

# Alt Right Scam

Three points to remember:

The Jews know that a major event is coming that will cause a reaction from the population that might unseat them from power.

Jews such as Marx stated that the ideal of synthesis, the blending of opposites, which allows a new form to emerge, is now controlled by the Jews, which is the key principal of Jewish subversion.

Christianity, a Jewish political movement for Jewish control, was a synthesis of Paganism into Judaism.

The Alt Right is the synthesis to control that reaction.

Trump, as already mentioned, is a Jewish-owned operative who owns companies that are fronts for Jewish elites, such as the Rothschilds and Rockefellers. Trump is the new mascot of the Alt Right, who is an open neo-con that is the placing of a kosher, neo-Cohen, civic nationalism based on Jewish values, dissolving out the emerging awakening. The Jews are seeking to control the right with a synthesis because they know that the values of the right are a threat to them.

The Jews are inserting their operatives into the growing awakening in this way to misdirect people and put the Jews in charge. This was done before during the Cold War when the Jewish Rockefellers, as Mullins stated, created the John Birch Society. These were the same Rockefellers who created the America Communist Party and funded it. This disarmed the Right of the time and allowed for Communism [Jewish globalism] to advance.

Now, as the population is about to swing to the Right, they are pushing the new synthesis to control this: The Alt Right. Anyone who promotes the Alt Right is to be considered suspicious. They are probably an operative.
