Big congratulations to everyone who has participated in the Halloween Rituals and our previous schedule. The effects will be felt. Now, this schedule will hold the first two days for mainly empowerment and relaxing of our energies, while boosting them at the same time.

The Serpent RTR's are not big at all to do anyway. This means they are a good target to spam as this helps everyone of us individually and as a group. One can also add the Communications RTR. These RTR's need to be re-affirmed for this year as a general rule. We must, periodically, go over all of our RTR's and redo them to keep their effect up.

This year up to now has been a year of massive warfare, and also massive success of our side, with many victories and unprecedented awakening. Jewcy-wood has also been exposed like the Vatican has had the same thing happen before and we have gradually been destroying this vermin.

One day in all TV shows and movies, media, there will be interesting movies, news, shows to be seen by Gentiles from Gentiles, without biblical mass brainwashing and depravity. We accelerate not only justice and freedom in that regard, but to make a better and nicer world to live in.

We are also breaking down the Jewish stranglehold of the internet. The internet is humanity's inheritance and it should belong to everyone without qualms and censorship.

One must never forget that we do the RTR's for fun, curse removal from ourselves, and of course the enemy's influence annihilation. Because they are incapable, and have done too much evil.
