As HPS Maxine and I have already wrote, the game must be stepped up, in the light of blatant enemy interference with our work.

Download, keep this PDF and keep firing the Rituals, more than ever before. The war is escalating for reasons conversed about in another reply. The one for the Communications and the one of the Gentiles Reacting against the Jews are the most important ones for now. The enemy pulled an attack in reply to our most recent doing of the RTR's, especially the one about the Gentiles Reacting against the Jews (Cursing the Jewish God), that of Tue Apr 05, 2016. This seems to have made them to backfire on the Server, which ties into the Communications.

The game must be stepped UP. The enemy is not going to sit idly and be destroyed. This is where Freedom is at hand.

If you do not have privacy issues, the above PDF should better even be printed. This knowledge must be kept to exist as this is straight from Satan.

There is also a Mirror Site of the Joy of Satan. You can now save everything. This Mirror site has been a few months old, so few things may be missing.

There is also the WayBack Machine, as HPS Maxine has said.
