

Libertarianism

The Libertarian movement to legalize the drug culture is insidious no doubt. The Libertarian "thinkers" were all Jews who were working for the Austrian School of economics, which is a front of the international Jewish banking dynasties, like Rothschild. Libertardism doctrines are a synthesis of Awerkian, liberal capitalism, and Jewish Marxism. Hence its doctrines are openly designed to ruin America totally and dissolve it into a globalist monetary serfdom run by Rothschild and his jew boys. Sometimes this is called Marxism, and Marx was part of the Rothschild family and Rothschilds created Communism for just that purpose. Just read Atlas Shrugged by Rosenbaum. (Rand's real name, oy veh!) It ends with just that, the end of America and the free world under the iron kosher heel. That was her opus. Of course, she then did a total turn around on her yap crap doctrines - when it came to the Jew state of Israel, because Jew Libertardism, its made for poisoning the goyim psyche only. Rothbard was a huge apologist for Marxism as well. Wonder why....

Some of the Libertards have stated legalization of potardism is just the first step to push for legalization of harder drugs. You know, those drugs that have ruined the fabric of society badly. And seem to mainly come from this place called Tel Aviv to everywhere else. And goes hand in hand with the degenerate drug culture the Jews have been creating in the Media and society since the 60's to simply ruin the host society as much as possible.

Rothschild, Sassoon, and the Solomons were the owners and operators of the Opium drug trade into China, where no doubt the Asian Jews ran most of the Opium dens and street supply. This was to destabilize and ruin the Chinese population as much as possible for Communist takeover. When the Chinese revolted, the British Royal Navy was sent into to deal with them to keep the drug trade going as Rothschild owns England. The same Jewish interest that brought you Libertardism.

A little trick the Libertards play is pushing for commodity-based currency and also bashing fiat currency. Smart leaders understand that fiat currency is the only solution for an advancing and abundant, FREE society. The American Founders created a FIAT BASED system for this reason. Remember that guy named Hitler who did the same for Germany and made it the richest nation for all the German People in 9 months? After kicking the Jews and their banker-Marxist schemes out too, which led to the German People not having to worry about literally starving to death anymore. Commodity currency creates a constant scarcity that allows big Jew banks to rule. Guess whose vaults all the precious metals are in? Theirs. Oh, and don't think you're getting away with your pocket of "precious" metal when they ruin the fiat system as take over. During the engineered depression of 29 by the Jew bankers, people were forced to turn in their gold or be put in jail for up to life. The Jews are coming for your Precious like Golem for the Golden ring. And don't worry, the Jews want a global electronic currency in the end with you being microchipped, all run by the Jewish IMF, a Rothschild front where all must bow down to the International Jew cabal. Rosenbaum's dream come jew.

The Libertards' doctrines try to steer people away from recognizing that the problem is JEWISH bankers who have the government in a headlock and have hijacked the fiat system to ruin it and the nation to push it into a Marxist take over. Rothschild and the Elders of Zion cashing you all in. Just dismantle your governments and thus protections and let International Jewish bankers and Corporations dissolve your Freedoms out. Enjoy. Because you see all the freedumbs those people in the Rothschild-run Soviet Union and Communist China really enjoyed. That's life where the Jews have total control.

If people understand that the Jews are the problem, and break up the Jew Banker monopoly, and kick the Jews out for the 110th time in history, because of course everyone else but the Jews are the problem... Then the Jews would lose the needed monetary control of America that facilitates their political, media, and social controls. These are needed to march us all to total Communism, which is just the Elders of Zion adjusting the goal posts of society to give them total control. Oh yeah, and some stuff about Freedumb, don't forget. Because the Jews love to sing that word as they march you into your slavery.

Because to the jew, freedom is slavery, get it now Goy.
