

Now the Shills Try to Change Boats...

If you pay attention around, the shills are now step by step trying to admit that the 'alt-right' was a hoax. Jumping around statement by statement, evading thing after thing, they try to state that they didn't help the jewcy Trump to get in power, or misguide their own White people into xian, pseudo-NS, bullshit territory. Like they didn't know earlier. Shizz happenz mate... Sowry!! Which is exactly what they did, because they are cucks and they are on one foot in the jewish crap, and on the other they make big talks about Hitler.

They are not idiots. They want to keep their position for when Jewcy will not come up to be the "God Empurur" that he was promised. So they are just trying to be one step ahead, and still shill in a different way. Shilling divisionism.

Playing Rabbi Lawyer, they try to evade the fact that they promoted Trump like there was no tomorrow, and misguided ALL White people into thinking this jewish (at least to a decent percent blooded), shabbos ranking, idiotic TV Persona, is like the savior of our Race. "Hail Trump!" have been some of the funny quotes they say. The jewish shlomo, ass licking persona, is now hailed as Hitler.

What a most major disgrace to Hitler, to be equated with this idiotic jewish slave?

So we went from this, into Rabbi Lawyer mode, and expect many others to do the same thing, such as Alex Jones. When people will see that the "White Savior" did absolutely nothing and is a shill (it will be fairly evident), the masses will be confronted with the reality of yet another jewish backstab. We can use this all to our advantage, as we have stated again and again on the Trumpey JWO plan. Good jews, or bad jews, must be rejected accordingly, because they are all ONE.

Suddenly many news sites, went from "Pro Hitler and Anti Jewish", to "Pro Trump, Anti Jewish and then, we make a post about Hitler once a month", just trying to funnel attention and deliver it elsewhere. This misguided everyone purposefully. Then, we have the other thing they all do: Relentless pushing of xianity.

Xianity is the spirit that deteriorates the Racial sense, the racial feeling, and above all, fills the Soul with darkness and spiritual muck. Without roots that are Pagan (Satanic), the White Race is going nowhere, and everyone will be incapable to band together, fight together, and ward off the jewish influences that are spiritual to the core.

The Shills are very simple minded, except of their ability to be cunning and lie like a Rabbi. Otherwise, the Shills are very obvious. For one, the Shill wants to, at all costs, and at all expenses, to maintain their position. This you will see in years down, as Alex Jones will backstab Trump, and by 2020, the diet supplement master Alex Jones will be actually...Voting Hitler or something. As for the alt-right cucks,

who have openly stated they are the new left, and made Milo Yiannopoulos their God and savior, underdog God of "Emperor Trump", after the feast and party was over, now they see where this is going. Many are shills and they will never change, others will not admit they have been fooled, or that they are outright shills.

This is all in the spirit of controlling revolutions, so that these never happen. You can see this on the fraud media of these people, who would rather glorify and do mental gymnastics of Rabbi Jewsus, rather than play along and listen to the hardcore hard-liners, who have been in this game and carrying on successfully, like us here.

What all the enemy does know, is that this 'movement' has to be controlled, and many of these people are 'in the know' and this is exactly what they are doing. The first and foremost shilling method is the denial of the spiritual foundation of this movement, which is becoming widely known. The NS is by nature a Satanic, Satanist only, movement, at least at the top and at the initiators, or the wise ones. The rest can take as many 'half blue, half red' pills they want from Alex Jones, or race mixer Anglin (Who made his website from an "NS shore" into the kingdom of the Trump, Alt-Right), or some other shill, but the hallucinogenics will not last for ever.

The White Race will be forced to seek the Truth, and I work for, and hope for, that this will NOT be too late.

As the path for our domination opens, many will be those who have been agents, misdirectors and all sorts of other garbage, that always turned the wheel away from the interests of the White Race, or the NS in general. This also includes the spiritual department. The party of the jewish agents like A Veil On, sorry I meant Evalion, or others who are meant to be in the psych ward and say "We are to accept the Jews and co-operate with them in a divine plan", pseudo crapsters, will be all trampled under feet. When the Anti-Christ comes, wether the xian sheep, halfists, and half awakes like it or not, there will be no half blue and half red pill. This is because mainly, by that time, many masks will have fallen.

So my note to the shills is that. Enjoy your fruits while you have the time, because when the 'real movements' will come along, you will meet with anguish, pain, hatred, and your 'a veil on' isn't going to work anymore. You will be crucified upon a pole, like the Jewsus that you so feverishly promote and shill for.
