

The World Tree, Tarot, and Truth about the God Scam

Originally, the Tarot was Ancient Egyptian and also later found in India. However, the Jews have corrupted this with their own alphabet which is full of stolen letters from the East, Greek, and Egyptian. So the Kabbalah Tarot deck is what we will be investigating as they are 22 hieroglyphs for the Hebrew alphabet and how this works. And this post will expose right from their kabbalah the scam of their "god" which in Kabbalah is shown as the world tree.

The major arcana of the Tarot deck is designed to form the 22 pathways on the kabbalah world tree; this with the ten major sephiroth form the 32 pathways on the world tree with the last and hidden path relating to the concept of "Daath". This makes 33 which is based on the 33 vertebrae of the spine. Each Tarot card is a Hebrew letter and is placed in a pattern to open up that part of the spine to generate and raise the "Lev", which is the name of the 32 pathways (with the 33rd being the hidden pathway). It is short for Leviathan, which in kabbalah is shown as a serpent dragon with a crown. This is what the kabbalah cube is based on, and how the tarot is used. Note the Fool card is the 21st card (it is also the 0 card), it is the letter Shin, and Judgment is Resh which is ruled by Saturn which is the planet of judgment.

The three mother letters of the Hebrew alphabet are Aleph, Shin, and Mem. These form the core of the world tree, and the cube. This relates to the concept of the trinity in Kabbalah and the three core elements. This shows the Temple of Solomon. Shin is fire and is from the ancient name of the Sun God, Shemesh. Mem is water, it is also spelled Mam, it means Moon. The Aleph is air, which is placed in the middle of the two. The element of air is the intermediary between fire and water. Shin, or the sun, is the three lower or male chakras; Mem, or the Moon, is the upper three female chakras; and Aleph is the middle region of the heart, between them. This is the Temple of Sol A Mon... Shin A Mem. It's simply showing the orientation of the soul and uniting the chakras through the world tree. In kabbalah, their spheres are shown as male and female beings copulating in the world tree to generate their "god", the Ayn Sop which is shown as the Leviathan, the crowned serpent. This is the inner sexual alchemical union of the soul of the chakras which is completed in the skull with the final union of the upper three worlds, the trine parts of the brain, with the other seven chakras by raising the serpent. This is all stolen from Egypt, Greece, and the East where this knowledge came from.

This is the "god" of Kabbalah; it's a code for the alien Jewish soul. Note right in the Torah it lists the seven lower sephiroth which are placed on the middle pillar (the spine) and rules the seven chakras and planets as "god".

The number of each sephiroth being named is placed next to the name.

Chronicles 29:11

"Yours O God are the Greatness 4, the Strength 5, the Beauty 6, the Victory 7 and the Splendor 8 for All 9 in heaven in earth yours O God is the Kingdom 10."

It also lists the other three upper sephiroth which rule the trine parts of the brain as God:

Proverbs 3:19,20

With Wisdom 2, God established the earth, and with Understanding 2, He established the heavens and with His Knowledge 1, the depths were broken up."

There are more examples of this in the Torah as well.

The ten statements of creation in Genesis in which "God" creates are also the ten sephiroth in kabbalah.

The electrical field of conscious energy, the god form that has been created in the astral with the Torah, which is created by the 22 Hebrew letters which form the name and body of their "god" and which is their god, is designed to tie into the Jewish soul and is built as an extension a kind of macrocosmic soul of the Jewish people. This is what the Rabbis mentioned in Kabbalah. The five books of the Torah tie into the five worlds of the tree with Daath being the hidden fifth world. The statements in the Torah naming their "god" as the ten sephiroth tie the energy into their soul. The Torah is also shown as the Tree of Life which is the Kabbalah tree in Judaism.

This is why the leadership of the Rabbis such as in Chabad state the Jewish People are the manifestation of their god. Because their "god" is their own selves, their own alien Jewish soul, and their collective alien Jewish racial soul they have created an energy field as an extension of.

The two most used names of "god" in the Torah are Elohim and Shema. The Elohim relates to the creation of this energy matrix of theirs by the Hebrew letters, and Shema is the prayer the Jews created to bring their matrix of energy into the material world to work for them.

Christians and Muslims are worshiping the Jewish soul and race as "god" and feeding their energy into this collective of Jews for them to use to bring about the final destruction of the Gentiles and bring in the Jewish World Government, the

Messianic Age. Which is what the Jewish "god" (the Jewish Race) commands is to be done, as the agenda of the Torah. This is why this "god" demands slavish worship 24/7, it's about sending a constant stream of energy into this to keep it infused and going.

The Reverse Torah Rituals are undoing the alien Jewish enemy on the level of their alien soul. So do the Reverse Torah Rituals every day.
