

Reverse Torah Ritual Schedule Until 15th of January

by High Priest Hooded Cobra 666

[December 27, 2016](#)

Greetings to all our People and Satanic Comrades.

This schedule will be the schedule for until the 15th of the New Year. We need to be relentless and keep executing it.

First of all the date given above can change. We cannot afford to be too predictable. If the tide changes and anything else requires our attention, we may turn. Of course everyone will be notified on time. We are going to remove the dross and make the enemy lose heavy influence this next year.

I read around of few people encountering a few issues. The enemy is very sneaky, always trying to pass personal misfortune or issues as it's always them. Many times, it is not. On the other hand, when they are messing with something, they always misdirect attention again in you thinking it's anything else.

People need to be aware of their charts, natal progressions and mind programming. These are the major source of misfortune and not the enemy. If all the above are in your favor, their effects will be a lot more minimal. One thing they love to do is making people think it's the RTRs, or any other sort of bizarre idea. They just do this to taunt you, and this can also have different forms in accordance to different persons. Many of you do not get 'Disciplined' by their force so they may use other ways. Just be aware of your thoughts. The fact this is that those who do the RTRs do enjoy extra protection if anything, from any possible attacks, and also their own issues. Most of you may have experienced it.

If you find yourself attacked, do the Curse Israel RTR. This will turn curses into blessings. Also, so long you maintain your energies high and your mind alert, few things will reach you if you do your protections too. As for anything direct, do not consider this always nice feedback. Consider it a challenge to further your defenses. Do not tune in or make thoughts of expectation or 'it must happen because'. You may fall victim on your own behalf. In fact if you do the RTRs the Gods raise special protection auras and confer benefits to those who fight. They are in better favor than those who do not, or never do.

As for the Rituals below, they are all priority. It literally takes around 20 minutes a day to do these after you grow yourself accustomed to it. Those who have time for video games, laziness, or anything else in existence but assist such an effort, what comment can be made for them? If you find yourself in this category show some decency today and change, acting like a decent human being than a passive receiver of crap. You can play later, and nothing of these things will not be here tomorrow.

However a chance to fight like that exists only momentarily in thousands of years. If

you waste it, you're wasteful. Maybe when they need you today you will be lazy-in out. So when you need them tomorrow they may be too bored to help you. But wouldn't that be just treatment? It's not a matter of guilt as guilt is useless here, just common sense and justice.

Those who think that the Gods will be on your doorbell forever and ever waiting for you and singing ballads to get you to act like a human being at last, need little princess reprogramming. And will have little princess my sand palace got destroyed. If the thoughts of living in an Orwellian Gulag do not alert you...What is your worth anyway? You are digging the wreath tomb of humanity by applied ignorance.

With the above being stated, a warrior that doesn't sleep and suffers mental breakdowns is of no worth. If you find yourself in dangerous excess, cut off for a small while, recuperate and go strong. Be spiritually fanatical but not suicidal fanatical as this benefits nobody.

Lastly for those thinking about the enemy. Okay, they may spill your milk now or worse, especially since secrecy is applied. But if the days of the enemy come as the Middle Ages there will be no saving. People will be going to the meat grinder alike. History repeats and so many blissfully ignorant one day found themselves as done with.

The blissful ignorance of the 'Goyim' who are (((normal))) right now is what guarantees they will be destroyed first. Look around you at the already defeated and braindead to see it. Ignorance didn't save them it just undid them faster. And now they live like cattle forever more, not matter in what place in the stable.

The Rituals below take like 5 to 7 minutes if you are short on time and you do cut small vibrations with intent focus. There are no time excuses either. The normal can go to a few more minutes. If you cannot do all four, cycle two today, two tomorrow, for example. For the first 5 days from now it's advisable everyone does all the four Rituals. If you do not have space, even silently uttering them almost inaudibly can also count in extreme circumstances.

Below are the Rituals for the Until the 15th of January:
