

Just Jew Runs Sweden

"I think there is a resurgence of anti-Semitism because at this point in time Europe has not yet learned how to be multicultural. And I think we are going to be part of the throes of that transformation, which must take place. Europe is not going to be the monolithic societies they once were in the last century. Jews are going to be at the centre of that. It's a huge transformation for Europe to make. They are now going into a multicultural mode and Jews will be resented because of our leading role."

We are happy to announce that our founding director Barbara Spectre has received The King's Medal for her outstanding contribution for Jewish culture in Sweden and beyond at the Royal Palace in Stockholm.

The entire EU was created by the Elders of Zion. Rothschilds and Warburgs; both of these groups were created and put into power by Rabbi Frank who was the political messiah of the Frankist movement which was a Jewish supremacist movement to create a Jewish World Government. The Rothschilds call themselves the Jewish "Messiah" in their own Jewish publications. Rabbi Frank created the Illuminati as a vehicle of this, and the Frankists with their money and connections took over the Free Masons and from here created Communism. Rothschild sent Warburg over to America to create the Fed and took power over America, and look at the policies the Jews have put into power in America after that. It's the same with Europe. The point of the EU is stated in the work of the Hebrew speaking Father of the EU:

The white races of Europe should be destroyed and replaced with a race of Eurasian-Negroids who can be easily controlled by the ruling elite.

The Jews are having their Goy stooges give their fellow Jews awards for doing what the Torah commands and destroying the White Race, but remember that anti-Semitism is the problem because that's you pointing out that Jews are killing you.

The traditional Nobility of Europe has always been in bed with the Jews, and had special deals worked out with them for low interest shekels to fund their pointless bling bling, rap video like lifestyles. In return, they allowed the Jews to prey on the commoners and destroy as many of them as they wanted with high interest fees of up to eighty four percent interesting rates on loans. They allowed them to become the tax collectors and take as much extra as they wanted to pay themselves with for this, while creating and having a monopoly on the boozetard trades to get the Goyim addicted to booze and then rob them and make their daughters work as sex slaves to pay off the debts, and all kinds of Kike stuff.

When the famines would start to set off because the Jews would even steal all the farmers grain by robbing them with usury, many families were destroyed by addiction and people literally didn't have a shirt on their backs. The Jews love to prey on the already poor and needy with usury to even steal their one shirt. Everyone in the average wealth class was robbed of their wealth by Jewish level taxes. Jews charge taxes you can't pay, and then you have to take debt interest loans from the Jews which you can't pay back, just to pay the Jew level taxes which you can't pay to the Jews. The people simply rose up and Pogrom-ed the Kikes. The ritual murder of the local children by the Jews as recorded in history was usually the last straw for the people.

Sometimes the Jews would make the mistake of asking the Nobility for some of the super amounts of debt interest shekels they owed them. Then the Nobles would kick them out to avoid paying what they stole with the Jews from everyone else. In many cases such as in England, the Jews just bought their way into the Nobility and were made part of that class. This also happened in the Holy Roman Empire with a Gentile named Fuggar. He was the first oligarch with bling bling that bought his way high up the ladder and became a Count with lands granted to him by the Emperor. Which shows that the Nobility was always a Mafia money racket. They were simply a cruel plantation owner class that ran the world's largest slave states to collect the revenues off of, along with the Jew run Church class. The Jews in the Catholic Church owned most of Europe while acting as Bishops and Cardinals and Popes.

However, for Jacob Fuggar's case, he was a bastard in business but he was kind to the working and skilled working classes under his care. He even built new model homes for his workers which still exist, and he gave greatly to charities. He

also stopped many common people from being massacred in the uprisings of the time. This is because he was not a criminal Jew; he was a Goy who cared.
