

Satan Has Defeated the Jewish "god"

HP Hooded Cobra 666

[April 05, 2015](#)

We as Satanists can defeat the enemy. You must know this beyond any doubt. The enemy tries to shit people that they will somehow cling on or whatever of that nature. This is a lie. Their so called "reign" is just as questionable and just as able to be destroyed as anything else. You need to open up your mind and understand this. The enemy has tried and always tries to convince everyone that they are somehow the "ruling" authority, which is a lie. They aren't a ruling authority, they are a slaver authority that is short lived and only lasted few hundreds of years, while the cultures of all Gentile Races more or less lasted tens of thousands of years in their respective regions. The enemy knows how to rant and rave or show off, but they forget some things.

In fact though, the enemy is totally aware of their parasitic existence down here. There are things they never actually forget, as the days they were persecuted and chased off out of every town and every civilization. With the same unending hatred and awareness, they infiltrate and destroy our present time civilization. That's why the jews show off so much, or try to convince us so hard. They know and remember that they are in the bottom of this chain of that which we call reality and that they are living trash, full of diseases, mental and spiritual, in actuality the real slave Race and the infidel "Race". They aren't part of this beautiful world, so they try to morph this world into their disgusting image, so they can blend in. That's why they have a fetish for trying to enslave anyone else. They are the inferiors and you need to understand this, but also comprehend it and get it across your brains. At the same time though, they are a supremely strong parasite. Supremely strong is an understatement, as more or less, they simply don't give up. To underestimate such beings would be a death wish. The jews rant and rave about all the Races they have brought to death over these hundreds of years, and this shows they are entirely aware of the Racial Warfare they are inciting and they are orchestrating. That's why they are focused onto distracting people, making people overtly focused on the wrong directions and pay all their fortune in either hiding themselves or dismissing the Truth that they are the only and one SOURCE of any EVIL that plagues this world. They can only survive and thrive as people are ignorant of their existence, but nowadays this is impossible, thanks to WWW=666, which is of Satan and has served the Truth well.

The enemy knows of the Greatness of our Gods and the Greatness of the Gentile peoples, all in their respective areas of expertise. They know this damn well. They know we have the capability to create a global peaceful community,

that we can explore the stars, live in the higher levels or whatever. But they also know, as they have studied, all human weakness. They are exploiting weakness. They exploit that you are all in lies and chains spiritually. Satan frees us spiritually and this is why they want to "destroy god" as they state in their Talmudic books. This is their purpose. Without our Gods, in that time and age, there are few things that can be done. With our Gods, we can remember and reach completion. The jews force people to understand themselves from an external reality, ie, define themselves through the system the kikes have created and are currently ruling. The Truth of the Blood is where their fear strikes this end, that's why they always want to erase this.

When man looks within, no matter who or from what Gentile Race, they will see creation, bravery and Truth within them. They will see their ties to the Gods and start, even subconsciously, understanding how and why we are to the level we are and suffer as we suffer as peoples. These are Truths that countless books can't explain. This is the importance of the inner Truth. The jew has committed so much destruction and so many deathly acts towards us (proven historically beyond doubt) and still commits everyday something to destroy us somehow and they KNOW they are on the guilty position. They are guilty. The jew is guilty. Like any other criminal they try to hide the trace of their crimes and they are in constant awareness that it can be revealed anytime, that's why they try to force everything to where you can't even remotely criticize them. That's why they are paranoid, schizophrenic and actively work to destroy everyone who even "speaks" against them. What does someone who is innocent have to hide? They are guilty when they force your people with their Abrahamic shits like a fatal virus injection, when they make people murder people for shit-paper, destroy whole countries through economic warfare, when they kill the souls of people, keep humanity down on a lower level by spiritual ignorance and fear, make people a purposeless clump of sole materialism and so forth. They laugh at this, but any time they laugh they are aware that this bubble can burst anytime, from any side.

You must start believing. The jew has taught disbelief through making people believe in nonsense and lies, towards a sick and evil "god". People then feel betrayed and do not "believe" any more. Through this, they lose a major power they have, which is belief or faith. Belief or Faith, then becomes, like "god", another bastardized and destroyed terminology for being a stupid victim, betrayed and stabbed in the back by something that doesn't even exist. This applies to the jewish "god", because not only that shit is jewish, but it doesn't exist. But, the True meaning behind words such as God, Faith and Belief are nothing in the jewish or xian light, but another jewish lie to keep you blind and hurt your Soul. In Satanism, these have real meaning. Satan works with us to restore the understanding of such things. They are in fact, very Sacred notions that we must understand through a Satanic perspective, which is the True

perspective. Words like Faith and Belief, while the enemy has bastardized, they have a whole another meaning, based on a real and True context. Faith doesn't mean you believe in some psycho in the sky, or believe in something that you can figure out is a lie, or something totally against your sense of understanding. Faith doesn't have to do with feeling terrorized by some higher power, or anything in this sick jewish enforced mentality.

The jew betrays you once again and laughs at your face! They leave you standing there godless and alone, betrayed, without any higher power to look over you, without anything higher than this bullshit reality they have created. They truly, like in any other dealing they do, have swindled out of your EVERY right as a being. And they laugh...But they laugh only until you understand some things, and many people understand these by the day.

Faith means that you believe in something that has been proven to you beyond any reasonable doubt. Faith contains a heavy steak of logical understanding and even more than that. Logical, not in the sense of bastardized logic, but based upon your True feelings, understanding, cognitive ability and so forth, but also, common sense. You need to start having faith then. Satan shows Himself to people, no matter if they believe this or not.

Illusions have always had to do with "believing" in the enemy sense. Reality isn't something you have to "believe" in that sense. Having something to believe in Truly, a True God that actually listens, and above all ANSWERS, is beautiful and so is faith. Faith is beautiful. Faith in that you will prevail, faith in yourself, faith in your judgment and in your God, whom you have returned to, our Father Satan. Because, why shouldn't you, other than because the enemy forces you not to or lies about it? Satan shows blatantly that he is there, no matter if one "believes" or not. And this is because Satan is the Truth and the Truth exists.

You can win this war and help us win this war. We can and we will win this war. People need to get this through their heads and blindly believe it. Not as in "blindly" or without proof or reason, but blindly as in with total faith. We have the most powerful God there is. Our only limit is the limit put upon ourselves in understanding this. The enemy knows this and that's why they try to condition your mind and souls, EVERY-DAMN-SECOND-OF-YOUR-LIFE. They know you can become a God, sooner or later, in this life or in your next incarnation. It's only a matter of time. They have tried to destroy humanity completely, enslave it, they burned our books, desecrated our temples, bastardized our faiths and statues and still, we are here, clinging on, with their destruction being just around the corner.

Fate has twists, right? They simply can't get rid of us or defeat us. We just emerge and reemerge without any effort on our part. They have tortured, destroyed, desecrated people, they have done all they physically could and STILL this Gentile Warrior spirit shows up. This is why they want to bastardize the Races, as to destroy these inherited qualities that could possibly make up the beings necessary to destroy them. The enemy wants to make us "goy" [Hebrew term for Gentiles, meaning cattle animals], animals without a Soul, with super low intelligence and level of existence. The Jewish word for "golem" (these people made of mud, without any characteristic to define them, as toys) in Hebrew is GOY-LEM. The enemy states how they have created man out of mud and this ties in so you can understand what they want to get out of you. A supremely Stupid, docile, soulless slave that only exists to do their will and serve your Jewish master. This is all they want you to ever be, or, you will rot in "hell". The "god" they introduced you too is also a rapist, which gives you two ways. You either stay there and "love him" (because "god" is such a psycho) or you burn eternally and get destroyed and punished. In other words, the Jews want you to be a fool, believe in a rapist and psychotic god and also, be as problematic as you can ever be. The more, the better, as this "god" loves the more wrecked people, slave people, with the top of the wreck level being the Jews. The enemy stands for a man unworthy, a slave, a paranoid and filthy piece of shit that is dead within and without. Satanism strives for the exact opposite.

This is what the enemy wants of humanity to become and of all livestock to become. This is what they have tried to make out of you since the day you have opened your eyes to this world. This is the reason of the Race mixing agenda. People who aren't mixed have better immunity, are healthier, are stronger and so forth, as nature has built the Races over time exactly for the reason to be free and survive better. Nature gets things to where people are more and more able to be free, mentally, physically and spiritually. No matter at which Race you see, you will see this. Nature makes Races always stronger, she forces matters to where everyone becomes better, so all people can be free. A debilitated body is a major obstacle to being free and the enemy knows this, that's why they try to poison humanity as they do. Then the Jews demand this to be destroyed, so they can rule over a docile mass of shits, upon which they are the only deserving masters. This isn't to underestimate the enemy in anyway, as they are deadly at the very least. What I am saying is, stop underestimating yourself as well. Dare to become something better than you are now and put an end to this endless circle of crap the enemy is trying to force upon you. Do this as a favor to yourself.

We will not allow this. We will destroy them spiritually and bring them to the spiritual judgment of Satan. You must get this across your head, that Satan's power is immense. Yes, we understand this as we go and advance, but the sooner, the better. Way more immense than what these kikes have ever told you

it is. Also, your own powers are beyond what you can presently understand. You are a far better being that you can become. Our Gods will guide us to this. Yes, the process might be slower or quicker, but we all go as we go. You must not quit. Quitting shows ultimate failure in yourself, which isn't in the nature of Gentiles to do. Giving yourself up like this is an invention of the kikes and the way those sold out to the enemy take, only to get destroyed later.

The term "Superman" or "Maha Siddha's" which relates to Aryans, but applies to every other Gentile Race and anyone who devotes themselves to meditation, isn't only Race specific, but explains what we all become after Raising the Serpent and becoming stronger and stronger through all means and practices. This applies to all Gentiles that deem themselves worthy. Satan doesn't create unworthiness or disgust, or guilt, or looming darkness. He creates Nobility and Light and perfection. Satan is the spirit of everlasting perfection, through which Humanity perfects itself. It has always been that, Man's Will to survive, strive and become better, for himself and for the whole. The enemy hates this. They hate this with all their being. They hate this version of "man". Man then becomes something that has absolutely no connection to present day degenerate mankind and this is in the blood of all Gentiles to do. The enemy knows this and does everything to keep people enslaved to anything, so nobody will be obligated to that.

For that reason, you must fight them, in your personal life, get what you want and you deserve, get where you want and you deserve, but also collectively, as in destroying them spiritually and bringing the spiritual retribution of Satan, our Creator. Satan, and the enemy knows, has defeated "god". "God" never even existed anyway, but since the jews refer to themselves as "god", that's that. He has defeated the enemy every inch of the way, because the enemy tried to erase Him in every way but failed in every way. Every day they suffer and they are in fear due to Satan. And Satan is us and every Gentile. Satan existed before they even came down here, Satan existed still during as they worked their filthy destruction, Satan will reign after and in every after. They know this and that's why they refer to "goy" as the "Seed of Satan" or "Souls of Satan" in their Rabbinical texts.

They know that inside every "goy" walking down the street there may be a hidden "dragon" that will decide to spit fire and destroy all this disease they have created. So long the Gentile people exist, then the Dragon exists. They tried to burn them in the inquisition, but they still exist. They tried to outbreed them in the Middle Ages, they still exist. They try to poison them with their countless mental and physical poisons, still he bears on. Aren't these signs of an undefeated, eternal spirit? We have defeated the "jewish" god, so we have done to his whole

“idea”. For that reason we must keep on with the Spiritual Warfare until the enemy is utterly destroyed with their memory long gone.

“We will have to deal with Christianity in a tougher way than hitherto. We must settle accounts with this Christianity, this greatest of plagues that could have happened to us in our history, which has weakened us in every conflict. If our generation does not do it then it would I think drag on for a long time. We must overcome it within ourselves.” – Heinrich Himmler

Give enough space to Satan, enough patience to yourself and your abilities and all will turn out fine. Trust in yourself and stay strong. Satanism is a lifetime trip and as the Ancient Greeks stated, the hardest of all is to know thyself. To achieve this, is to achieve everything. This is a lifetime process. Patience, faith, perseverance and strength is the key.
