

Nazi UFO

As the German scientists on Project Paperclip stated, they did develop these ships during the war. However, you can see in the Vedas that the ancients had the same ships, as Hindu leaders who were Vedic scholars such as Prabhupada stated the same thing.

The shape of the ship is round to put a mercury ring within it that spins like a chakra (chakra means sacred wheel) and generates what is now called a Taurus Field within and around the ship that allows the ship to operate. Now, NASA goes into space with the rocket ship and the astronauts suffer horrible side effects of zero gravity that destroys their physical body.

The earth spins and this generates a Taurus Field around our earth that creates this force we require to live and be healthy. The design of the saucer has the spinning wheel that generates the same energy field, the Taurus Field that allows for beings to travel through space and be fine. That is how nature exists and how organic technology operates.

Our current science is devoid of anything realistic and is operating on aberrant and Jewish thinking, as Telsa stated. We are not going anywhere positive with it. Take a look around technologically and scientifically. We are living in the 1950s but with computers. This is because the Jews have held us back. Remember, it was the Jews that destroyed Telsa and destroyed the careers and lives of numerous geniuses from science, to medicine, to technology to maintain their control.

We should not be using combustion technology that is dangerous to our planet and health. The Jews are the ones who maintain this paradigm for power and economic control through wealth.

This also proves that we live in an energetic Cosmos, not the stale inert soulless one that the false science of Jewish materialism claims. The Jews have worked to suppress knowledge of nature and the nature of the soul, even by putting taboos into science about studying spiritual, psychic subjects, and working to remove the memory and work of famous scientists who in their day studied this subject and reported positively on its existence and demanded to keep studying this subject, as it is of vital importance for human knowledge.

HeilOdin666 wrote: "A person I was talking to doubts your theory about the earth spinning causing a torus field because they think the earth is flat. Well they doubt the part but they believe earth has this field. What do you say to them? This is my knowledge.

Also didn't shauberg (sp?) have non mercury powered flying disks?"

You can see from living on earth, the earth is round and it rotates.

Just look at the phases of the moon and how the sun rises and sets. The idea of longitude works, and so does the Math that accounts for a spherical Earth that rotates.

They know from the full moons in the different hemispheres that the earth is round as well. The Greeks, Egyptians, and Sumerians also knew the earth is round. We know from videos and pictures of the earth from space that it's round and it rotates.

This person thinks they can get into a plane and literally fly off the edge of the flat earth into outer space..... Why? Cause the bible says so. Flat earth is taken from the Christard creationist society founded in the last century.

For more information, read the article on Satan's Library dealing with this Flat Earth subject and how it's a form of mimetic warfare being pushed into the truther world by dubious characters.
