

Exposing the Truth about the Afterlife

The Jewish "god" is just the Jewish race themselves, as stated right in their own high-level knowledge. The symbol of their "god", the Kabbalah tree, is just the three pillars, which are YHV. This is the actual spelling of their "god", which refers to the three main nadis, the left and right sides of the body, which the male and female nadis connect into the center pillar. The 33 pathways on the tree (daath is counted) are the energy systems in the spine leading to the crown. The 22 Hebrew letters are designed to ascend the energy of their "god" the leviathan to the crown.

So what about all the claims of going to magic heavenly realms to be with "god" after one passes on, which the Jews have told everyone in their Bible? Obviously this is a carrot and a stick to get the Goyim to serve the Jewish plan down here on earth. This is why many people stay in Christianity. They are looking for eternal assurance of something after they pass on.

The Jewish Rabbis, the leadership of Judaism, state the truth in their own Kabbalah texts. The soul goes to what they call Gilgul, which is reincarnation. That is all. The Rabbis know that the personality changes in the next life, with the subconscious undertones of the previous life coming into the play. The Rabbis also know about what they call the ladder of ascending and descending souls. This means that a soul on the lower rungs of the world tree will incarnate as spiritually weaker. The worlds are the chakra systems. The souls on the higher rungs, which are more ascended by spiritual practices, will incarnate and will be advanced in spiritual power. The work you do on the soul stays with you throughout lives.

The Rabbis know damn well what they have done to Gentiles by removing our spiritual knowledge. They have created a situation in which the Gentile souls are incarnated weaker and weaker, and thus at the mercy of the Jewish Rabbis who have stolen and altered this knowledge to work for their alien soul, so that they are in the dominant position on this planet. Part of this reason for the ascending soul in Kabbalah is to incarnate to bring about the Messiah, which is the global Jewish government. This is the admission of guilt. They are using spiritual knowledge to conqueror the Gentiles only. Following the Bible, it is damning the soul of the Gentiles to incarnate to simply serve the Jews.
