

## Between the Red Hammer and the Anvil

Numerous American cities are being destroyed by riots along with numerous American monuments now defaced and destroyed and numerous people killed and injured with businesses destroyed across America as the nation is exploding with Communist riots. The President of America fled to a bunker in the White House as Marxist mobs drove back Secret Service agents and attempted to storm the White House and kill the President. As Marxist mobs break into peoples homes and brutalize them and hold them hostage. We are living in interesting times. For those in the know, Wei-merica.

The situation is the riots are all planned. The buses stormed into the cities days before the riots occurred full of Black Lives Matter, red guard goons and Anti-Fa, Marxists. There were large mountains of bricks placed in all the riot areas before they even occurred. This was all done in advance with major planning and funding.

Videos show obviously Jewish Anti-Fa leaders on the ground of the riots paying and directing dumb thugs in violence. According to the reports done on Anti-Fa when unmasked and identified, they are always groups of racial Jews. Even the leader interviewed on Fox is a racial Jew. This is what the National Socialists noted in their day in Germany. The Jewish Communists always recruited the gangs, thugs and criminal elements in society to mobilize into a red battering ram in their violence. Anti-Fa is led by the officers of the American Communist Party, which is known to be funded by the Rockefellers and Rothschilds, according to a former member and organizer who blew the whistle. It's known that Jewish George Schwartz (Soros) funds Blacks Live Matter, which is an open Marxist terrorist organization that is behind numerous assassinations of police officers. Soros is also a front organizer and money Jew for the Rockefellers and Rothschilds. Soros' own son stated that his father told him everything he does is for his Jewishness.

The synagogue network came out in full. The Jewish run media organizations from CNN to the Jew York Times are all promoting the Communist riots across America. While Jewish politicians in charge of the cities order the police to stand down and let the riots get out of control. Even the Chabad rat, Kushner played Trump into taking no action for days while America was under total tribal assault. Kushner is at the top of the Jewish power structure and is a close associate of Soros. The network of Jewish infiltration into the American political structure has been able to collapse any response while opening the door from within for their fellow Jews on the street to lead the Marxist mobs into an attempted coup and

Marxist uprising. Is it obvious now why the Jews want to grab all the guns and destroy the Second Amendment.

America is now starting to experience the same levels of Judeo Bolshevik violence that Germany went through in the Weimar Republic.

All the Jewish media propaganda networks, papers and street leaders in one Jewish voice of Talmudic hatred are promoting one thing only in this: RACE WAR. This entire Marxist uprising is being done in the name of their Cultural Marxist narrative of anti-White hatred. This is the tragedy of South Africa coming to America. Where Jews funded and lead Marxist terror to destroy the White Race. Decades of Jewish Marxist subversion in America are taking effect. We are now living in the days that Commander Rockwell stated would come.
