

The End of the World

In the Kabala, the Jewish god is called the seventh heaven, which is the spirit of Elohim (god), which is the divine immanence. However, the Shekinah is the divine immanence and the Kabala states the Shekinah manifests by its radiation (vibration) metatron. The substance of this is Avir, the ether. The ether is ruled by the element of light and vibration. It's the primal element out of which everything is created. It is stating that the Shekinah, which manifests as the Metatron, generates their god in the ether.

These are the three worlds of the Kabbalistic world tree, which form the entire godhead in Judaism. Kether (the spirit, which is Elohim), Shekinah which is ruled by Hokhmah, and Avir which is ruled by Binah.

Shekinah is the vibration of the Hebrew alphabet in Judaism and, in specific, the entire Torah. The generation of this Torah by spoken vibration is the spirit of "god", the Torah. This is why in Judaism the name of "god" is the entire Torah and the vibration of the Torah generates the Metatron, which is the name of their entire god form, or thoughtform in Kabala. This is why Metatron has 72 wings. The 72 names of "god" in Kabala, encoded in the Torah, generate and connect the energies of the entire thoughtform. They state this creates the sparks, the materialization of this spell into the world.

Kabala states that the angels of the Bible are simply "etheric winds" of the Metatron and are shown in symbolic fashion as being formless and of the generation of this god form. Each angel relates to specific tasks of which they are named and summoned. They are also called "spirits" that are manifested from the vibration of the Shekinah the Torah. The angels are simply thoughtforms or energy forms generated by the Rabbis' thoughts, the energy spell they created called the Torah.

The Messiah in Judaism is the "celestial man", which is a title of Metatron. It is stated that his substance is the pure emanation of ether and is the trinity of Shekinah, Metatron, and Avir. The messiah of the Jews, from their own Kabala, is the god form they have created when it fully manifests into the world.

This Messiah in Judaism is stated to be the Son of Joseph who has to die and return as the victorious Son of David. As authors on the subject have noted, this is obviously the character of Yeshua Ben Joseph, who gets called Jesus Christ, a Greek name. He is the Son of Joseph and the Son of David and returns in the book of Revelation at the end of time to destroy the Gentile nations of the world and bring about the global kingdom of the Jewish race, ruled from the new Zion.

The 144,000 Jews, who the Jewish King rules the world with, are symbolic of the 12 Tribes of the entire Jewish race.

Messiah in Hebrew comes from a word that means "serpent", the Levithan, which Yeshua is compared to in the Bible. This is the banner of YHVH the Jewish god that he conquers with in the Torah. This is the staff of Moses, another Messiah character he uses to defeat Egypt and the Gentiles with. This Levithan is symbolic of the Shekinah in Kabala and the Torah. It is showing that the Torah and the entire Christian Bible is the power by which they shall destroy the Gentiles of the world and our Nations and lives by manifestation of the Torah into the world fully. Which shall be what they wrote in their books of Daniel and Revelation, which is designed to tie into the book of Daniel, the entire and total end of our world and the start of their Jewish New World Order.

In Judaism, the symbol of the wheel is the symbol of the vibration of energy of the motion of their spells they generate by vibration of Hebrew words. The word Torah means "wheel", and that is why.

Yeshua Ben Joseph, the character of Jesus Christ is openly stated in the Kabala by the Rabbis to be their literal weapon to destroy the Gentiles with and bring about the end of the Goyim and bring about the global rule of the Jewish race. They have billions of Gentiles connecting with and pouring their energies into the Jewish "god", their thoughtform to manifest this. The entire Jewish Torah is spiritual weapon of mass destruction and terrorism against Gentiles. This is why the Greek and Roman rulers ordered the Torah scrolls burned and banned the Jews from even reciting it. Because, still having Gentile spiritual knowledge, they understood that the Torah was a curse on Gentiles. The only way to stop this is the Reverse Torah Rituals. The Rabbis stated in their own texts that the only way to undo their spells is to reverse them in Hebrew. The Rabbis also warn each other in their writings that Satan will destroy the Jews by reversing the Torah. Satan is also a code word for Gentiles in Judaism.

The Jews have warned their own that the Gentiles will destroy them by reversing the Torah.

Everything they have is stolen, corrupted and twisted for powerful subliminals.

The 144,000 is the number of nadis of the human soul.

Another I note is how the internet changed for the worst when the waiting time changed from the hourglass to the circle. Used to be an hourglass symbol when waiting for websites to load and related. The waiting time in those days was much shorter and the internet was user friendly.

Jews have an issue with circles, as they use them to bind and in spirit abuse.

I wonder why there are 72 'names of god', 72 goetia demons, 144,000 original jews, and 144,000 nadis of the human soul.

Jews have chakras and souls too, theres no doubt that some 'rabbi sages' empower themselves too, just in a different way then we do. I know that the number 9 represents the main chakras of the soul, but whats the reason for it, and the numbers in both Satanism and Judaism? The number 72, 144,000, and that kind of stuff. Ive always wondered about it.

Because they have basically stolen and reformed and perverted the old teachings. And just overlapped things, vilified names, and attacked the Gods who gave us this knowledge. It's all stolen, so it overlaps.
