they believe him to appear, how they believe Demons to look and these are nothing but blasphemous lies. He is not red with horns and a tail, nor does he look like a Halloween monster. He does not have flaming red eyes or rubbery wings. These depictions are intended to insult, denigrate, and blaspheme him. [There are some [lower orders of Demons](#). They are protectors and messengers who serve the higher-ranking Demons]. Here are images of how Satan appears to those of us who have seen him. Contrary to Satanism being labeled as "darkness," Satan appears wearing a long white robe identical to what he is shown wearing in the images below. He is the Top Leader of the Nordic Gods of the Empire of Orion. Many of us see him often and have a very close relationship with him. He is beautiful. His appearance is almost exactly as in the pictures, other than he rarely appears with wings.

Father Satan's Sigils. The Sigil with the ankh inside of the cup, symbolizes the cup with the elixir of life. This is the "Holy Grail" of immortality. The Holy Grail is the 666 Solar Chakra.

- His Day is Monday.
- His Colors are Blue, Red, and Black
- He is the Sumerian God EA, also known as ENKI which means "Lord of the Earth." He is also known as Melek Ta'us.
- Animals that are sacred to him are the Peacock, the Serpent, the Goat, the Dragon and the Raven.
- His numbers are 13, 666 and 4. [666 is perfection and everlasting life]
- His Zodiac Signs are Aquarius, the Water Bearer and Capricorn, the Goat. [The Age of Aquarius is the Age for the advancement of humanity].
- His Planets are Uranus and Venus [the Morning Star].
- His Directions are both South and East.
- His most Important Day of the year is December 23, when the Sun is one degree into Capricorn. The day following the beginning of the Winter Solstice is his Personal Day, which should be observed by every dedicated Satanist. [This was dictated directly from him, personally].

Here is a painting from "Paradise Lost" of Satan's Palace by John Martin.

Name of Satan

After several years of intense and extensive research, it has all come together.

1. The bible was invented in order to keep esoteric knowledge and mind/soul power in the hands of a select few.

2. Christianity, which began with the Catholic Church, was invented to physically enforce the above and also, to destroy and to replace the original religions. The original religions centered around the reverence for the serpent. The serpent is the symbol of the kundalini. The "Tree of Knowledge" is really the map of the human soul. It is seen in nearly every ancient religion pre-dating Judeo/Christianity. The trunk symbolizes the spine, and the branches symbolize the chakras and the kundalini pathways. There are 144,000 nadis (channels for the kundalini life force) within the human soul.

The Buddah sat beneath the "Bo Tree" and achieved enlightenment. "*Bo means serpent, as in Bo-A or Boo-Ta.*"¹ The Christian Church stole, twisted and corrupted everything they could from the original religions. The fig tree was known as "The Tree of Wisdom" *Ficus religiosa*.² The Christian church corrupted this with the placing of fig leaves over the genitals of Adam and Eve.

3. "Satan" in Hebrew means "enemy" and "adversary."

Now, the word "Satan" goes back much, much further than the Hebrew definition. [Here is a link everyone should check out.](#)

Note in the upper northwest corner of the map of India, the name of the town "Satana."

"Satnam" and "Sa Ta Na Ma" are sacred mantras used in kundalini (serpent) meditation. The five primal sounds in Ancient Sanskrit, one of the oldest known languages are "SA-TA-NA-MA." "Sa" means infinity; Ta means life; Na means death; and Ma means rebirth. All variations of the name "SATAN" mean TRUTH in Sanskrit, which is one of the world's oldest and most ancient of languages.

All of this has to do with the kundalini life force (the serpent) within us. "Jacob's coat of colors" in the bible is the aura. The number seven is the chakras. The interpreters of the old grimoires have it all wrong about the "seven planets." The ancients knew much more than given credit for regarding astronomy.

Anyone familiar with Chinese medicine and advanced martial arts is aware of the chi (the life force, same as the kundalini) and how it is more active in certain pathways in the body on certain days and hours. I uploaded [a chart](#) to the meditations section for this. The authors of alchemy texts in those days put their writings in codes in order to escape persecution by the church.

The sun was another object of veneration for the original religions. This was because of the pure, raw power it bestowed and as it is the source of all life. Drawing down the moon or absorbing energy from the stars is nothing compared to what can be done under the sun, given the knowledge and training. JoS clergy members know this. Holes in the aura are healed and the life force is amplified as with no other source of light.

"Lucifer" was also given to our beloved Father as a name. Lucifer was originally a Roman God with no connection to our Father Satan/Ea. The prefix "Luc" has to do with light. The soul needs light. The morning star, Venus, was a source of light for the ancients as its rising preceded the all-important sun. Venus also rules the important heart chakra.

Father Satan (I prefer to call him Satan, personally), told me he has no problem with people calling him by the names he has been known by for centuries, even though they are inaccurate. I call him Father Satan whenever I communicate with him or thank him for something. To me "Satan" will always mean "adversary," adversary to the enemy lie of Judeo/Christianity.

The Catholic Church knew the original religions had to be replaced with something else and this is where all of the stories in the bible came from. They are all rip-offs from the originals, which had their origins long before Judeo/Christianity ever reared its ugly head.

The Virgin Mary stole from and replaced Astaroth, who was bound, as "the Lady of Heaven." Astaroth was the most popular Goddess in the pre-Christian world. Fictitious Jehova ripped off from Enlil/Beelzebub/Baal, who was the most popular God in the pre-Christian world, and then there is our beloved Creator Father Satan/Ea who wound up as the Serpent and the Devil.

Sexuality, which is the primary aspect of the life force, automatically came under intense scrutiny by the church. Orgasm directly stimulates the kundalini serpent the base of the spine. The creative energy needed to produce another human life can be used to revamp one's life force which advances and empowers one's soul. Obviously sexual activity could not be prohibited, so fear was used to place it under strict regulation. In the Christian religions, especially the Catholic Church of old, all sexual pleasure was sinful and prohibited by the church. Intercourse was only to produce children and nothing more. Nakedness became a sin because it led to lust. Masturbation was another "mortal sin." Anything that had to do with the raising of the kundalini was severely attacked by the church. The sole purpose of the Christian Church was for the removal of knowledge and nothing more.

While the masses have been stripped of this knowledge and power, a select few who have worked to remove this knowledge use it liberally to enslave the unknowing world.

The Jesuit assassins of the Catholic Church are known to even levitate as they draw off of the psychic power from the prayers of their unknowing victims.

Satan Lucifer, The Lord of the World

Joy of Satan Forum Contributions

The original religion of Earth is called the SANAT-ana Dharma.

Kumara means Lord, Sanat means Eternal... Sanat Kumara means “Eternal Lord”, and “The Eternal God”. Sanat is also spelled as Satan by His ancient Followers as well. Satan Kumara, The Eternal God.

The Eternal, highest God is also called Sata, Satam, and Satan in Hinduism, and His mantra is SaTaNaMa, known as the highest mantra of serpent power (kundalini) yoga. Satan or Sanat, these are the same title and meaning.

In the most ancient texts of Hinduism in Tamil Nadu, they state the primordial age (known as the Golden Age), named the Sat Yuga, civilization was called Kumara Kandam and was ruled by Sanat Kumara, who came to this world with the other Gods from another star system. This civilization extended to a land mass now mostly underwater, with some of it remaining above water such as Tamil Nadu. The Peoples of the Far East from Thailand, to the ancient Americas all have the same record of a Golden Age civilization that once extended across a large continent, now much of it under the Indian and Pacific ocean.

The Greeks, Druids, Egyptians, and Romans all stated in their ancient records that they came from the East from the same area. The Romans had a ritual of mourning called Lemuria where they threw effigies of their ancestors into the River Tiber to remember when this land was lost. The name of this land was also called MU. The ancient Mayans had the record of coming from this early region as well. And the Peoples of the Americas record these White Gods teaching them spiritual knowledge and cultural knowledge such as how to grow food, how to build homes, medicines, astrology, and other knowledge. There are African tribes such as the Dogon, that state they received the same knowledge from the same Beings.

This explains the megalithic ruins found across the East, from off the coast of India all the way to Nan Madol in Micronesia, to the ruins off the Japanese coast, to the Andes in the Americas. All these ruins are shown to come from the same core civilization, all are described by the natives as having been built by a tall White Race with light hair and European features, who were ascended spiritual masters.

The ancient Tibetan and Far Eastern texts state that the hub of this ancient civilization was in the region of what is known as the Gobi Desert. There have been numerous findings here, from the White Mummies to what Professor Kosloff, a Russian archaeologist, found in a tomb in the Gobi Desert after digging down fifty feet: artifacts dated to 18,000 years old. The records claim, and the migration shows, that the Aryan Race pushed westwards from the regions of the Gobi Desert, Pamir Mountains, Northern India, and central Asia in general. Some of the world's largest Pyramids are in north-western China, and there are potentially over a hundred pyramids in this region, many of which have not even been fully examined.

The largest ancient cities on Earth have been found around the ancient Silk Road and their inhabitants were Aryan Peoples. The Chinese mention they received their culture from tall Aryan peoples, and their ancient records talk of green and blue eyed Emperors. Many people in China, Korea, and Japan are what today would be called Euro-Asian. They still have the divine culture of the Gods as well. The Japanese call Sanat/Satan "Sonten", and state His eternal spirit resides in the sacred mount Kurama, in Japan.

The Gobi Desert region was stated in the records in the Golden Age to have been the capital in which Sanat Kumara ruled from directly while on Earth along with the other

Gods. This is called Shamballa in the Far East. This also might be the source of Valhalla, the city in which Odin rules from. Some of the writings on the ancient Norse mention that they migrated from the East. The people of modern Hungary and Romania did as well. The ancient Aryan Hun Empire went all the way to the Far East to the Uyghur region (Xinjiang) of the current Gobi. Hungary is from Hun-Land, it was officially granted to the Hungarian forebears of Attila. They were not racial Asians but Aryans from further east. The Scythians came out of the central Asian regions into Europe and became the Slavs, Saxons, and Celts.

The Yezidi, who are called the “blonde blood line”, have a calendar that is seven thousand years old, and they state they migrated out of the East from Northern India and were part of the Sumerian civilization. The Chaldeans came out of the Hindu Kush mountain range, along with the ancient Phoenicians. The Phoenician Gods were red-haired and blue-eyed, as their ancient images show them as Aryan People like the Sumerians. Tests on their remains show them as European. The Yezidi show Sanat (who they call Satan) in their writings as the eternal youth surrounded with peacock feathers. This is the same way Sanat/Satan is shown in India and Tibet.

The Yezidi text, the Al Jiwah, mentions the realm of Shamballa within it. If one goes to India you will find the Yezidi religion, as the Yezidis themselves state. In the worship of Sanat Kumara, also called Skanda, He is shown many times as colored red, riding a peacock, and with a serpent. This is how the Tibetans show Amitabha Buddha: colored red and riding a peacock. Amitabha Buddha worship is twenty thousand years old in the Far East where He is the Head God. The Tibetan's original religion is called Bon; further east to China it is called Mon. The worship of Mon is not the everlasting blue sky, it's actually a blue colored God. The Mongols relate their origin from a race of blue eyed Whites of divine descent. The Tibetans stated they got Bon from a race of Aryans. Of the current Asian groups in the Far East many, one way or another, mention a previous race of Aryans whose home civilization was Shamballa. The Yezidis state the Aryan race came directly from Satan, Sanat Kumara, and are the original people of this world. However, the other races are under the protection of the Gods and some do descend from them as well.

The Jews call the Demons the "Shidim" in their kabbalah, but this is from the older Babylon name of Shidda which is Sidda. The name of the Yezidi in Sanskrit is Ya Sidda. The Siddha's, meaning “shining ones”. Shiva is also called SATA SHIVA in Hinduism, which in Sanskrit is also Satan Shivam. In Hinduism Shiva is called "Swarupa" which means "The White God". This is a racial term as the Indians called the Europeans the "Swarupas".

In Primordial Greece, before the fall of the Minoan civilization, the head God Zeus was shown as the eternally young God, called Korios, meaning “lord” or “master”. He was blue colored had a white bull, 12 cow-herder companions, and a consort called Rodha. He played a sacred flute as well. Korios is from the Sanskrit, Kumara. His other symbols are the Peacock and the serpent and he carries a staff, thyrsus, or spear, as

Dionysus. The Peacock is only native to the Far East, where the Greeks state they came from a place called Pan Achaia. Their oldest God still carries the same appearance, banners, totems and myths as Skanda in India, of whom the Greeks state Dionysus was. Of their maps they called Sri Lanka the place of Dionysus.

The mythos of Dionysus is the exact same as Skanda. Korios is the primordial God from which the other images of the head Gods in Greece came from. Dionysus is the Korios. His worship was so ancient the later Greeks thought His religion was foreign and from Egypt, as the Greeks lost much of their culture after the devastation that caused the end of the Minoan civilization; the whole island blew up and destroyed most of the region in the fall out. The Egyptians recorded this and mentioned that they had kept the records the Greeks had largely lost when they were nearly wiped out. The Greeks and Egyptians both stated Osiris and Dionysus are the same God, and Ptah is another name of Osiris in Memphis.

One will note the ancient figure of Korios is also the famous incarnation of Vishnu in India, Krishna. The Hindu Puranas state all the famous head Gods of Hinduism including Vishnu, go back to one very ancient God, Sanat Kumara. They are images of the same primeval God, Sanat Kumara. The Chandogya Upanishads also state that it was Sanat Kumara who handed down the Siddha Marga, the Path of Perfection to mankind, the teachings of ascension. The Yezidis, who worship the same God Sanat as Satan, also state the same.

Venus in Sanatana Dharma is the highest cosmic principal, it rules sound and white light, and the spectrum of light. As it descends it creates all existence which is condensed sound and light. However, what we perceive as white light is stated in the Vedic texts to be blue light. This is why the ancient image of the God Sanat Kumara is shown as blue. This is the purified soul and the concept of Venus.

This is the reason for Lucifer, it's a name of Venus (Lucifer means "Light-bringer" in Latin). Sanat Kumara is called Shukra, which means Venus in Sanskrit. Sanat esoterically represents Venus. This is the same God as Dionysus and Osiris, they are also called Venus in their ancient cultures. Note that in the JoS we believe Osiris to be a son of Satan, but close relations often caused interchangeability in ancient texts.

The reason for the Left Hand Path, which is from Sanatana Dharma, is that it is the name of Kundalini Yoga, the "Left" is Shakti, the serpent energy. This is because the planet Venus is the only planet that rotates clockwise, said to be retrograde, to the left; this is in the opposite direction of Earth and the other planets (other than Uranus, which is also clockwise; it is interesting to note that Uranus is the planet that rules the occult). The LHP is the path of Venus, Sanat Kumara. The pentagram is also the symbol of Venus, the shape of the orbit of Venus and the five is a Venus number. This symbol of Venus would have 666 placed with it to show spiritual rebirth. Venus's number also connect to the Sun. The ankh, the symbol of spiritual rebirth, is the symbol of Venus.

Venus on the horizon

Venus rules the mystical transformation of the soul as the morning and evening star. Venus's eight year cycle is a spiritual number of enlightenment and immortality. Its position on the horizon as the evening star just before it disappears into the night of

the underworld, to its triumphant reappearance in the dawn heralding the reborn soul, spiritual victory.

Venus is also ruler of the serpents. Venus rules wisdom. This is connected to the throat chakra, which Venus rules, which is why Shiva is called "the blue-throated one". Venus rules the path of the gods, the sushumna. Vasu is the name of Vishnu relating to Venus as well. Vasu, Vas is the symbol of divine kingship in Egypt. Venus is about spiritual and material perfection. Venus in Sanatana Dharma rules the serpent energy and the raising of this energy. On a higher spiritual level, it is said that Venus rules the mula (base) chakra and the other chakras. The Venus power is about bringing the serpent up through the chakras.

Venus rules the element of air, which is the breath of life and spirit, which element is sound and the blue light of creation. This is ruled by Mercury on a level, but Venus on the highest level. The perfected body is related to this element in the Far East, air. The symbol of air, prana is the serpent of Sanat Kumara, Satan.

Venus rules the Kunda (which means water pond) but is the name of the root chakra and tail bone, and serpent energy. The water of life, which is the serpent energy, and flowing prana. The sushumna is called the Kunda Kula, the Kunda path. The name Kunda...lini comes from this. This is Kundry in the Grail mythos.

Shamballa is shown esoterically as the eight petal city with Sanat Kumara sitting on the throne of the world in the center of His palace. In Sri Lanka the entrance to the Temple of Sanat Kumara as Skanda has a golden throne outside to show His kingship of the world. The Grail castle in the Western mythos of the Templars has Sanat Kumara sitting in the center of an eight sided grail castle wearing a peacock crown. As in Tibet, the same being is shown with a peacock crown.

The Grail is openly of Venus, the Venus stone or cup in the Grail mythos. The emerald and diamond are the symbols of Venus. An ancient name of Osiris was Al-Khadir; this is also a name of the Yezidi God, Satan (however, this name has been corrupted by islam). In Sri Lanka the Temple sacred to Sanat Kumara is called Khadirgama, "The Place of Khadir". In the story of Khadir, he rules the waters of life, the kundalini, and drinks of them and becomes immortal. Al-Khadir means "The Green Man", the color of emerald. The emerald rules the transmuted stone; this stone is the element of earth and by the serpent fire it's transmuted in a pure light crystal of the emerald or diamond. The meaning of the Grail which means Gro-al, the inscribed stone. The Templars have the images of the Green Man in the eight-pointed star in their buildings.

The popular shape of the Western Grail is the Mount Meru column in the East. The palace of Sanat Kumara in Shamballa in the Kala Chakra, His teachings of ascension, show the base of the palace is the yantra of the root chakra and upward steps as the levels of the Mount Meru column in other images. The Meru column is openly shown as the hexagram symbol, the star of Venus. In India, the Yogis who worship Sanat

Kumara directly, their practices are based on awakening the serpent at the root and moving it up the spine.

The Exoteric world Sanat Kumara (Satan) is the ruler of, is this physical planet (Earth). The Esoteric world He is ruler of, is the soul. His kingdom is the spine which is the cosmic axis and the serpentine life force that flows through it. His symbol of the grail is the unified soul. It is a six pointed star symbol, which is the star of Venus in the East and the symbol on His yantra in Southern India. His other symbol is the peacock standing atop the Mount Meru column. This is also the flute Krishna carries, it has the peacock on the top. The spine with the serpent energy, the prana, moving through it. Krishna-Vishnu, as mentioned, is the Indian Venus. Vishnu is pronounced in some dialects as Vesnu, which is an anagram of Venus.

Venus was shown as an androgynous being many times and was the origin of the Baphomet of the Templars. The main Templar symbol is the eight pointed star of Venus. Their practices are still found in Hindu Tantra; the awaking of the serpent energy and moving it up the spine.

The esoteric meaning of the world is the Temple. It represents the entire soul including the physical body, which is the animation of the soul's more dense manifestation. The teachings of Sanat are how to make the body and soul one, by purifying the earth element with serpent fire. Hence Satan is the God of fire as well. As Skanda, He descends to earth and makes war on and exterminates the Asuras from the Earth, who represent the dross to be burned out. The process of Yoga is purifying all the elements back to their core essence of spirit, which is ruled by Venus, by the practices of Siddha Marga (the "path of the Siddhas", or, "path of the accomplished"), the kundalini Yoga. Kundalini is the symbol of Venus, Sanat Kumara. Satan.

This is why the enemy extra terrestrials, the Reptilians, attacked this planet in a cosmic war across the solar system around ten thousand years ago which caused the devastation of this planet and the end of the Golden Age. And their Reptilian hybrid race the Jews, the alien Jews themselves are the only race on Earth that has an actual Reptilian gene, the Cohen gene, and a Reptilian appearance and behavior. They have been working to remove this knowledge from humanity and rewrite history in a false narrative to turn this planet into a plantation state where humanity is reduced to micro-chipped cattle.

The Eastern texts make constant mention that Sanat Kumara appears to and works with different Yogis directly in His etheric form, and gives them instructions. As Satan, Sanat states He does in the Al-Jawah. Bogarnathar, a famous Yogi, stated he received direct instruction from Sanat in this etheric form, and that he finished the Magnum Opus and ascended with Sanat's instruction. From here he established a school of Yoga to teach others. What is left of the known teachings of this Yoga, is Kundalini Yoga. There are many records of Yogis doing such with direct help from Sanat. The ancient Greeks stated that Zeus, who is associated with Sanat, sends Daemons to

help those on the spiritual path. Daemon later became Demon in spelling. These are the Gods appearing in their astral bodies to help the dedicated ones. This is why all dedicated members in the JoS receive a Guardian Daemon. This is nothing new.

These are people who have spiritual practices which allow them to be on the spiritual level where they can communicate with the etheric form of Sanat Kumara. The Gods have the ability to astral project and communicate directly face to face with humans who have the spiritual, psychic centers open enough for this. Which is how the JoS has been established and directed in our time.

The enemy needs to remove this knowledge to close humanity off from Satan and the Gods so we can no longer communicate with them. Because our connection with Satan would be the end of the enemy's program. So, they remove this knowledge and then scare everyone with lies about Satan, and about the "occult" to keep people powerless and deceived. And when the lack of spiritual knowledge has taken its toll, they then push Marxist materialism, which allows the enemy to push their own agenda to exterminate and enslave humanity into a global factory farm run by Jews who use occult power in their kabbalah at the top, and communicate with their Reptilian masters. This is why the enemy thoughtform of Jehova has numerous curses to bind humanity on the soul and keep them from ascending on any level. Bind them and then damn them; this is the game of the Jews.

In Germany there was a young patriot who was practicing the spiritual knowledge he was able to find in spiritual publications and books from the Hindu East. He opened up his spiritual abilities to where he could communicate with Sanat/Satan directly as the spiritual society he was a member in showed him how, as they were in contact through their spiritually opened people. That group created the National Socialist Party and that man became the German Leader of a new society whose purpose was the divine mission of reestablishing the Sanat-ana Dharma to the world and defeating the power of the enemy who were trying to enslave humanity under Marxism. Today that man is lied about as much as Sanat/Satan by the same enemy for the same reason.

That is just what happened the last time with a handful of people. What does the future hold...

Our planet will be ruled again in a new golden age from the peacock throne of Satan Kumara, Lord of the World.

A Secret About Satan's Name: Satan Is God

Father Satan, will soon rise in the future as the undisputed Truth of mankind. In the end of this, it will look very obvious, but currently, we are exiting an era of atrocity and lies done against Satan.

The very name "Satan", who jewish researchers and Zionist worthless souls decided to slander, is one of the holiest words that have ever been conceived by the human tongue. The Name of Satan, is the real "Name of God" and the Name of the Supreme Deity.

In Sanskrit, this is very well understood as a known fact. The Indo-Aryan and Sanskrit culture that is connected, inherited from, and created by the Gods, reveals the power of the word Sat and the word Satya, relating them to the Truth.

When Yogi Bhajan decided to move forward with his giant revelation so that, as he put it, "to accelerate dramatically the Spiritual Evolution of humanity", he related the "Top Secret" mantra in the East which was known to the Brahmins as SA-TA-NA-MA.

This Mantra is now the most popular in Eastern Yoga.

Funny enough, the enemies of humanity and all spiritual development on earth, have coined a derivative from this as "the lord of darkness" and coined Satan in Hebrew to mean "The enemy", ie the enemy of the jewish people. Just how innocent are they?

Other words they desecrated involve the holy word "Demon", which means "Knowledgeable One" and literally "God", but also to become a "Demon" was the point of the mysteries of the past.

As I explained in some updated Joy of Satan pages, many of the "Demons" are actually human beings who have ascended into the Godhead, and they are advancing higher and higher. They are guides and protectors for humanity. They have their categories, levels and offices [more on this will be updated in the JoS].

As Rabbis and the jews go into tantrums that humanity is returning to their Ancestors, which basically, we call "Demons", it is imperative to not stay on this subject but to bear this in mind until the final point of this post is reached. The theory that HPS Maxine ended her research at, was also believed in the last century as the "moving of the Great Race" towards the East. The Hindus there know this was the case. But I would like to take this one step further and say that...

"Before" were were in the "East", we were already in what we call the "West", "Europe" and the "Mediterranean". All of our history did clearly not begin that recently whatsoever.

The Ancient origin of the people of Satan extends further back, and on the light of new information, I am inclined to not even believe that Sanskrit is the "primary" language, but rather, that it took from another primary language. Regardless, it maintains a highest degree of importance and holiness because of it's source.

I say this after having studied in depth the rules and regulations of Sanskrit, what has survived from Egyptian manuals, looked into Babylonian [Assyrian/Akkadian too], surface studied Latin, and so on, I have reached certain conclusions I would like to share which are of penultimate importance. But that will be done gradually.

The strong links between Ancient Greek and Sanskrit, point to me to these two as the sister languages very close to those of the Gods, and I am also furthermore inclined to believe, that all of the false hypothesis of "Phoenician as the source of language" is merely more jewish lies to cover up how far our prehistory goes.

Regardless, the Phoenicians are mentioned by Ancient Greek historians to be literally Greek, and even knowing this, modern linguistic historians have to lie. Or maybe they do not know because they simply do not care. Other, more cryptic transcripts of languages from the Minoan Era, do point me to a history larger not only than initially believed, but also larger than what we have 'conceived'.

What is even more obvious, is that the carryover of meanings between the two AND Egyptian, prove beyond any shadow of doubt, that Father Satan is really our ancestral God and the Father of Humanity. This is the key central point I want to relate here, as Language hides in it information and meaning.

All of these languages are known to have divine origin, and for all three, the God Thoth/Hermes is credited for their creation. Modern day languages have been largely watered down, and contain few or any important or powerful elements.

Pretty soon, the enemy wants to turn us into monkeys that use extremely basic "language". Through this, our brains will gradually shrink and less and less synapses will be working, rendering us completely retarded.

Their assault on English and any language people use, the forced "simplification", and the "if it's not English it doesn't matter" mentality, will put a tombstone on extremely important languages which extend all the way from the Ancient Norse, to Sanskrit, to Egyptian and of course Ancient Greek.

I am also entirely sure that if other languages will reach proper discovery, we will find even more shocking things as time goes. I am currently uncertain about the validity of more than a few, including the claims that we know "Sumerian". I think we need a lot more work in that regard. Geniuses that could work on this have been impeded from doing so.

Who knows what we might find?

We must also remember, that even Sumer and other civilizations were discovered "Recently", and that not only that, but the jews have impeded every serious research into Civilizations that they boast fell or their alien hive tried to exterminate, such as the Babylonians.

In regards to the Babylonians, the Jews have stolen an extensive amount of their language from the Babylonians, and the people of Chaldea, and then Egyptian, whom they also have the nerve to attack and defame "in damnatio memoriae" while their books "curse them for aeons to come". The time has come for them to pay the price for this and more, but that is besides my point here.

After having done extensive research on this [both spiritually and materially], I have concluded on a supreme amount of properties in regards to the real "NAME OF GOD", which is none other than written in English as "SATAN" or "SATANAS".

The curses and benedictions of the jews against that, are directly correlated with jewish efforts to "bind" Gentiles from making use of the Divine Name. We are removing these alongside everything else. But I will further explain what else they are afraid of.

Having made the above available and the previous points clear to put someone in the mindset of this post, I also want to mention one of the secrets pertaining to Father Satan's Name. There are many, and they have depth and layers.

I will progressively write more and more on this, especially in Satan's Page to add more info.

In Ancient Greek the Name would be as follows: **Σ-A-T-A-N-A-Σ**.

A common practice in the Ancient Greek System is to move the letters of a word around, to find hidden meanings of said word. This is called "Ana-grammatism" which "Ana" means to reposition. "Gramma" means "Letter".

By applying repositioning of the letters of **Σ-A-T-A-N-A-Σ** , we will get another word, which is one of the very obvious secrets hiding behind the Holy Name of God:

A-N-A-Σ-T-A-Σ.

If you are familiar with the above, you might recognize that actually something is looking weirdly familiar about this word. Well, this is basically the word from where the name "ANASTASIA" is coming from.

This world translates to the famous "Resurrection", because it really means "Resurrected One" or ΑΝΑΣΤΑΣ.

We know here that even the name of Rabbi Yehoshua of the Bible that was later branded "Jesus Christos" has nothing really to do with this. All this is, is another stolen title to describe a jewish pseudepigraphical story as "real".

"Jesus" is a title stolen from Zeus and the word "Iasis" which means to heal, and "Christos" means "The anointed one" or the "Initiated in the mysteries".

Up until the second century BC, when the jewish hoax has started itself, the native people must have believed in nothing of this related to Jews, who clearly heard this from somewhere and were like, "Oy vey, the goy likes that word, lets make a total fraud based on this".

For all the words they stole, and all the words they perverted, and all their cultural inversions, they fully were well aware of what they were doing. The only ones who did not know were their victims.

Father Satan's Legacy is also evidently, the worst slandered entity and the least "deserved to be slandered" entity, in human history ever. Nobody deserves glory more than He, and yet most of humanity has slandered Him because they adopted lies and hearsay from the jews WITHOUT evaluation of the KNOWLEDGE and TRUTH in regards to the topic.

In regards to Father Satan's Name, we are seeing the clear, purposeful desecration and removal of its meaning. I am relating therefore the TRUTH of the topic, not based on nonsense and methology from the schizophrenic jews, but evident FACTS.

As we all know here, another stolen Mythological Theme is that of the Resurrection, is very important, as the "Resurrection" which was stolen by the enemy programs, is directly related to returning the Kundalini Serpent from fallen dormancy, into the state that we refer to as Risen. Then, one is "Reborn".

Without meditation and without this, there is no "second birth" as a human being remains without a soul. As we were catching out with spiritual knowledge that was lost, the enemy tried to again corrupt more and more to try to fit themselves in the present era.

That is called "ΑΝΑΣΤΑΣΙΣ" which has a dual meaning, and means "To put back point upwards" but also literally to "bring back to life". It also literally means, to "raise from the dead".

The other Name of Satan, which is LUCIFER or EOS-FOROS, is well known of being the translation of "Light Bringer".

This light, is the light of the soul when it's truly into the state of the "ΑΝΑΣΤΑΣΙΣ" or when the Serpent is risen again.

The above, is achievable through the restoration of the human soul and returning it to function, a feat achievable through the "Satanic Arts", which would probably make many outsiders or believers in the enemy dogma rather concerned right now, but merely we are talking about meditation and opening up of the soul.

The above will look like common sense in the decades to come, but now Christians are free to get explosive potty problems from the facts stated here, it doesn't matter. They are believing into a jewish fraud.

When they will understand Rabbi Yeshua and his race have literally swindled them in a nonspiritual program that is nothing but jewish pseudo-history, that slanders the real God of Life and Resurrection of mankind [None other than Father Satan Himself], you will all change your ways.

The original "God", "Resurrection of the soul", "Eternal Life", "Healing of the Soul" and all of that they are so brainwashed to believe they are "into", is exactly where they are entirely out of: It only exists in the one they reject, the primordial source that we call "Satan" and that we here refer to as Father Satan.

You can join us, or you can keep slandering it until the end of the cycle of ignorance in this Yuga finishes itself. And with it, lies will be flushed out same as liars.

To close with a final phrase: **SATAN IS GOD.**

Redpillers FAQ: Why Do We Use The Name "Satan"?

Many people will ask why the Joy of Satan uses the name Satan.

A question below is a typical question where an interested individual who has an open mind, is conflated because of lack of information and understanding, or very simply, just knowledge.

[RedpilledSchizo] wrote:

"Then why use a Jewish/Christian name for the deity? If I understand this forum and your beliefs correctly, you're simply advocating for a return to pre-jewish or pre-judeo/christian religion aka paganism. Why not just call yourselves pagans instead of Satanists? Is it just an edgy thing to be more provocative and get more attention?"

In a hierarchical order, there are many reasons. Although I could be writing a hundred of these, these five ones should elaborate the main core reasons why Spiritual Satanism is of Satan.

On top of the hierarchy order, this is reason one: Because Satan/Satanas, was the word jews considered most important to vilify. Why? Because all of this relates to the core language of Indo-Aryans, Sanskrit, which refers to Satyan [the `y` is pronounced as Yan so it's literally Satan], meaning Eternal Truth, Truthful, Real, and so on.

Any word with the prefix Sat is related to Truth, true realization, reality etc.

At the same rate, the jews only reveal the importance of it. Yogis in the East who hold secret knowledge for thousands of years based on the true Sanatana Dharma or True Path of Meditation, like Yogi Bhajan, also revealed that SATANAMA is the most important mantra of Serpent [Kundalini Yoga], and the Kundalini is to raise the consciousness of a human being to Truth Realization.

Anagrams of the letters S-T-N-A, are always appearing in everything profoundly spiritual.

The age of Truth and Enlightenment in the primordial Aryan religion, was called "Satya Yuga", or the age of Satya.

What is bad about this name?

Reason two: Because if one wants to really go against the jews, their notions of affairs and what things mean, need to be thrown in the pit of fire, in the light of proper knowledge and evidence.

The correct question is this: Why should we NOT use Satan? Because jews included

this in their book? Are we to abolish the Greeks, the Egyptians, the Assyrians, and every other culture of Gentiles, simply because they were vilified in the jewish books?

Reason three: Satan, while knowledge has been desecrated in the centuries, still relates etymologically and culturally to the Serpent Worship religion, that all Gentiles had in the past. An example, even "Wodan", is related to Satan, through analysis.

The "W" glyph people are using to write "Wodan", was used in Ancient Greek [from where this came] to symbolize the Digamma letter, which was a hissed S sound, for example.

https://www.dropbox.com/s/04603g8a47o1s9y/Satan_is_Odin-Wodan-HP_Cobra_666.pdf?dl=1

This is reason four: Because the jews are afraid of this term, attempted to curse it for thousands of years, and used this to vilify us collectively [based on the above] and therefore this reminds them based on their own language, that we are their enemies.

We are also their masters and the source of all spiritual knowledge. Them knowing this, constantly tried to defame, attack, revile and denigrate Satan in any way possible, same as all the Serpent and Satanic culture. And we are not going to allow this to succeed.

In hebrew, "Satan" means "Adversary" and enemy. And yes, we are adversaries by default to them.

Jews have stolen and attempted to discredit everything important from Pagan civilizations, and the center of their arch enemy, is no different. In fact, it's a very well researched plot by the "people of the book" to both destroy our core knowledge, while defaming the most integral parts of it.

This is reason five: Satan's modern association with the "dark" and all of this, acts as deterrent for many weak idiots and other servile humans, and therefore, is a good way to divide the gold from the dust when it comes to people following Satan.

It takes courage to approach Satan within the midst of all enemy disinformation, and this courage is a necessary warrior value as Spiritual Satanism is the original warrior's way approach to life, not a universalist, jewish goyim like approach to existence and life.

In conclusion:

Lastly, here is a documentary explaining the fact that people worldwide have been programmed, no different than with Hitler, to have negative responses and hate "Satan" out of the blue. This is really just pavlovian brainwashing done by jews in the

minds of weak people, based on emotional reactions. If one "fears" Satan, that's THEIR problem, not the problem of information or not well-founded sources. We are the Truth and we know it. The emotions of people who cannot control their jewish pavlovian brainwashing, are of no importance to us in the light of superior knowledge and information.

Satan is Odin / Wodan

This will definitely put a nail in the coffin of the idiots who say that "Satan is a Jewish Creation" or even "Satan is Loki".

Little do many know and understand, that Satan has been worshiped worldwide in the past, in different names or forms, for guiding people in the Godhead. We know this fact ourselves here.

The jews know all the details, but little attention does the "Goyim" put to educate themselves. Part of the Goyim (animal) identity, is to never try to find anything. Live and let be, as cattle.

Unless if you are a Glue Sniffing, Loki fearing, Satan-is-Loki Goyim I tell you, Mannequin. But that's all crap you know, for my opinion during Glue Sniffing is superior. And spazzers with Rentagoy Radio is my testament.

Now, most people are totally clueless of the Ancient past, let alone they have no clue on how Ancient languages are taught, or pronounced. The English texts we possess today have been corrupted (translations do this), so for anyone to understand what is going on, we have to make a regression to the past.

First and foremost, the jews, call Satan, SATANAZ in their innermost writings. The original spelling of Satan's name is ΣΑΤΑΝΑΣ in Archaic Greek. This gives us the four letters, as jews write without vowels. It would be STN or STNS. Or simply, ΣΤΝΣ.

Here is the secret however. In Greek, where the original texts were written, we have the letter Digamma.

"Digamma, waw, or wau (uppercase: F, lowercase: f, numeral: Ϛ) is an archaic letter of the Greek alphabet. It originally stood for the sound /w/ but it has principally remained in use as a Greek numeral for 6."

This "Ϛ" is the glyph latter to become the S letter, that came to exist in later languages. Notice how the Ϛ literally looks as a Serpent. Satan is also the Serpent God, or the Serpent in general.

<https://en.wikipedia.org/wiki/Digamma>

This later was forcibly removed from the Ancient Greek, altered, and attempted to be destroyed completely by the Medieval church. As all people know, this is the language of the New Testament which the jews stole. From Ancient Greek did indeed come most of the jewish infested literature, as the jews formulated this hoax during the Hellenistic Era. This letter has three forms:

The last form of Digamma, is actually the S letter we have today and it was transferred to other languages. Phonetically this became SATANAZ or SATANAZ or SATAN later, depending on the language. This is also the glyph of the Rune Fehu. The F, originated from the V sound, which in English-speaking dialects, is the sound of a W or /Waw/.

So this would be the original name of Satan written in the Ancient Greek texts. The jews use STN. But as stated above, the S letter, is a cover-up for " ζ" or Digamma. Effectively making this in the jewish pronouncing, VTN. VTN just pronounced, shows VATAN or VOTAN, in the open, already.

In the Ancient Greek, this would be "STNΣ or STNS", which would be pronounced, VTNS or VTNZ. If we add the vowels, we have...WODANAS. or WODANAZ. From this Ancient Germanic name, came the other alterations such as Odin, Wodan, Wodin, and many other names. Essentially, the real name is Wodanaz...Or as we know him today...Satanas.

<https://en.wikipedia.org/wiki/Odin>

"In wider Germanic mythology and paganism, Odin was known in Old English as Wōden, in Old Saxon as W ōdan, and in Old High German as Wuotan or W ōtan, all stemming from the reconstructed Proto-Germanic theonym wōđanaz."

For those who know Germanic tongue, and how the A and O can change in dialects, we literally have the same sound. The vowels could even change, but the consonants do reveal it on their own as well.

"The pronunciation of such is /'wɔ:ðɑ.nɑz/." Or as we would speak it, W -a/o-dha-NaZ. The W or V, had become a S sound. Satanaz, basically. Or Satan.

This concludes what "SATAN" or "SATANAS" does actually mean and how it relates to

Odinism. There is no "Odinism", there is Satanism, and this name wasn't conjured by jews. It was stolen, because it was all over the world in a very obvious form.

For those who are under-educated and believe Satan to be some hostile entity, it's just the Father of the Race, Wodanaz, or Satanaz. Even these two names sound so strikingly close, in how we just speak them, even after corruption.

The jews hid this, because imagine if it wasn't coded. How could ever people go to church to curse Wodanaz, and their Ancient Father? The jews would have been killed in the open.

Essentially, the comic thing is that, SATANAZ or SATANAS is even closer to WOTANAZ than ODIN is to WOTANAZ.

Lastly let's not forget that for those of us to whom the Truth is known. We know that the Gods are basically, Ancient, existing entities.

Now, let's not forget what the jews write in regards to destroying and killing God. This was accomplished by demonizing the Old Gods, throwing them into "Hell", and imposing a Rabbi as a God and Savior to the people. Which is exactly what they have been doing with Christianity, with which they killed Paganism and destroyed all spiritual foundation in Society. And with Islam over the centuries. To murder the Real God of Gentile people.

From Protocol No 4, from the Protocols of the Elders of Zion:

"WE SHALL DESTROY GOD."

Didn't anyone notice that the jews have kept, run, brutally enforced Christianity and the faith in imaginary rabbis to our people? Butchering 2/3rds of all of them, for not 'accepting' Christianity? For it was said: Their plan is to destroy God. To attack Satan in the bible, to make him seem subservient, to destroy all notion of spirituality, and understanding.

Let's not forget the enemy of the jews is the White race. And Ha-Satan, or "The Adversary" in Hebrew, is Satan, or as you now know, Wodan. Who will fight a war of destroying them and their hoax, and has been, for thousands of years.

Why do the Jews want to extinct White people, and destroy them in the fastest way possible? Because "Satan is the White Devil" as we will hear from their pawns and many others. The facts are here. Basically, Satanism and Satan always stood in the mind of jews, for the White People, Paganism, and Gentiles at large. For the tenets and beliefs of such were... "Satanic" in nature.

All Ancient religions of the Gentile people, were labeled in the large term of "Satanism"

in the eras, and all these people exterminated. For what? Following the Ancient System in different forms. All such people, like the Yezidis who worshiped SHAITAN, are followed around to be exterminated off of the face of the planet, by the jews and their Abrahamic Radical programs and terrorist organizations like ISIL.

Lastly, as Carl Jung admitted. Adolf Hitler was in fact, a manifestation of the Power of Odin. Whom as we know by now, is Satan/Vatan.

“ When, for instance, the belief in the God Wotan vanished and nobody thought of him anymore, the phenomenon originally called Wotan remained; nothing changed but its name, as National Socialism has demonstrated on a grand scale. A collective movement consists of millions of individuals, each of whom shows the symptoms of Wotanism and proves thereby that Wotan in reality never died, but has retained his original vitality and autonomy. Our consciousness only imagines that it has lost its Gods; in reality they are still there and it only needs a certain general condition in order to bring them back in full force. ” – Dr. Carl Gustav Jung in a letter to Miguel Serrano

“Woden As Archetype – The Carl Jung Essay ”. The closing quote by Dr. Martin Heidegger from “Jung and the Volkisch Movement ” will just as nicely close out this post:

“The past of human existence as a whole is not a nothing, but that to which we always return when we have put down deep roots. But this return is not a passive acceptance of what has been, but its transmutation.”

The Transmutation is called now as we know it, Spiritual Satanism. Join us or be consumed by the jews- that's the motto of the future. Many people have been fighting for so long, at the wrong side, and against their own people, Ancient cultures, and Volk. Spiritual Satanism is the master key to regenerate this damage.

Names change, but always boil down to the same thing, no matter where we look. It's the same image of the Ancient and primordial battle against the forces of the enemy, and our forces.

The jews are at war with Satan, with Odin- with the Aryan Race. The Race of the Gods and the enlightened, against the beast and the ruiners of all existence, the jews.

Satan's Absolution Ritual

By High Priest Hooded Cobra 666

1. This Ritual is based on vibrating the Runes and making certain affirmations. Raising your energies before the Ritual is advised.
2. The Sigil that is provided is the point of focus where this Ritual is upon. It is this Sigil here.
3. The Runes that are done here, can be vibrated around the centre of the Sigil where the Shenu Protection Ring is. You can imagine this lighting up so much, like the Sun has a layer of light surrounding all of it.
4. Vibrate these Runes in a short version [ie, do not draw the runic vibration on a very big breath, especially for those who are new and can't do that many vibrations].
5. When you affirm that the curses etc are going back to their senders, it can help to imagine this.
6. The Ritual contains 160 Runic Vibrations, which is about 1 and a half circle of a Mala beads. If you can't do that many, reduce all the number of vibrations to 5.

Start by Vibrating the letters of the Runes and then affirming once the following:

Fehu x10

Lagur x10

Berkano x10

Then affirm:

*Lord Satan, Sanctified and Blessed is your Name
The blessed vowels and the blessed consonants,
Holiest of holies, the Great Pathway,
The loud, the hiss, the uprising, the sea, the silent.*

I call you by your Name and bless you with my Brothers and Sisters in Satan [affirm once]:

A, SAT, SATANAMA, SATANAS, SAT, A

Ansuz x10

Sowilo x10

Algiz x10

Then affirm:

*Tonight we lift all curses uttered against your Name,
We remove all sins that have falsely been sent to you,
Your Name is detached from corrupted notions, lies and slander,
Now and Permanently.*

[Focus on the Sigil willing this so]

Tiwaz x10

Sowilo x10

Thurisaz x10

Then affirm:

All sins and hostile energy sent against you Satan, is now sent to your enemies and those that have slandered you.

All hatred sent against your Name is backfired onto the Jews and those who alongside them have slandered your Holy Name.

[Focus on the Sigil willing this so]

Algiz x10

Sowilo x10

Berkano x10

Then affirm:

*You stand invincible like a thousand suns,
No evil can touch you.
Infinitely powerful is the Shenu around you,
bright like the Power of a thousand burning Suns.*

[Focus on the Sigil willing this so], THEN

Vibrate SAT x10 times, then

Vibrate SATYA x10 times, then

Vibrate SATANAMA x10 times, then

Vibrate SATANAS x10 times, then affirm 3 TIMES or 10 TIMES [your choice]:

ALL THIS IS WHAT YOU ARE OUR LORD, OUR BELOVED SATAN!

You stand invincible against all lies.

THE TRUTH ABOUT YOU IS SEEN PERMANENTLY BY ALL!

Then close the ritual with a HAIL SATAN
and say one time:

Satan's Power Is Supreme and Felt by All.

Ritual Notes:

सत् = SAT, real, true, truthful in Sanskrit

The Symbol that encapsulates the Sigil: [The Shen Ring](#), Egyptian Hieroglyphic language. The Shen also survived in Chinese tradition as a glyph for Spiritual Force, Divine Force, and God.

Satan's Psalm - Honoring Satan

By High Priest Hooded Cobra

The Satanic Psalms are prayers who are meant to both glorify the Gods whom they are directed to, but also open up the initiate to the spiritual forces that the Gods represent inside of them, for both self discovery and empowerment. These will grow our understanding, our bond and consciousness of the Gods. Every Psalm is to be done three times, from end to finish, for maximum effectiveness.

The Psalm is to be repeated 3 times. On the first time, you can read it mostly with your mind. The second time, read it with emotion. The third time, read it while strongly trying to comprehend everything mentioned in it.

**SATAN'S DAY RITUAL
DEC 21st to DEC 25th 2022
HAPPY SOLSTICE/YULE!**

By High Priest Hooded Cobra 666

Greetings to all of our Satanic Family,

Now that Yule is upon us and Father Satan's day arrives, it's a jolly time and a time to think of hopes, dreams and future aspirations.

Every year on this date we are reminded that the longest night of the year, as with any difficulty in existence, will always pass. Eventually, the light of day will be longer, progress and prosperity will come.

As Spiritual Satanists we are very happy on this date to give our glorification and positivity to our God who protects us all and takes care of our spiritual journey.

It's time to allow one's self to get into the hype, and get excited, to celebrate internally and even externally if circumstances allow. In time, everyone will be free and we will celebrate as we should.

Our collective spirit is most powerful. Let's show that!

This is a day of Satanic brotherhood, where we are to pour out our love, care and thanksgiving towards Father Satan Himself. It's His day, but as with everything that has to do with Father Satan, He is a giver and not a taker; we receive more than we can ever give.

We therefore as His followers must show him our appreciation inside of a world where still the beings in it are beneath understanding Him and His Eternal Truth.

In this year like the year before, and all years to come, we are going to come closer to our Father Satan and get to know Him better. Thinking in that spirit, we will do one Ritual and one Psalm towards Satan.

Other Demons will also get theirs in due time. Father Satan is the first to receive a prayer/psalm like this.

The word "Psalm" comes from the Ancient Greek "Psalmos" which means "sung prayer". We will not exactly sing, but we will vibrate, despite of the fact that Father Satan deserves all the songs in the planet and then some.

The Psalm is to be repeated 3 times. On the first time, you can read it mostly with your

mind. The second time, read it with emotion. The third time, read it while strongly trying to comprehend everything mentioned in it.

Let us celebrate and properly glorify our Father Satan!

Happy Yule everyone, and Happy Solstice!

Below, the Rituals Schedule:

21st. Satan's Power Ritual, Satan's Psalm 1
22nd. Satan's Power Ritual, Satan's Psalm 1
23rd. Satan's Power Ritual, Satan's Psalm 1
24th. Satan's Power Ritual, Satan's Psalm 1
25th. Satan's Power Ritual, Satan's Psalm 1

SATAN'S DAY RITUAL
23rd to 29th Of December 2021
Happy Yule Wishes!

By High Priest Hooded Cobra 666

Greetings to all of our Satanic Family,

Happy Yuletide to all of you.

For those who are new, remember, we celebrate the Yule time. It is a Pagan celebration [use the search function on the Satan Is God website, to study further]. The enemy attempting to force themselves into the holiday is irrelevant.

Ignore it and celebrate with family, people that you love, and remember: There is nothing that is a yearly celebration or spiritual knowledge, or something in our culture, that wasn't originally stolen from our Pagan origins. Even the Yule Tree, is an actual Pagan symbol, related to the Human Soul.

For Yule, read the following posts:

Satan Is God: Yule Season Page:

About December 23rd:

Satan And Yule: [viewtopic.php?f=5&t=13665](http://www.angelfire.com/empire/serpentis666/viewtopic.php?f=5&t=13665)

With the above related, looking back into this year, it was a beautiful year. For the Joy of Satan, it has been by far the most expansive and fruitful, with most of the agenda and works needed for this year being completed on time.

From a higher state of observation, despite of any hard times or hard work, we are still on top of everything. The Gods and Satan Himself are always in front of this, and we follow them loyally. That is the path of growth and advancement.

Putting all politics and nonsense aside, the 23rd is a good night to take a step back from all this nonsense that is ruling this world, and distance yourself. This is a day for Satan and not a day where we can pay attention to the well known nonsense of our world.

It's a good day to get in touch with Father Satan, and remember that for the True Satanists, Satan is always there in good or bad times.

Take a step back and think to yourself, how much you have advanced, and how from anything that life has thrown at you, you most likely have grown. Maybe we aren't on the end of our destination yet, but we are walking there. There is a joy in this type of walking.

Father Satan rules eternity, and that is reflected now in this Holiday. Of all the Holidays in the year, Satan has picked the day of remembrance for himself to be the longest night of the year.

Why, out of all these dates, has Satan, who is the Highest God, picked this day of the year to be the day that people go to Him and remember Him? Should it not be Spring? Is not Spring the most joyous time of the year?

The answer for this is that because it's in the deepest darkness is when the light has the most power, the most meaning. From the 23rd onwards, days get longer - hope gets longer, power gets longer. It is actually the darkest point in life and in existence out of which the moving upwards begins.

Despite of everyone here being a follower of Satan, or many other people before, and so many that will follow Satan after, there are many things in this mysterious and most beautiful God of ours that have not been understood. The heart does understand. Over the centuries, we lost the meanings related to the mind, but the heart is where we cannot experience amnesia.

Spiritual Satanism, or the JoS, or us all, for that liking, only now are coming again into our star and light. Satan is progressively rising out of the lies that have been said about Him.

In a thousand years from now, all of this here might be mainstream, maybe humanity will have changed. The Age of Aquarius is something that many cannot comprehend now. We just see little lights of it, once in a while, as the lights on the Yule Tree. Then these go off, and the chapters of the previous era of lies tries to again impose itself.

But that is a failed task to try to stop this, mandated so by the highest forces of this universe.

We saw the spring earlier than others. We have seen it, after all, long before. We received the first light, and it's important that we keep this light lit and powerful. In the coming spring, it will matter, but it won't matter as much as it does now.

Anyway, when I came to Satan many years ago, there was a lot of fuss about Satan. This and that was very common. For all the beings that have been hoaxed about, written lies about, and slandered, I don't think anyone has a higher position than Satan.

With logical research into this, we know that Satan's Name comes from Sanskrit Notions leading with Truth. On Satan's Page with Advanced Information, more of this will be revealed and it will be easy to be seen by all based on evidence.

Going deeper into this philosophy and application, I know this to be a fact to lead to Truth, but also the capacity to understand the Truth, since we humans need to spiritually advance to be able to see these notions. And what did this world and the enemy do? They cast this all down and turned everyone into an animal.

What is referred to by the above statement, you will also get a glimpse from this Ritual if you allow your mind to get into it. Many of you know it too, in heart, experiences and spiritual seeing. It's what draws people here.

Sometimes I question myself how it all came down to this. In the Age of Pisces, the rule of hoaxes, lies, nonsense, and infinite bullshit emotional hearsay has been a prevailing force and factor. The enemy timed their attack against Satan to be through this Age.

It never had to come down to this. But the interests of a few, the enemy, evil forces, and also a general bad time of downfall through the previous age, brought about this very situation.

Science and everything else that is a culture of debate or observes reality, has almost ceased to exist in the previous age. Even lower has sunk the culture of the Ancients which was about making spiritual research, opening the astral senses, etc. We have been told all of this is evil.

It feels great to sit on a state where you have been correct and everyone else has been wrong. Yet that is not the best state for advancing or helping other people, or the world in general. More than wanting to be right, we want to finally be recognized by this world, or at least, to be left be in our affairs if they believe that we are that "wrong" since we don't partake in the hoax making of the Judaists.

And why all this deception and lying took place? For their own particular interest, which was nothing of the interest of humanity or the rest of the world. They cast down all that was great, holy and spiritual, and anything that could help and advance humanity. For this reason, we saw in the recent past centuries one of the worst faces of this world that we escaped through by an inch.

This position and their constant attack on the Spiritual Culture of mankind could only make us adversaries.

Working for years in Satanism, many of us have seen that Satan and anything about Him is exactly the opposite of what the world claims.

I believe now it's the time for them to take all their "sins", slander, disinformation, and go home with it. They made it up so they must pay the price for this. The particular souls that created these lies, need to be punished. There was no need for these lies in the first place, and the world would have been better off without these hoaxes.

These dangerous lies have kept everyone back from Spiritually advancing and bred endless confusion. Alongside the slander for Father Satan, we have all the slander about meditation and everything of spiritual substance in this world. These came always from the same source.

In Satan we have found Truth, understanding, solace, help. I have not found nothing evil, by the common definition of evil. I have dived into the darkness and did not find darkness, but the contrary. I have found someone that answers my prayers, in Satan and in the Gods.

Due to the fact many souls cannot see higher than this, and elaborate false notions have been created to hide Satan's Power and glory from the average person, we need to sort out this situation now. One of the New Rituals that are arriving will be the Ritual that is posted below.

Satan's Name will be absolved now of all falsehood. To make matters stricter, those who made these hoaxes up, alongside their endless other transgressions and destruction towards the Higher Laws and Satan Himself, will receive this punishment that is deserving on them, included in this Ritual.

That way also everyone will be able to contact Satan easier. We can also look at this as a favour towards Father Satan and the Gods, a way of giving back.
