

[The Army Of Mankind - Crucially Important](#)

Greetings to all of our Satanic Warriors and family in Satan.

For those who do not have much time, there are some links below. When you have time, take a little bit to study them or at least skim through them. You will find a lot of interesting things that you never knew about our history, and how our people, ie, all of Mankind basically, fought the enemy united a few decades ago, to salvage our world and so that we were not consumed into permanent nothingness.

Now it is not very frequently that I am surprised by things I read online, but these pages I will link below, are a strong educational standard for people who believe that by being brainless and hating on other people merely for race, even if they are noble people who have noble undertakings, or that even worse, Whites hating on other White nations for "Nationalistic concerns", or are typically stupid as to condemn whole nations and blame them of the wrongdoings of the universal mafia of the enemy, have any foundations in "National Socialism".

The reality is that they do not. These people are deceived largely. History on the other hand, albeit very corrupted, gives us the leads to examine what National Socialism really was.

In the links shared below, not all of what is written is perfect, and as always, a Satanist should look at these things critically, look into sources, the list goes. However, there is wealth of information in these links.

What the situation is that the whole cringe of present day idle minded "racism" has nothing to do nor with Adolf Hitler, or with the National Socialists in reality. People do not understand that the question first and foremost is the question of the survival of our planet and the betterment of the life and the people who live on this planet. Many people are just totally unstudied, and of course, this, coupled with jewish agents of a hate that mirrors that stupid hate the jews constantly have for everyone, creates a situation where people remain ignorant.

The historical facts of the war is that it wasn't dumb skinheads or 8chaners, or

who write edgy comments, and seek only to offend other people to really no greater avail, even other Gentiles who are conscious of the enemy and fighting indeed, on the same ranks and wars as every man should fight right now to fend the enemy away.

Now, our society is far gone and everyone is enforced to assimilate, but this wasn't always the case. And this creates even more hatred between people and races, which is understandable. However, one must still keep a clear mind and remember the greater image of this whole struggle, and not allow themselves to be drawn in simplistic hate.

Our comrades are our comrades, and so far that they are Gentiles, they walk the path on the noble Gods, and as such, we have to understand this and do our struggle. Respecting one another is the same as respecting our path in itself. Now in regards to the thorns of our races, we will work progressively and with the help of the Gods in the future to set back the natural order in place, and reverse the damnation of our spirituality and our planet.

These people are feeding into the jewish narrative of what National Socialism "Was" or is "Supposed to be". If you want to just hate National Socialism is not a good excuse, because mostly, it's a desirable thing to have nobility in National Socialism. We are not anarchists or communists, defined only by hate, we are defined by love for our people, our planet, our tenets, our cultures, nature, and so forth.

People who idiotically try to hate through these ideals, do just follow jews in the stereotypes of hate they created. In many cases they don't even hide that indeed, all they do is just idly agitate, and their agitations are the reason of further vilification of noble ideals. As the enemy would do, this guarantees that the noble ideals are lost in the sea of livid stupid and irrational crap.

Indeed however, what National Socialism was, was only a spiritual system that manifested itself in politics in order to give mankind a new vision, and help us elevate our races to the highest standard. It had nothing to do with the able short sightedness. This is in accordance to nature's will to save the creation of the Gods on earth, and defend our planet literally from the enemy who only seeks to

corrupt all of nature's handiwork on it.

The historical fact is as follows:

'...from 1942 European soldiers from many lands and peoples could be found: Albanians, Bosnians, Britons, Bulgarians, Cossacks, Croats, Danes, Dutch, Estonians, Finns, Flemings, French, Georgians, Greeks, Hungarians, Italians, Latvians, Lithuanians, Norwegians, Romanians, Russians, Serbs, Slovaks, Swedes, Swiss, Ukrainians, Walloons, Armenians, Byelorussians, Hindus, Kirghizes, Tartars, Turkmen and Uzbeks served under their own flags in the Waffen-SS. Almost all of these peoples were represented in my unit.' - Otto Skorzeny, one of the top ranking commanders in Waffen SS writes in his diary.

The Great Awakening that was taking place on this era, was not an awakening of Germany or any particular country. It was a worldwide awakening of race, of understanding ourselves, a whole movement of the energy of the Gods giving their hand of help towards our world. The Abrahamic programs were put on the row for replacement, and a new system of spiritual, moral and existential understanding was taking place. A system that put people and the lives of people in the center, and Gentile humanity in a beautiful and bright pathway to finally transform.

Due to respect of the work of people who assembled these historic facts, I will relate below the webpages in where one can do further studying. There may be slight discrepancies or inaccuracies, but it should help people understand our struggle today, and show them to respect the fact that **TECHNICALLY ALL GENTILE RACES** fought to **SAVE OUR SPECIES** just a few decades ago.

Below are twenty pages that elaborate on all the allies of the Germans and Hitler before, during and after WW2. It should give people perspective that from all over the world, there were noble people and heroes that have no names [thanks to history burying them and making them disappear in order to create the lie of an "Evil National Socialism"].

People from all races, from all nations, from all backgrounds, aligned with Adolf Hitler, in order to bring a revolution of values and defeat the pestilence of

Communism. These people had nothing to gain personally either.

They fought as part of the Army of Mankind.
