Since the "Goyim know" and they can't "SHUT IT DOWN"...They are basically admitting to doing internet warfare to people, just because they have the right to free speech and because they can't get it down outright and kill you or put you in a Gulag as they would do in their lovely Communist Paradise of the USSR. This is so unjust really. Why can the Goyim still talk, buy and exchange and have an opinion? Just, why? According to Rabbinical Literature you are nothing but an animal to the jews. An animal shouldn't be able to judge, exact opinion and ovey, react against their ultimate universal masters. Right, this is you, "Goyim" and your self-appointed masters are the Jews and the Jewish Race. Because they said it.

Or why not even outright kill those against them and sacrifice them to "YHVH" as the Talmud and Torah [Highest Holy Books of Jews] dictate. It's done every now and then anyway.

The jew hates freedom. They hate you too. They hate it when you even speak. They don't want to be questioned, judged or criticized, as they are above the law, any law, above everyone else, above your countries and above everything. Of course, in some countries where their hold is total, you can end up in jail or worse for just questioning them on anything. Who cares about laws, free speech, your rights and your rights to even exist and think for yourself, when this has to do with the Cheezen of "G-D"?
