Dear Brothers, Sisters and Comrades.

We are now facing against a most important turn of our battle against the enemy. This is where nobody must rest, but everyone must relentlessly and mercilessly keep attacking the enemy. The Powers of Hell demand it as such. Things are to where the jews have been relentlessly drinking our blood for centuries, countless souls have perished and suffered from their actions. Satan, inside this cruel jewish world, has given us peace. Satan, inside all this, has stood by us, a failing Humanity, with never ending loyalty in his vision to save us from this low level of being. Satan has been mercilessly dedicated in getting us rid of our enemies, giving us knowledge, protecting us, guiding us and making us better every day. Satan has personally touched many here, deep within their Soul. Satan has been overseeing us, Satan protected us, Satan placed his faith in us unwaveringly when even the strongest of hearts have faltered away. This is not a time to rest, this is a time to attack. We have a valuable opportunity now to help this world and get rid of the jewish cancer that has been plaguing every nation and has infected any Soul for hundreds of years.

For those who have quite advanced in the Path and spiritually and are seeking themselves, witnessing Satan's Gift, the Serpent, for those who have become more powerful or just escaped from the depression of the enemy, to those who just recently joined Him, He requires you to fight. Fight Mercilessly and execute Justice by all Spiritual means. For every murdered Soul, for every child they have tortured, for each and every of these Ancient Gentile Souls that perished under the jewish sword, you must fight. You are the ones that have touched the Truth and history is not going to place the weight on anyone else's back. The enemy has been attacking us relentlessly, they seek nothing less than our death.

Do they know who they are messing with? Do they know whose Kingdom they dared touch? They touch the Souls of the Children of Satan? They dare go against the one whose name is Truth and nothing less? They dare go against the

giver of Truth, Peace and Enlightenment? The King of Knowledge? They dare go against Satan and Satanists?

You must show them. You must give yourself the satisfaction of destroying our enemies. Destroying those who are right now, as you read, destroying whole nations, whole peoples, the ones who are bringing the ever-looming darkness and destruction to this planet and world.

I want you to raise yourself. I want you to become Gods in your own right. That's my demand and that should be your demand. Nothing less. Only more. How can someone deny such gift? Nobody is allowed to throw the Truth out of their sight, and nobody is allowed to blaspheme Father Satan. For all he did for our Ancestors, for all the civilization he created, for all the help we have personally received, we must help him and show him that we are here for Him. We must show that we were, are and will forever be at service. Not because he requires it as so, but because His heart is so pure and beautiful that He wills for nothing but our own prosperity, peace and strength for this planet and His creation. This shows loyalty to Him and ourselves.

The enemy has made their army of liars, their thousands of agents, their millions of slaves. We have a few thousands of those who will be Gods. We have a few thousand Souls who are to ascend where Human beings haven't ascended in thousands of Years. The enemy has tyranny, we have freedom and joy, a life worth living for every being. We have a vision, we have an aim, we have an awareness of Justice and we are to execute Justice. We have faith. We have never ending faith. Not in any way a blind faith, but a proven and strong faith. We have faith in our vision. Faith in ourselves. Faith in that Humanity is more than this. Faith in that we are to execute justice. Faith in Truth.

This is the time where you must take all of your comrades in arms. We will fight until the end. Nobody is allowed to falter, nobody's heart is allowed to get weak, nobody's mind allowed to wander to lies! You are only allowed to become, to strive, to live and to be happy. You are awake and for that reason, reality calls us all in to fight the tyrants of Humanity, its oppressors and its destroyers. Without us fighting, this world will fall into darkness and despair. IF everyone does their purpose, we will see again the Golden Age of Humanity. Do not deny your calling. Nobody knows how to fight like you, like us. Nobody has caused what has been caused in simply a matter of years to these parasitic jewish race. **YOU MUST KEEP ON! MERCILESSLY, LOYALLY, IN DEDICATION TO SATAN!**

Show the enemy that we are here and we have won. Mercilessly launch your curses. Let hatred flow into your veins for everything and anything they have committed against you. For every moment of suffering they caused, by hiding the Truth. For every innocent person suffering, due to their teaching. For any animal and any other form of life that has been tortured and put to shame, due to their actions. For every Soul that is suffering, you are their voice. For every Ancestor who wants revenge, for anyone who hasn't reached the Truth, stand up for them. Fight on and destroy the enemy. Set the World free.

Until the next Reversing Ritual, let's all curse the enemy daily. Let's make them fear so much, let's punish them, let them see the Satanic Retribution. Let's bring in reality what they are most afraid: Justice. Bring them the death in all levels that they seek to bring upon you. Let's all stand as a united army and obliterate the enemy to the last one, as they seek to obliterate all of us for so long. Your spiritual weapons are here, Use them:
