

# Those Who Build Our Satanic Future

HP Hoodedcobra666

June 8, 2017

There are these people who build our future, or help in any way. These people need a big thank you, and our appreciation. These are the people who sacrifice for everyone else, give, create, and also maintain and spread.

One example is these people who helped me share my videos. I thank them for this. These are 'our' videos in more than one way. As a result, this has got us many people to wake up, and even more probably in. We have "saved" them in more than one way, although we don't really seek savior status. This is a cumulative effect. A big thank you to those who actually did help. This is highly appreciated.

I put daily warfare online aside everyone else, by making footage, documentaries, videos and so forth. Then the work on the groups, and many, many other things. I seek to help all SS through services, work, and advancement of the cause. Why? Because it's important to share.

Many think the self only gets created by TAKING. Taking this, absorbing that, waiting for idle miracles...One learns that when they start to work upon themselves. It's not by ripping the trees of others that one grows, neither by stealing fruit, but by watering trees and planting their own.

Our type of work however is not this type of work that comes 'easy', for 'free' and it's not like working in any office, and serving anything else. It requires an amount of tenacity that doesn't exist in many other professions at all. There are 'entities' out there that want nothing of this to happen, and they make it 'vocal' or otherwise affirming what they want. Essentially such is the nature of this undertaking, that of consistent and never-ending war.

One example is the curses placed, and many other things. Most human beings wouldn't bother. They would rather be comfortable Goyim than fight. However, all of us who take the 'heat', this heat also forges a different essence in these people: the essence of the Gods. The same goes for people who fight the inner decay.

Those who do not do anything, and do nothing for themselves or the basics for common and personal existence such as doing basic advancement, are a pest upon humanity. They are exactly what led us into this position right now. However, this time, there will be no forgiving, and no excuses.

Time is running out, and the truth is becoming known to all people. At some time in the future, it will be only by purposeful DENIAL that people will take the way of rotting. Why is this happening? Because people like us who fight now, take the heat NOW, so those

after than us don't become ashes by the accumulation of their disobedience, retardation, and crimes against nature, their soul and so forth.

What is the purpose? So that never in this world will Satanic Souls (Pagan Souls or how you desire to name them) be lost, wandering alone, uneducated, cultureless, and without the chance to advance spiritually again. This is an abomination and only created such by the enemy. We are changing this forever.

Your power is not in taking only. The real power comes from giving, as well as taking. When you meditate, you give to yourself. When you do spiritual warfare, you give to the world. Even when you do nothing, you give yourself over-consuming nothingness. Which eventually fills you up, making you feel like you're nothing.

Over the years, many have toiled, strived to advance, and laid a hand to also help others. Others have quit, others have departed, others decided to just help in Spiritual Warfare and check from the shadows.

Very, VERY few, have spent their time in vanity and in consistently corruption, or just let go completely. Only to see later, and wish later, that they would have done more, or better. Which eventually always gives them many more chances... A wish they, when they realize the importance of this, wish they could fulfill earlier. Others constantly help, fight and create. All of us do spiritual warfare.

In short, all of us practice giving in a world which is all about being a parasite. This sets us above other people, who are trying to mimic the enemy parasite, only to get nowhere.

Those who make sacrifices of their own work, for Satan and the Gods, they will also help them first. They will be first on the list. Do you go out of your 'program' to help the Gods? They will get out of theirs to help you. Our relations are based on justice, and love, for those who also gain this from them.

A big thank you to those who strive, in personal, or outer levels, in these forums, in these groups, in the spiritual battlefield, or elsewhere, for a better world and a better future: Satan's blessing is with you.

Why are these people blessed and benefit? Simply, because they serve a great purpose, which is far greater than even our present comprehension. Others do nothing and in that, they are cursed by abiding to an empty existence. They get what they're after.

For those who parasitically oppose this great deed, that seeks to elevate the world into a higher spiritual level, and only attempt to block out of selfish interest, or evil intent, then cursed be they down to their last bones, for they are decay and worse.

HAIL SATAN!!!

HAIL TO THE GODS!!!

HAIL VICTORY!!!

HAIL THOSE WHO FIGHT FOR FREEDOM AND WILL FREE THE WORLD FROM  
ENEMY SHACKLES!!!
