Anti-christ except of our all-important leader, is something else too. The term as well refers to you, me, all of us individually. We are in a sense an antithesis to the enemy. Thus, Anti-christs. We are the saviors of both ourselves and Mankind. The savior you expect is here, is yourself.

While I agree with Sven, Hitler did not have a team, but anybody else in the state working for the cause. All must save themselves thus heal the world.

*We cannot just sit and wait for the anti-christ (Leader of the gentiles) to show up and make everything better. We have plenty to do ourselves in order to help. As it has been said before, Hitler did not fix Germany all by himself. He had a team of people working hard. We still have to fight. We are a part of this catalyst for change.*

*I wonder by curiosity if any High priest/ess knows around what year of the Aquarius Age a Savior of humankind will appear and start maybe a 4rd Reich and change the world for good since we entered the Age of man and the Age of good changes?*
