

Reverse Rituals After the 15th - Thanksgiving

Greetings to all our Comrades and Satanic Forces!

First of all, we are doing a very good job. The gradually building power of our Rituals is making impact. People are and MUST wake up.

Satanic Warriors, may you all be blessed. Satan will grant us Victory. But we must seize it for ourselves. For Satan lies within.

Do you all remember, where we once were and where we are now? Back in these years where people used to ask, again and again, where are our efforts? Now that everyone can observe how the enemy jewtrix is collapsing and how people are massively waking up, our impact is becoming obvious. And by our effort, we will unmask the enemy, drive away their horrors and wake the people up. This is a battle for Humanity. The ship of the enemy is being plucked serious holes. It can't help itself but sink.

Many of our Comrades have done their Rituals in accordance to this schedule we provided. This is most good, and commendable. As far as my Word goes, Thanks to all of you. But you know who we are striving and who is above us all. He must always be remembered, for He is the only being that has ever given so much, so freely to Humanity. Satan always gave to Humanity, He never took or demanded anything. He bestows to all of us with His Vision, His Power and His Grace. In our hands lie things too important to be left unfought for. If not of us, then who will do this fighting? Also, who but us, can win this fight? It doesn't matter who is only able to fight. It matters as much, who can Win this fight. Because the World is at stake.

The energies were raised and I am sure there have been many, many participations. As most people figured out, we didn't update with a new program or anything, because as a matter of fact, we can take a break. Everything can be paced in such a way, so there is maximum effectiveness. To raise one's powers, this guarantees this. Part of this is when one rests, to get into the fight even harder than before.

Especially those who have been doing the Rituals ruthlessly, it's important that your energies are on their right track so to say. So taking a few days until the next Rituals are posted, this would be ideal. Now, this doesn't prohibit anyone from doing more Rituals. It's just an advice. This advice is for those who have really pushed their own limits so to say.

After the 25th of this Month, new Rituals will be posted by HPS Maxine. Then, we will all join and do these Rituals. Until then, everyone can rest and revamp their energies.

We have a lot of this jewtrix to reconstruct, much darkness to create into light, many lies to destroy and make Truth, many things to annihilate and many things to build again. We have work ahead of us. So take your time, relax, enjoy in what we have created, advance yourselves, live in bliss and experience the Truth through your own eyes.

May Satan bless our work and all of us.

May all of you be blessed with unfathomable Satanic Power!

HAIL SATAN!!!
