

Racial Worry and Freakout - Stopping it Forever

HP Hooded Cobra 666

October 22, 2015

Greetings to everyone of our Comrades and Family.

I see you are all overly worried, so I have to solve some matters for you. You have to understand, that no matter your Race, you are now following the Dharmic path of Satan. This gives you access to Satanic knowledge, which in turn gives you access to Godhead and every other evolved and advanced capability. While your Race is where you begin, you can get anywhere you set your mind to, in the given you take this opened door that was opened for you, and tread the necessary way. Satan opens the door and hands you the backpack. The trip is inside your Soul and He will guide you, so will His Demons.

Also, to whomever is not White, do NOT assume automatically that "Only Whites _insert gift here_ possess this". To centralize around these things and worry needlessly whenever you see Racial pride of anybody, is entirely JEWISH. People are taught to self hate themselves, their Race, their existence and life. So when someone says publicly that they love themselves, they are automatically an egopath. The same goes for Race and the list goes... Do not tie into this stupid jewish mess.

Everyone has gifts, but how large scale these will come "evident" in their Race, depends on the whole of the Racial development. A Genius can happen, of course. Genius of many kinds and sources, occurs in all Gentile Races. But for many Geniuses to happen, this has to be made into Eugenics. Geniuses do not only contain math, chemistry, computers, what have you. There are hundreds of ways to be exceptional and a Genius. One can be an exceptional family leader. There are so many things that the jewish system has squashed, but without these, civilization collapses. The jews know this entirely, so they enforce all sorts of unnatural dribble to people, to drive them insane.

The spiritual means can help yourself bring out the best of yourselves and Races, to the point you yourself can become far, far, far greater than what your "Race" is supposed to be. Racially, the baseline is set at some point. Whatever it is. This gets raised by the effort of the stronger elements of the Race, which many times are far beyond what the others are. Then, you have personal genius and prominent people of the Races, who might be exceptionally more intelligent and advanced from the other Race. This is another cast. But still belongs in the

Race. It doesn't mean that the same laws and judgements, apply to them too, simply because, some people are far higher. These individualities are not THAT many and they do not come in all Races at the same quantity and as commonly, but they happen. Thinking "against the cattle" and also finding the Dharmic way are two very prominent points that someone is really beyond others, who are sheepling out consciously or not.

Also, between Satanists, we have OTHER measures of judgments about all these. We are standing here as the leading caste of people of our Race, not just as mere idiots. This doesn't occur automatically with a magick wand after dedication, it occurs by lifetimes of labor and work. Its normal that you are far more elevated than your Race, to the point you might feel totally unrelated to others or something. Especially the Old Satanic Souls, you will possess gifts and strengths that others simply do not. That doesn't mean you are separate of your Race, you are always your Race, but you are far more ahead.

For instance, your average Middle Eastern, okay, they may be an Islamic horde at this moment, but I know that we have many strong Arabian and Middle Eastern blooded members, who actually follow their Ancestor's way to greatness. Obviously, when you become well versed in Satanism, you automatically enter on a higher hierarchy. While you may be Chinese or Arab for instance, you are not just ANY Arab/Asian/Black/White, neither should you judge yourself that way. Don't get lost in this fog. Satanism is about individuality. Also, no matter who you are, unless you do something about it with everyone else to get the jews out of the way, which are the obstacle of everyone, that is- to advance your Race by solving the Global Problem and so forth...You aren't doing many things.

Satanism does NOT place limits on personal evolution. Like Tibetans or others that rose highly, you can do the same. You are not obstructed by where you begin as you carry your powers throughout lifetimes. But Races can be fairly limited. I know many Blacks for instance feel horrible about the conditions of their Black people. I too am very displeased on the way they act and the way they are used by the Jews. But this includes everyone. Also, strength or weakness is a term that has many "fluctuations" in it. There may be exceptional individuals that simply, they are never discovered, or they cannot survive because they fall into bad circumstances. Thus, they never arise. When people have the chance, and all Gentiles did, they showed they all had greatness. I do not need to mention the innumerable Achievements of the Gentile Races. We all here know.

The thing about "Racial Superiority" is based on this baseline. It doesn't mean that all Whites are better than for instance, let's say, a Risen to Godhead Tibetan. This is nonsense and you cannot compare things that are different. A White person who is ascended is obviously higher than those of his Race, and

probably, a totally different person of a different hierarchy. Though Whites have struggled for thousands of years, to keep their "Racial Baseline" high, by contribution. The Chinese and others did the same, but the enemy had many chances to wipe them out. Take for instance the 100 MILLIONS OF MAO ZE DONG. He killed the greatest Chinese intelligentsia, the strongest of the Chinese people and the Spiritual Leaders, to impose communism. In the same sense, many of the greatest people are gone, from all the Races, thanks to the Jews.

The Jews always put someone in their target. First, they targeted the Sumerians, Egyptians and Babylonians, Romans etc. The core of most of these people was around their "Aryan" roots, from far far back in time. They simply wiped out all Races who were Pagans, but the one that still kept "Escaping" them was the "White Race" in broad, nowadays terms, with which they had a very big problem. The Jews wanted not only to destroy religions, but to genocide the peoples, as they did with everyone who went down this path. They are pissed off that the "Races" who practiced all these things, are around and alive. They don't want solely the culture gone, as this can re-emerge, as in Nazi Germany. They want the people destroyed. Then, the Chinese and the Japanese and the Middle Eastern, they attacked fiercely, same with India which they undermined from within. The Whites though have had the most brutal upbringings about the kikes, the longest time of "Escaping" them and even after the Middle Ages, Mongol invasion (I strongly suspect this was driven out by the kikes), the Whites still kept going and fucking up the Jew, same with other peoples who have had blood from them, with the capstone of it being Hitler, our Hero, who revealed again the Jewish Problem. They hate them for obvious reasons. Also, people from ALL Gentile Races joined forces with Hitler for a reason. Someone has to light the fire, others have to keep it up, others have to put the coal and the wood inside... Everyone has something to do.

If we do not, Gentlemen and Dear Ladies, We are DOOMED. Doomed beyond your wildest imagination.

I know for instance how many of you are disgusted by the circumstances of your Race. That doesn't make your Race inferior and it shouldn't be the way you judge matters about yourself. Since you can see this degeneration, you are obviously above this degeneration. Your Race can be wherever. You are here worshipping the Old Gods and reconstructing your Greatness. Through you, your people can wake up. The Joy of Satan spreads the Truth everywhere. This adjusts Racially on its own, and people get their way up again towards evolution. Where de-evolution reigns, all the necessary circumstances for Jews to rule, come up in the game. You can't judge and see yourself as the average Joe, or feel bad about the problems of the average, Xian Marxist Joe of your Race. This should be evident, but due to fear and insecurity, plus the Jewish propaganda, you all got

worried out of control. Again, this isn't brought by some feeling or "birthright". These are lifetimes of labor and spiritual advancement talking, or any other sort of labor.

Nobody limits you on where you will be personally, but YOURSELF and your choices. Nobody of any other Race came in to "halt" you and this is all jew-crap. The jews are the only Race on the planet, who on a Racial basis, suppresses EVERYONE else. They really want you to die for being non Jews, or to be enslaved. They are the ones who invented the "Master Race" idea, deranging the idea of the "Leader Races" who actually were the ones who passed us down the Spiritual Knowledge so we could advance. The jews wanted to steal their place, and this is why they project this as they do. This is projected to Whites and anyone else, and what happened recently here shows that they have done a very deep work in ingraining and drumming to people bad and evil things about the White Race.

Satan is White. Satan helps you and advances you. Satan loves you. What is there more to state? We are Children of Satan, in the Dharmic Path. This is where you have the freedom to advance and define where YOU will be sitting on the ladder, by your work and effort.

So in closing, you have to realize the mistakes of your Race and its weaknesses but also strengths, no matter where you are or where you stand. In other words, do NOT grow offended over who you are. Since you are here, you have surpassed the weakness and brainwashing your people have underwent. You are of ANOTHER caste than them, and you are going higher in the Satanic path. In other words, you are recovering the lost greatness of your Race. And never, NEVER, did Gentiles who were Spiritually developed, under the Gods, take needless and senseless fight with one another. This simply never happens because then, Humanity is higher than what it is now, irrespectively of where "Races" and these individuals are. Competition such as this gross competition stops. Other things begin.

For instance, at the time of the Greek Philosopher Plato, the downfall of people has already begun. While Plato stands as a honorary Aryan Racial proof, others have descended down. The same applies to everyone. Obviously, these people were totally different than the other ones of their "Race" and "Time", after much degeneration. They were the Children of the Gods. Others were whatever else. You have to understand this defining line.

Long story short... Where YOU will be, depends upon YOU and YOUR effort and LABOR, spiritually.

People due to personally feeling obliged to feel inferior or something, they jumped on the band wagon to blame their Races or themselves, projecting on all sides their own fears and weaknesses and logical errors which the Jew created. The Jew again sits on the corner and laughs, because they have caused so much confusion. Well they do not laugh since our recent Torah Rituals. They laugh with bleeding mouths. But in any way.

I was very happy to see that it become "unearthed" so to say, so that the mentality of the people will be cleansed of fears.

We are Brothers and Sisters under Truth here. Despite of everything, we do what we do. We have other standards of judgement and we are here in a Community. Our judgement is different, but we know the Eternal Laws and we follow them nonetheless. We abide by them, to continue what is Natural, but also, be aware that the supernatural is what it is. What defines us is that we follow the Dharmic Path. What we say about Race, is because this is part of the Dharmic Path, then also, the Natural way of existence and the laws that exist. From this and forward, we are on a personal journey, and we are able to form things as we desire. Learn to take this as it should be taken, not as a silly excuse to excuse whatever, self blame yourself, guillify yourself, your Race etc etc. Don't blame the Sun for being the Sun. It is, what it is. Now, advance and become mighty.

Also, never forget, we have been ruthlessly attacked. Evidence shows everyone fell under attacks of the Jews and the Reptilians. The first thing they did was to turn the Races against one another, and cause all sorts of dismay, death, hatred and murder. They were behind the scenes managing it. Others Races they halted completely, others they couldn't entirely, others they destroyed in far more cunning ways or through the "Strongest" of each time, and the list goes on.

Satan wants us all to advance, as Humanity did in the Golden Age. Everyone did Advance and there wasn't the need of stupid warfare. Everyone had their position and they were moving towards eternity. And obviously, Individuality IS individuality in Satanism. You are where you are. But the individual doesn't exist without the Race, so this has to be understood, that you are always a part of your Race.

Now last but not least, we have LABOR. Everything Great, including the Great Races of the World, got created by LABOR. The beautiful and strong people you see all over the World, their manifold Creations and everything else, the Pyramids, the Ziggurats, ALL LABOR. Everything comes from Labor and working against decaying forces such as the Jewish forces. We Gentiles are together in defeating these forces, while remaining separated and completing Satan's Intention on our existence, which is the Godhead. All advancement. People

labored to advance to get where they are. The people you see and the Races you see got created after hundreds of years of struggling and labor. The enemy knows this and this is why they practice Eugenics and have their Racial castes. Who you are, is not some fancy "choice of God" but the "choice" of what you did in your prior lifetimes, what your people did as in Advancing their Race and the list goes on and on.

Complaining over "emotional" things doesn't solve this. You will not levitate by crying about it, flaming your Race, blaming your parents, your mommy or anyone else. You will also not advance by listening to the jews about the Evil White, or Arab, or whomever else other "Race" and damning what is Superior to yourself, or crushing the inferior. This is what the Dharmic Path is about. Spiritual Labor. You cannot complain if you never lift weights, about not being a bodybuilder or having the strength of someone. No matter where you begin, the Human mind has the power to push things even further. Yes, the jew might tell you that you were SUPPOSED to have something, the jew might point out that others have had better "racial" DNA when it comes to bodybuilding and lead you to hate them, and if you are foolish to believe, you start making up a bizarre reality of "birthrights" and anything else that keeps you all day CRYING and not ADVANCING. The sickly complexified, afraid and judaic oriented mind, of the lazy slave, will sit all day long to find reasons for being what it is. They will try to make the sky to be red, because they don't like blue and because the jews told them that the sky must be red. I give you the only reason of this insanity: Jews.

The Truth is even the most pure and powerful being, if they do not devote themselves to something, they weaken, frail out and die. The labor, if not continued, falls into decay and death. Simply, Nature's laws. We are at a universe where things work in a certain way. Nature distinguishes things in a way of Her Wisdom. And I trust her Wisdom and Satan's Wisdom. The one I do not trust, is the monster breeder, the jew, because he is the embodiment of ALL evil. The Races of the Gods are superior and exalted because they enjoy the fruit of millions of years of such "labor". They also endlessly continue it.

We are at a Race with the decaying and destroying forces of existence. We have to take this together, but remain separated to reach the climax of Satan's intention. We all have to become our own individual and Racially Individual Blueprint. Satan equally spread the means for fighting to all the Races all over the World. Whomever decided and what their decisions and actions were, this was up to them, because YES, unlike what the enemy states, we do possess free Will. You can cry about not being able to dig a hole if you don't have a shovel. Satan gave us this shovel. Whomever used it, how much and how this escalated in the millennia, this is another thing. Nothing is "predetermined" as in what the kikes claim. Satan is dogmatically AGAINST this and He always was,

even in the Bible. Satan rebelled and prevailed against all the “predestined” Torah crap.

Lastly, the jews are not "Human". They are "humanoid". No other Race lacks so many things as the jews lack, cause so much evil such as the jews have caused, and the list goes endless. You will see them by their work, that's all that must be stated.

It's the Divine Duty of Satanists, to set our Racial Families free of the jewish cancers, advance ourselves and recreate/recover the Lost Blood and Gifts of the Gods. To develop what exists, existed and will exist. This involves everyone, everyone counts, and everyone has a bright future. Its a matter of choice. Others are just victims of circumstance, you are having a choice. Therefore, you are on another path than them. Others can just sit down and complain, but you can do something about what concerns you. Others can cry about the jews, we can deal with the issue spiritually, and save the World. That simple. The one who robbed the choice of people for this, is the jew. He robbed EVERYTHING from you, let alone your Spiritual Rights.

You are with Satan and the Gods. You are dedicated, on the Dharmic Path. But to really be, you have to walk. You have made a choice, maybe not fully, but that is to adhere Truth. No matter what pains, joys and dissolutions this might bring, one has to persist. The Truth is the most beautiful thing ever. She shrouds everyone who listens to her, no different than Nature. We all might face suffering by accepting Truths, but when we rise, like Osiris, we return from the Dead and then Defeat the Darkness. Choose Truth, struggle to elevate yourself and to find it, then elevate yourself to it. When you do, spread it like the Sun gives life-giving light. And become an ever greater star. Whomever is aligned with Truth, is irrespectively, eternal.
