Jew Reveals the Jewish Plan on Microchipping the 'Goyim' Populace.

Just look at this psychotic, insane, neurotic and aggressive jew. He also reveals the plans to the Goyim, as to play the "savior" to them of course. Nobody could have said it better than a jew himself. He just relates you to the plan of the Yids.

Just watch this arrogant kike, playing the "Exposing" part of what its jewish ancestors came up with, want to materialize, and now they supposedly defend the stupid "Goyim" from.

Because, "God forbid" (The jewish god of course, who is JHVH and who is the collective of the jewish beings/race/aliens), they will inform you "prophetically" about what they... themselves caused and invented. And are creating by the "Torah".

Two sided games, as always. On one hand, the jewish "JHVH" plays the bad guy. The jewish spawns play the intermediates in all levels. The Goyim watch, and await for the "jewish savior" to save them... From what the jews have caused them and are causing to them.

Goyims (animals in Hebrew)... Wake up, before it's too late.

How about, we do some very ruthless Reversal Torah Workings, to save the World from this pestilence?
