

# Two Different Promises

HP Hooded Cobra 666

If you pay very close attention, to the beliefs of the enemy and other beliefs that are directly related, you have two kinds of promises:

1. Grossly materialistic promises. The end result of the bible and why the jews have to conform to the alien agenda is grossly a physical reason. To get the world for their own, pillage, and enslave the individuals in such, so they can live a 'messianic era'. The enemy has made a lot of pseudo-spirituality to support this, and they have utilized stolen knowledge to mobilize towards such objective, but the objective itself is strictly materialistic, fully selfish (it only has to do with the jewish race, the rest are the slaves, whether some people are retarded to take the word of this mafia for a literal word).

2. Exaggerated pseudo-spiritual bullshit. This is the latter end which does have nothing to do with the jews. Marxism, Communism, and Christianity, are all superficial, bullshit, utopian things. That require nothing of you, but for you to give your life to Christ or some other Rabbi, whilst doing nothing. Indeed, the only thing you need to do is this: Stop judging, stop acting, stop existing, stop searching, stop learning: Just let the jews get their agenda going and trust in them.

The jews have taken over the physical realm simply because of selling cheap porno-flick spirituality to their so called consumers, that do not know anything of such. Just look at Wiccans and even many Pagans living on such sad state and you will understand where this is going.

They just drop some terms here and there "One God, One Love, There is No Race" and the list goes. And the goyim sit on the bottom like fish with an open mouth to consume such excrement from the jew's secreted culture. Even Rabbi Jesus is a jewish reject because he simply failed to make jews kings of this world, plainly put. The goyim, due to amnesia and low standards, take this piece of excretion from jewish culture, and make it their point to strive towards what the jew has branded 'spiritual'.

Lastly, all jewish dogmas are against advancement. Unless it's jewish advancement. For example:

We like to see a good artist. We feel nice. We want more artists to keep us occupied with beautiful things.

We like to see beautiful people, whether some people feel jealous or not. We like that they exist around us and attract us.

We like to see athletes because they provide massive entertainment and remind us of the power of the human will.

We like to see a great car because it helps us transfer quickly, safely etc.

If someone says something to the extent: "Okay, let's make sure then that more geniuses that make better transport and people like Tesla are born", everyone loses their mind. If one goes one step further and says that the majority of humans should look beautiful and that therefore we must follow nature's laws and do Eugenics, the rats inhabiting this world throw a tantrum. If one goes past the barrier of all this and says what Satan says: "MAKE MANKIND AS GOD!" then 6 million Rabbis in Israel die from a heart attack, and one is pronounced immediately a "Nazi", the world goes in full red alert.

Which is a true case. Even the symbol of National Socialists, the Flag, is a spiritual symbol dealing with Mankind's ascendance. The red is symbolic of the Ida energy, the generative principle, the White which is the center and resides in the middle is the Pingala, and the Black, which is the Swastika Shape and the 4 rotating elements united in the middle of the Cross, is the Shushumna. Hitler and the National Socialists did raise a flag for Humanity to see and remember its past glories.

Of course there is no space for such glories anymore, and everyone is racing on how to get to the racial, social, and existential bottom of crap, so that the jew can feel he is living in its natural habitat: Indeed that is the reason the jews are ruling for too long, because this world is crap and this is the natural habitat of the jews.

However the jew has somehow criminalized human advancement, for example, the SYSTEMATIC striving of such, and the improvement of the most basic element of any society: THE HUMANS LIVING IN SUCH SOCIETY. For such reason they have outlawed, and filled spirituality, and natural observation with bullshit, or outright made it forbidden for the goyim to practice this.

One who practices the above to a very serious extent is by default a "Nazi", especially if they have a spiritual background of following nature's laws. Because indeed this 'ideology' is nothing but a representation of such laws, and the striving to make these laws work for our benefit.

The jew also, in his Marxist spirit, says that "Everything has to do with the external stimuli" and "race does not matter whatsoever" one is. Then, the Rabbi,

after he tells this BS to the Goyim and reminds them to become bastardized crap for aeons forever more, goes and reads the following from the Torah:

### **On how to destroy the Goyim races**

Zechariah 9:6-7:

"And a mongrel race will dwell in Ashdod, And I will cut off the pride of the Philistines. And I will remove their blood from their mouth And their detestable things from between their teeth." [Mongrel and in some translations, a bastardized people, or a mixed people.]

### **On how to protect their own races**

Deuteronomy 7:3-4:

"You shall not intermarry with them, giving your daughters to their sons or taking their daughters for your sons, for they would turn away your sons from following me, to serve other gods. Then the anger of the Lord would be kindled against you, and he would destroy you quickly."

### **On the final objectives of such work to bastardize all humans on earth so they have no land whatsoever-**

Leviticus 20:24

"But I have said to you, 'You shall inherit their land, and I will give it to you to possess, a land flowing with milk and honey.' I am the Lord your God, who has separated you from the peoples."
