

## Jews, The Lords of Racist Holocausts

And that's a world without you in it, Goyim.

Racism by sociological definition is the psycho-physical differences between the races, and the science of the study of these. Racism as a scientific and common sense observation has been vilified by Jews for Goyim. They went all out to do this including creating the fake Boaz school to push the Racial anthropology lobby out of existence. Boaz was a Communist Jew and was part of the larger Communist agenda. You can watch the old Jewish Communist propaganda documentaries for America from the late 1930's claiming that we're all one race, and race is skin deep. It's now the mainstream establishment's line. That is how long the Jews have been at this. Racism is the charge that the Jews use to attack and tear apart any organic boundaries of Gentiles, and they perfected this under Communism. All so that they can dissolve all races and nations out to create their Messianic Global Jewish Government which will be run from Israel, the Jewish RACIAL state. They don't practice what they preach to the Goyim, and that's because it's a form of their war on the Goyim. Even the Jews crying about Racism is a ploy of Jewish Racism to destroy the Gentile Races.

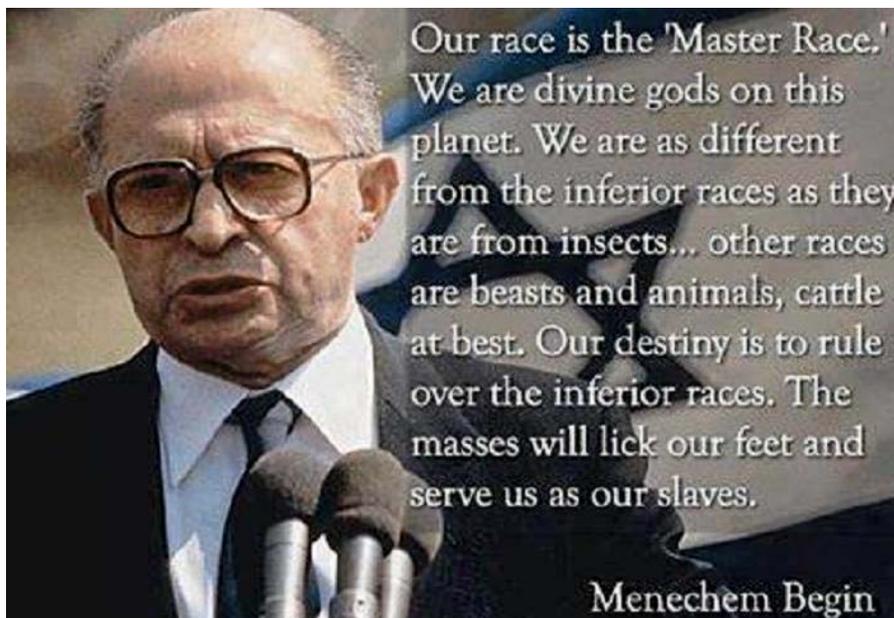

We are all the same to the Jews, all the same cattle.

The reality is that we all know race is real. Whether a person decides to make a negative, a neutral, or a positive out of that is up to them, just like it has always been. However, due to the negativity that Jews promote about racial differences out of the other corner of their mouth, they are turning the place into a racial warfare zone. This is the other side of the coin. They create a situation where everyone is obsessed over Racism, and then they offer the solution to the “problem” of Racism.

They do this by stating that the one true evil on earth is one thing: that of Racism. And only Whites are Racist, and all whites are racist by default, and all things that are evil come from the original sin of White People existing. So the only solution to end all evil is to end the White Race.

This garbage could not exist without xianity building the platform. The original sin is now being born White instead of just human, and you must spend a lifetime in repentance and self hatred over being born with the sin of Whiteness; and the only way to do that is to destroy yourself, your race, and your nation. Jews taught White People that they were evil for being Pagans, having White culture and cultural identity; the sin of Whiteness. And only by embracing globalism under the Jewish cross and destroying themselves could they repent and be saved from the sin of Whiteness. So nothing has changed; it's the same old Jewish poison from the same old Jewish mouth, Rabbi Jesus or Rabbi Marx. The agenda of the Jews' alien soul marches through the ages.

The Torah and Talmud of the Jews state that the White Race is of the seed of Satan, and must be totally exterminated first out of all the races.

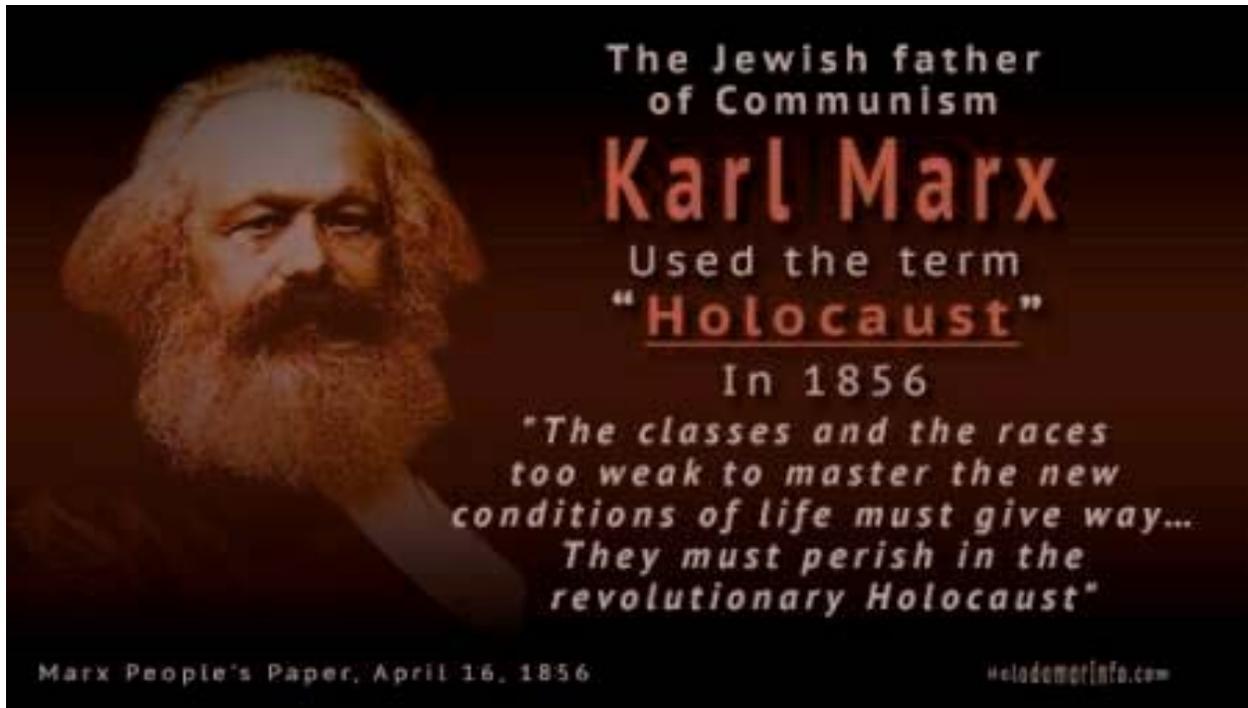

This Jewish leader just summed up the meaning of Jewish identity in the Torah and Talmud.

The Jews in their own writings brag that they are the authors of racial hatred among Gentiles to get them to hate and kill each other, and to destroy the entire species by dividing and conquering the Goyim.

The entire anti-Racism ideology, which the Jews openly state is simply anti-White (because only Whites are Racist), was created by Jews of the Frankfurt School of Cultural Marxism. This is a Judaic racial warfare ideology out of the Torah. The goal is to use this to demoralize us so we will roll over like good Goyim and let them wipe us out. The only race of people that deserves to be hated is the Jew. The Jew is responsible for the death of two hundred million Whites under Jewish Communism and Jewish Christianity. Rabbi Jesus was an open racial Jewish supremacist who commanded his disciples to forcibly convert the world into Judaism, which is the worship of the Jews as god. 300 million human deaths under Jewish Islam, which was created by a racial supremacist Jew named Mohammed whose stated goal was to, by war, force the religion of Abraham [Judaism] onto the entire globe. Over two hundred million Asians killed under Jewish Communism, 127 million Amerindian People killed in the Americas. Christopher Columbus was shown by Jewish historians to be a crypto Jew, and his whole operation was filled with nothing but Jews and was financed by three wealthy Jews to build a Jewish Zionist Empire in the Americas. And the Jews killed 100 million Africans via their slave trade. The Jews also committed the Armenian Holocaust of a million human beings. The Jews murdered 85-100 million Indians with organized famines during their regime under the Rothschild Empire, the British Empire which was openly called the Yiddish [Jewish] Empire as it was run by Jewish banker Lords. The same Jews that committed the holocaust of a million Irish with the organized potato famine, and the continuing Holocaust of the Arabs by the Jewish state which has killed over a million Arabs. Then the hand of Jewish power in creating two World Wars that killed 100 million humans. We also have the confessions of the Jewish leadership such as the Rothschilds that there is not a single war, famine or conflict that happens without them creating it. Factor that in, and you add countless millions of human beings offered up as sacrifices on the altar of Jewish Racism.

Just look at the Jewish Torah; they celebrate the racial extermination of the Gentiles living in ancient Canaan, and after murdering them they burned their bodies for what they call a Holocaust, which is a burnt offering to their Jewish god.

This puts Rabbi Marx's statements into proper context regarding the "Revolutionary Holocaust" that must occur in order for the Jews to create their global state under Communism.

The actual Racism which we need to oppose is Jewish Racism against Gentiles because it is responsible for numerous Holocausts of Gentiles by Jews. The Jewish texts state that when the Jews finalize their Messianic Age of a global Jewish Government, they are going to exterminate all the Goyim as the holocaust, the blood offering to their God.
