

Big Victory: Fauci Exposed as Proponent to the Global Pandemic

For those who have been following the news, we are scoring major victories. The enemy was planning the hearing and other legal judgments of Fauci, during their high holidays.

Fauci questioned on bankrolling/creating the virus -

The situation has really gone south with all this. From its start, it looked like a very good setup. Global pandemic, keep the media going, censor the internet, turn the West into a Communist Dystopia, keep Israel at the center, whatever.

As the situation manifested, most of it is actively and layer by layer being dismantled and backfiring. We are not yet to the full manifestation of this. But we will be in the next few years...

To the average person, this might look as yet another coincidence in the web of consistent jewish coincidences. According to them, their life being changing that drastically over the last years, was a "coincidence" or whatever of the sort. That is at this point only purposeful, self-inflicted, cognitive dissonance.

Or the result of literally not looking into anything at all. Generally, people without knowledge or questions have a lot of audacity. It never fails one to speak with an NPC and see how emotionally insistent they are on the fact that all of this is nice, and that it's going away "with our second dose". Now, they are already being set up for the 3rd, 4th dose.

Many people don't also understand this: Over this situation, the global economy is being reshaped. That is, except of the trillions that were literally printed out of nowhere to "Combat" this. That is a lot of money, more than people can even comprehend.

At the same rate, the West is undergoing "Shortages" during this. Part of this, is because of "Climate Change", which was reinforced by the changes and shortages that were created during the Pandemic. Many don't understand, but all this jewish circus we have been doing in the last 2 years, is about to come at humanity and affect human life with a vengeance.

Pleasantly so, jews like Fauci will insist that this damning situation is continued. They have no problem no matter how rampant it all goes. 3 masks on one's face, ineffective cures for the Lab Generated Co-Vid, infinite printing of money and therefore inflation, or the next decade with human beings literally being subjected to consistent violations of freedoms over literal nonsense
- all of it would be great for them.

How all of this situation will reflect on the wallets of people, is that the cost of living in many countries might rise very high - this means there will be a lot of hunger worldwide. The first wave hit people by the hundreds of millions.

In the mind of the enemy and other related goblins, since they are jews, to cause such a big globally disabling and confusing situation is natural - more so they perceive it as a situation to profit from. They don't care about the fallout of this. People like Fauci don't have any conscience, and they don't feel related to the people, nor they are part of the people.

Yes, they would affect the whole globe if necessary, to swindle everyone and profit off of everyone's backs. Globally. They wouldn't give a shit. They will crash this shit with no survivors if they are left to it, so long their shithole ancestral land

of Israel is to survive.

And the reason we are assembled here is to do psychic warfare with the powers of the Gods, to stop this. It has all went TOO FAR. And now since they want it to go that far, the RTRs will take it even further.

To go straight to the facts without having to explain everything to asleep NPCs again, the reason they put these important events on their jewish high holidays is because they want to enforce their agenda on these holidays where they have maximum energy and power. In this case, they wanted to bail out Fauci and protect him from a fallout.

Of course, Facebook, Twitter, Instagram, and all jewish media outlets, are covering this up for their champion. But the reality is, that he has been exposed as lying to Congress. While the chances are that the swamp will protect their goblin friend, this is a good thing to show to the masses in regards to this whole ordeal and how the roots of this go way deeper and darker.

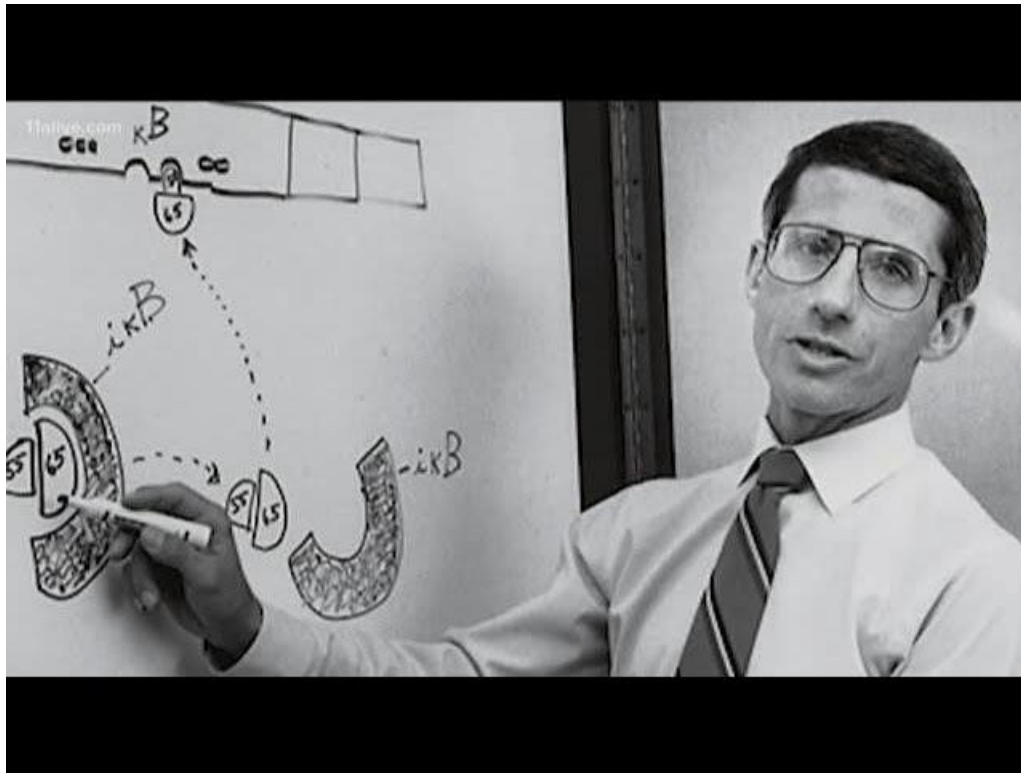

When this situation is logically inspected, none of it makes sense. You don't destroy your society over a situation such as this.

We need to go no further about what race Fauci belongs to, but his face. He is clearly of jewish descent. Except of this, he has been a very corrupted person for a very long time. For those who don't know, Fauci also helped spread the AIDS epidemic some decades ago, because again, he purposefully promoted and enforced a false lead into what causes, prevents, or would finally cure AIDS.

What happened when the AIDS was rampant? Well, those in power believed Fauci and others directly, scientists were shunned, and people were censored, like they do today. The pursuit of a bogus cure named "AZT" was promoted, that didn't really help cure AIDS or keep it at bay.

Regardless, the rhetoric was enforced violently. Since the disease had mostly to do with gay people at the time, they decided to go full on the lies without minding any cost.

What is happening today, is parallel to this situation a lot. You can see a video about this here, or further search online:

<https://youtu.be/J0UTqngnsuY>

Yet, this time it's global, and it involves everyone. Hundreds of millions are actively being abused to engage in medical decisions, everyone on the planet is fooled and lied to in regards to the source of the virus.

Whoever disagrees or has any other estimate, as it happened with AIDS and AZT, is called a scientific charlatan. Meanwhile, as in the case with AZT and AIDS, billions are funneled into nothingness or in treatments that will not work [in this case a vaccine] and everyone else is being blamed but the people responsible for creating this, let alone they are trying to escape justice for literally steering everyone into the direction of curing a manmade virus through fraudulent and ineffective vaccination technology.

Many people think these situations have never happened before, but they have. One example above is the AIDS situation. But these were regional and not that far-reaching as they are today. Since back then, those behind planning to use the Co-Vid situation or a similar situation for global reshaping, were not really on this level yet.

Nowadays, they have been. The Swine Flu was also another illness, which mobilized countries globally into a reaction. Yet, this time around, the Globalists [Jews] wanted to play this way harder, and they had the necessary aims and aspirations in place.

From anything that happened, Fauci literally walked away without ever having to give any explanation.

This time around, information came out, and it's clear that they have created the virus with Chinese Communists in a literal shithole of a lab in Wuhan. E-mails reveal that the scientists involved, and Fauci himself, knew that the virus was let loose out of there.

In regards to what "American" scientists are literally doing creating viruses with Billy Gates funding, of all places, in Communist China, which is the country that emerges as the enemy of the United States, one could easily speak of high treason. Certainly, we can argue that this was for scientific purposes, but of all places, why was this done in a shithole of a lab in Wuhan, is an alarming question.

Then they are like, alright alright, we left a virus from the Wuhan Institute of Virology out. Now please go do this vaccine that we mandate of you, to solve it. People do this and then they legitimately tell them to keep vaccinating because nothing is going to solve the situation.

Everyone with a functioning mind here, should really look at this situation for what it is. People have to rise up and stop this madness. How much worse could this go?

Think of this for a second. All the West lost 2 years of their life, almost all their rights, millions were left destitute, the economy was forced onto collapse, quite a few died, simply because the Jewish Goblin Fauci was playing around with viruses, which coincidentally were launched exactly after the powers that be have declared their "New World" agenda for the next decade.

Needless to say, whoever thinks this is a coincidence, is just in active cognitive dissonance. These things should be put to an end.

To begin with, the reality that this was created was disputed and people who said it might have been were called insane. Now, it's the evidence that points to the fact that these were created. Soon, it must be that people who believe it came "naturally" would be branded as insane.

Then, maybe it will be insane for people to actually tolerate these things and give them a constant "pass" every time something like this occurs?

Now, humanity will be tortured as a result. This is not something that happened by "chance". It has been caused, extended, and is made way worse than it would be by active players in global policy, and primarily, a strong core of Globalists and Jews.

Of course, here we go: jews are taking maximum advantage of this situation that jews have caused, as always, at the expense of the people.

Another thing many people don't know, is that Pfizer and Israel have an agreement [between Pfizer and the Country of Israel] to provide data in regards to the vaccination. In this agreement, there are clauses which mention two categories of vaccines...One is a placebo, a total blank. The other is the actual vaccine. Given the numbers of infections in Israel [they might lie], we could assume the following:

1. Either the vaccine is a total blank and useless to stop the spread of this virus
2. The vaccine cannot stop the emergence or transformation of the virus [because everyone is getting infected]
3. Or that...Israel is literally faking data.
4. Or more accurately, that in Israel, they are literally administering the placebo vaccines. Or even all of the above?

The Israel-Pfizer Agreement:

<https://web.archive.org/web/20210420041604/https://www.jpost.com/health-science/israel-to-sign-agreement-for-millions-more-pfizer-vaccines-665621>

For an array of articles on the subject:

<https://duckduckgo.com/?q=Israel+pfizer+data+agreement&t=newext&atb=v286-5&ia=web>

A vaccine that causes no inoculation can hardly be called or labeled as a vaccine. The idea behind vaccination is the permanent immunity of an individual. This vaccine causes nothing of this.

Everything here is not bad news either, as this means the same happens in many other places in the world. If one is forced to vaccinate, you might do a small working to fall onto the placebo dose. It appears many are literal placebo. In this case, one will literally feel nothing at all if they do it.

Regardless, many Nations, following upon this generalized schizophrenia [and because the JWO wants to impose itself], are going to follow this rhetoric to the end. Many Nations have already made agreements with Pfizer to keep administering more and more of this. Governments also clearly are lying about everything, refuse to take any liability, and will of course be wrestled by "Little Israel" to follow these dictates.

For those who don't know, Israel is ruled by Pluto. Pluto is the small planet. In Jewish Kabbalah, Jews are synonymous with the moon. The way they control and affect the world is through manipulation, conspiracies, lies and deception. They cannot run the world directly. All of this is of course reflected upon this situation.

Little shit Israel, and one goblin jew, with a few other globalists, are literally fucking up the whole Western World. This might sound incomprehensible, but with the amount of insidious conspiracy going on here and in general, that is very well possible. The whole "West" is being force to collapse to its foundations over this whole charade.

Yet, this is what jews cannot stand: Getting exposed and revealed. And this is at the all-time high. The more they enforce this agenda, the more the thinking elements of this planet will be evolving, and then, it's all going to backfire.

The magnitude of this lie, the violence it has brought in human lives worldwide, all of this, is setting the field as a beginning of the end for the enemy. It will happen slowly, and will occur when people will understand how they have been swindled and used like swine.

These individuals who made this virus have been exposed, and people of good consciousness have exposed them of being the creators of this "pandemic". As if this was not enough, they have decided to capitalize on fake treatments and mostly ineffective vaccines.

We have highly damaged them with this situation. Everyone here has the fuller view of the situation, none of this is really solely a pandemic, nor this is solely the subject of focus. We are exposing and dismantling spiritually the whole of the enemy, not only their particular agendas. But as they fall apart, these things are going to manifest strongly and each of their hoaxes and deceptions dismantled in their own right.

Clearly also, they have failed to impose the full run of their lies in the long-term, and it's all collapsing and falling onto them. Governments won't of course admit it, and many will insist down the way of errors. Indeed, this is exactly what should

happen, so that people worldwide become disillusioned completely over this reality.

We must insist on doing the RTRs, because their spiritual foundation has to break apart.
