

Goyims Are YOGINS

HP Hooded Cobra 666

Greetings to all our Comrades and Satanic People. If you pay close attention, I note the jews have a problem with Satan, who is the Father of the Gentiles, which the enemy calls "Goyim". The word Goyim in Hebrew means Animal, in a derogatory sense. The Goyim, contains the sounds and letters of the Hindu Yogin, except for the M. The N or M is irrelevant, as this doesn't have to do with anything, the sounds are very close indeed. What remains is:

YOGI

=

GOYI.

Just another mere lack of creativity and scorning of the kikes against us.

Now, their GREATEST ADVERSARY is Satan.

Satanama and the variations of Sat, these do raise the Serpent of Satan. In Sumerian, this means Eternal Truth. In all languages, the SA is very prominent. It's a word of reverence.

In Scythian, the Satan as if broken down, shows something very interesting. The letter S in Scythian means light. Sa means head, spear and such. Spear is allegorical in many texts for the head. It generally has to do with a "head" point. Spear is also allegorical to piercing the Crown in the texts, by the Kundalini Energy. Ta in Scythian means Human Collective. Na means Mother. The mother Goddess is the Kundalini. So we have Sa-Ta-Na-S. SATANAS could literally mean in Scythian, The Light (consciousness) reaches the crown in the Consciousness of all Humanity, reaching the Mother Consciousness. Plain out, Kundalini raised to the Crown. This again shows that Satan is AGAIN connected with our "emergence" and our Father God, or the one who gave us access to the Mother Goddess, which is the Kundalini. The Divine Goddess is also the Giver of Life in general.

In other Cultures, this means also exalted things. Satan and the other Gods of the Idolaters, are the "Enemies" and "Adversaries" of the jews. Satan is the Serpent in Eden, who helped make Man God. This was through the Spiritual Teachings and the "Forbidden knowledge". This is what the jews are about, destroying Humanity and keeping people from becoming Gods.

Another comment I have to state, is that in the Bible, the enemy openly states they are to destroy all the Nations of the Idolaters, and all Idolatry. Goyim also has to do with these "states", as in the plural form, Goyish are the Gentile Countries, Races and States. These "states" at the time where the Shitty Torah was written by the reptilian jewish offspring, were Pagan states.

States built around people ascending spiritually, culturally and in the Godhead. With a Religious tradition focused around making people into Godhead, in general. This is why in all the cores of these religions, whoever the "Gentile Tribes" were, you will all find the same center, Satan. The Ascent into Godhead was the first priority, or it should be. This is what the Plato's Republic is all about, with the Philosopher Kings. Here Plato yearns about a republic from his Ancestors pretty much, but even upward to his time, people followed the "Way of the Ancients" and their "Practices". And people actually built civilizations for this. Then, the jews came in to destroy everything and bring humanity into servitude and at the level of animals and worse.

The hatred of Kikes about Gentiles, how we live and simply because we exist, is evident. They want to destroy us simply for existing and being human. Their pseudo-religious programs are part of this. To degenerate Humanity to the point of no return. The hatred about the "Goyim" includes in it everything "Goyish", this includes our States. This evidently explains the subversive and parasitic attacks of the jew on our States and Nations.

Now this process of Godhead, involves Sexual Sacred Rites, Meditation, freeing the mind and the Soul from hang-ups and generally, living free from all these obstructions the jews reinforce and create, in a healthy and NATURAL manner. The enemy, bastardizing the meaning of those, supposedly goes against "physical" and "earthly" pleasures, but in fact, this teaching is a rip-off from the original rites, which actually are about transcending these things and not giving all your life into "pleasures", other than the Pleasure of Becoming a God. They were to be indulged nonetheless, as this is one essence to be Human.

Again, the enemy uses the methods of "unhealthy extremes" to appeal to the populace and base their putrid reptilian nonsense, with a stupid and uncreative way. This is what the jews have always been against, the Godhead and whoever helps us do it. The Father of this Process being Satan Himself. The Bible, which is the "Torah" or the Jewish Law, is against everything of such things. In other words, everything Pagan and Idololatric which leads to Godhead and Spiritual Power.

They are what Adolf Hitler called them, the element of all decay. They are literally, the embodiment of all death and decay, all that is evil and keeps people blind in nature. Their religions and their acts testify more than any statement in regards to that. The jewish plagues are always, to degenerate humanity into animal level, with the final aim of World Communism. Shackled Down to Servitude and physicality, in

a communist clump, unable to advance, this is how the jews intend you to be. An animal, living as in Communist, Racially mixed livestock, where everyone is made into a clump, equal, and can only parallel to emotionally, mentally and above all spiritually dead "animals".

So the Yogins, they become Goyims in their language.

From God consciousness, to an ANIMAL consciousness.

From Eternal Truth, Satan is turned to Adversary. This is what it means to them.

Satanas, Satanama, Yoga, All these words are from the Far East. These have Sanskrit roots, but they are still open words in India nowadays.

Literally, Gentiles are all Sons of Satan. The Rabbis know this. Also, they know how potentially dangerous we become when we are spiritually empowered, and how they will be realized as an alien element once we do. Therefore, their first and foremost job was to destroy the consciousness of People, so they would think they were the same. The Ancients knew what was up with them. .

Gentiles all had their mystical systems and Meditation systems, to reach Godhead. Therefore, they were all practicing the metaphysics of Union of the Soul. They were all "Yogins". Now, the enemy to attack this term, they made this Goyim, to mean the exact opposite in their language. Animal. "Goyim" (Yogin) all are of Satan's seed and their Souls come from the Satanic Spheres, Rabbis have stated.

Also, Satan, from King of ALL Spirituality and Goodness, the Master God, is put in their fairytale as the "source of all evil" and the list goes...They are just reversing whatever they are and do, and whatever their alien lackeys are, to Our Primordial Gods and our Cultures. And whatever they themselves are, they project to us. Its 1-1, equals 0. So easy. Just reversals, stealings and re-arrangements of what we had and were.

In the East, you see Shiva (Satan is Shiva) is the ADIYOGI. The First Yogi is what this means literally. The First "Yogi" Humanity has known. The Yoga Science is to follow the path of this. The first to Teach us and Understand Yoga. The union of the Soul and the Holy Science. In the same thinking, Satan is also the "First Gentile" who descended down this Culture of the Gods to us, so we can follow them. The first and most fierce opponent of the enemy, who wants you all enslaved and like animals.

Don't be a GOYIM, Be a YOGIN.

Be a Yogi and Follow the Satan, the Father God of all Gentiles, who taught us the meditations and the means to exalt ourselves.
