Greetings to all of our Satanic Comrades.

This schedule will be devastating to the enemy. Make sure to participate. We will ruin the enemy real hard. The 4th of July is a symbolic date which the enemy hates since it has to do with the Satanic Nation of the US as it was in its conception, and it's considered a day of loss for the enemy. Using this energy as leverage we can super power our rituals and enforce social change.

With the placements of many planets right now including the Sun, it's a perfect time to do what many people wanted to do for a long time, spam HARD the race awakening rituals. After this schedule we will have created fertile grounds for a further work.

More emphasis will be put on these rituals as they are working very hard and manifesting powerfully. The only thing that can fully destroy the enemy is people conscious of their own self, identity, and spirituality. If we create this we will solve accounts with the enemy way quicker than simply by devastating the enemy.

This is truly one of the paths to remove them quickly, namely, to wake up our own people, who are, unfortunately, the main slaves who keep the enemy running. We free the slaves and nobody will be there to run the enemy.

Stay resolute in the schedule.
