

6,000 Invader “Incidents” Per Day

This is all because of the Jewish plot of genocide for the White Race, which has been around for a while. Even Jewish Marx was bragging about this. The Brownz are proxy troops in the Jewish war on Whites. Anti-Semitism is not the problem. Not enough Anti-Semitism is the problem, because Jews are always the problem.

It's all Jews from the top down behind this. Even Merkel is Jewish.

Nonwhite invaders in Germany are responsible for in excess of 6,000 “incidents”—most of them criminal—to which police are called out every day, according to an extrapolation of figures secretly compiled by the authorities in the state of Saxony.

Secret-report

According to a report in the Sächsische Zeitung, the German police in that state are keeping a record of all the incidents—in secret—and deliberately not releasing the figures to the press or the public.

The report, leaked to the newspaper by a whistle-blower in the police, revealed that nonwhite invaders posing as “refugees” are responsible for around 400 crimes per day in the state of Saxony alone.
