

# IMPORTANT: Lunar Eclipse - Time for RTR's

Greetings to all of our Satanic Warriors!

As per the upcoming Lunar eclipse, which will take place within the next 2 to 3 days, we must hit the enemy as hard as possible, and we must do our best and be merciless in our RTR warfare.

This is a great window of massive opportunity. We must accelerate the enemy's destruction which to this point is certain due to their exposure and behavior. They must be spiritually annihilated and fully destroyed.

Remember - be consistent, keep repeating the ritual as many times as possible, keep your energies and your protections high in the next days. Do not stress a lot about the papers and the ritual, you can imagine the disintegration of the letters.

If anyone has any questions, please pose them now, and let's go strong and merciless.
