Every so often I hear people who are so ignorant and stupid, and of course, so lost, that they cannot comprehend how Jews act as a racial conspiracy to take over/seize civilizations, economies, Nations, and turn them over to their advantage or just collapse them, assimilate them, replace them.

For many, since they are brainwashed, by media and other wrong input, they have no idea of any of this. They assume that since they cannot grasp it, it is impossible or something, that it even happens.

Little do they understand that this is their everyday life. Even for these ignoramus people, you can relate a video which will be linked below. This was sent to me by a Brother in Satan. I promised I would be posting this because this requires everyone's attention here, it required a proper text so that it would be explained. This is only one example of what the enemy does for all Nations on Earth.

Initially as I opened it, it looks like it's out of a movie or something, but the reality is, the round table, the convening to take over Poland, change the National Language, promote Refugees and rampant Multiculturalism, and so forth, is all very real, and it is an actual meeting these "Globalists" are taking frequently.

In regards to their mugs, one needs not be a genius, all one needs to do is check their faces and see the tribe. The audacity is insane. Some jews in the video look like they are literally on cloud 9 while conversation casually on how to destroy a Gentile Nation. Poland remains one of the Whitest Nations in Europe, however, Poland has an overwhelming exercised control by Jews for centuries.

Boastful and arrogant, they converse about how they will erode Poland and Europe, destroy National Identity, language and turn everything into a wasteland. This video, if time is spent to see, is enough to convince any blockhead that the agenda of the enemy is not some "conspiracy" that was made up by "anti-semites", but just a statement of what they are already doing, straight in the face of everyone.

Difference here is this conference, somehow, and for whatever reason, was

leaked in the open, same as Event 201 and other publications, or this other time, where Jews were talking about doing a blood sacrifice on Jeremy Corbyn, to which the Jew in question was told to tune it down because they were online.

Just look at these lizards, and honestly, only a braindead person would not understand that not only our planet and respective countries are in great trouble, but that these cases are the orchestrators of all the world's problems.

Now if this is an example of just Poland, it makes one think, what is the case of other countries? I reassure you the enemy takes these meetings and more. Some of these are known, like the front which is called "The Bilderberg Group", but the real meaningful meetings happen in total secrecy.

Please spread this video everywhere, every board you can get your hands to. Normally, since it's youtube, it should go through.
