

# The Spiritual War is Being Waged

Comrades and Satanic Warriors,

So many times we are standing here, maybe not together in body, but together in Soul. We are striving alone, but we are striving together. We are fighting alone, but we are fighting together. We are winning together. We are losing together, if ever. We hit together and we get attacked together in return. I am aware of this. I am aware so many of you, you are going through rough moments everyday. Even so lately with the enemy attacking us. It's the same for everyone. But we will overcome this, as we already have. We will attack back. This is not simply a war based on time, based on questions, based on feelings and emotions, based on any mercy. This war is over only when it's over.

You see, we are opening the enemy's most holy "book" now. Yes, the same book that talks on about how to drive Gentiles to slavery and extinction. The "Torah". We have literally opened the hubris and disease of this thing, which unfortunately is what has been infecting everyone. While others focus elsewhere, we are focusing on the core. The "Torah" is the text which the enemy gave their saplings so they can destroy us. The rest of the story is to be studied. But when you hit the core, wait for reactions. Victories made against the core, they are the best victories. Everyone saw that recently. We will see many more things.

I am also aware of what many of you are becoming more and more aware about. We are dealing not with an enemy, but with a monster. A monster without bounds, without dignity, without anything worthy of being called even remotely human. We are dealing with an enemy that made many, but not everyone shut their mouths and stop all their actions against them. We are dealing with liars, deceivers and even worse than that. We are dealing with an attack we should never have received. An attack vile, undeserved and putrid. No matter what we tell you and what information we give, the reality of what they are will always be the worst. Imagination cannot suffice.

If we do not act, this world is doomed. This is NOT an empty statement. This is the reality of matters. The other part of reality is that we are doing a magnificent job.

We all here have to accept it. Accepting doesn't mean worry or anything in this regard. It means, I AFFIRM JUSTICE, I STAND AND I FIGHT- ETERNALLY, OUTSTANDING ALL ENEMIES, DESTROYING AND ANNIHILATING SPIRITUALLY ALL LIES. The enemy will use EVERY method so they will not be fought. Dust in your eyes, in any way they are able. And by any way, I mean, any way. The dirtiest, slyest and most putrid and confusing way they are in their arsenal. But I have your remedy here, which is the remedy of all. WE MARCH FORWARD IN THE PATH SATAN SET FOR US. They will try to make you "FEEL" and "THINK" just about anything, just so they are allowed a free roam and avoid the attacks we have to do. We do

this FOR JUSTICE and to CLEAR THE NAME OF THE GODS, TO ABSOLVE THE SOULS OF THOSE WHO FELL AND BECOME CORPSES AND SLAVES AT THE FEET OF THE JEWS, TO ABSOLVE THE FUTURE ITSELF. Our work is a most SACRED work.

Nobody has raised quite their fist in this regard, against the jewish spiritual, physical and mental gangsterism. Everyone has fallen victim more or less. People are controlled from this power from such an obscure level, that most even falsely think they are free. Everyone's freedom has been put into one melting pot. The enemy even robbed the Souls of people, not minding for a moment. They brainwashed people with any sort method they found. They lied to people. They murdered them without a purpose, other than to do what they are set here to do: Murder us all.

We are dealing with an enemy most evil. The enemy will do absolutely anything to blind you. Then, if you they fail, they will do all that is necessary to stop you. If they fail in this too, they will do all that is necessary so that you will show spiritually mercy, so they can escape, rebuild their powers and then they will return and destroy everything, including you, with the fair, good old jewish backstab. They even try to convince people that they do not attack them, even if they outright do. They will always try to convince people that they are on their OWN animals, and that the jews aren't making them. They will try to make anyone believe the sources of problems are always, somewhere else. Always searching for an alibi, always blame shifting, always furiously killing and replying with violence every time they are to be Judged. Because they know, if they do, their little game is over. It lasts so long these beings avoid the judgements for what they have committed, it lasts so long until people are aware of them. So many are their victims and so many are so stupid to understand. Yet, everyone in the end, more or less, understands. And if they do not, we will do this for them.

The enemy will try to cause everything to stop our Struggle. To cut our breath short, like they did with any other movement in history. They have failed and they will forever fail. We are more than just any movement, an "organization" and anything they have ever met. We are a ruling idea. We are indeed, Spiritual Justice from the depth of the Gentile Soul. We are something that results once in history. We don't just gain light from some other idea, we enlighten the other ideas and we are a Sun. We are a movement with the knowledge of our roots, of our God, of our Political Philosophy and lastly, the only Spiritual and Plausible way to cure the cultural cancer that has killed so many people. Realize just the power you have in your hands. You will understand what I mean as you go and we all go. You have to realize that you are important. No matter how you feel, or what you think, or what you have done, for some reason, you are here and you are called to fight an enemy who has bred so much death like nobody has ever did. Your actions define you more than anything else. We are fighting the personification of all death and murder, really. This in itself is a great deed, but all the above is only to motivate us to further, more defiant action. To stay asleep now is the equal move of a suicide.

Infighting, senseless egotism, false "changes" who are spiritually created by the enemy, "thoughts and feelings", whatever you get, you have to see beyond this, when the night might grow loom on you. The enemy wants you to always be like a pig, short sighted, always offended, always weak, always cut off, always so falsely your little "self". They hide to you, although they utilize this everyday, that the real power lies in what We, Human beings, can achieve Together. They are against this, they are the natural antithesis. They always tried to

cut us away from our Gods, let alone any organized actions. THIS TIME IS NO MORE. It has ended. Destiny takes a hold. Do you see where we are getting them now?

We are pushing them to the cliffs. This is what they always tried to avoid.

They are so afraid of us, and rightfully so. When you are a Daughter or Son of Him whose name is TRUTH, our Father Satan, then HOW LONG WILL LIES ENDURE YOU? YOU WILL DEFEAT THEM. There is nothing that can be done when the Gentiles are doing it all together. We will reach the Heavens. The ages and times when the House of Satan was divided, these are over. The machinations of this division and the creators of all the lies that plagued our people and Gods, they will be blotted out. We are all standing as ONE and MOST FORMIDDABLE FORCE. A FORCE THAT NEVER FORGETS, ALWAYS ADVANCES, IS INVISIBLE, AND IS BECOMING MORE AND MORE POWERFUL EVERYDAY. WE POSSESS EVERYTHING WE SHOULD. OUR SATANIC WILL WILL MOLD EVERYTHING TO WHERE IT SHOULD BE.

I want Our Battalions and People united. For the Reason of Victory.  
There is NO HIGHER REASON THAN THE VICTORY OF TRUTH. NONE. ALL ELSE FALLS SUBSERVIENT.

I want Our Brothers to hold the hands of their Brothers, with Loyalty.  
For the Reason of Brotherhood and Comradeship, which are the Highest Virtues, the Virtues of Warriors, who are carrying this War.

I want whomever is a student, once they learn, to teach others, like our Gods are transferring our knowledge.  
For the Reason of the Preservation of Truth, its knowledge, which is the Teaching to our Warriors.

This is what every Satanic Soul wants. Its our shared Will. Mine is no different.

This is because, the Truth is the source of all that is great, good and beautiful, worthwhile and exalted. We are fighting the sworn enemies of Truth. What do you expect from such lowlifes?

And to state another Truth. The enemy in this, does us a favor, totally unwillingly on their behalf. First, they are weeding out the inferior parts from ourselves. They are making us stronger, stronger and then even more stronger. They are literally pushing you towards the Godhead, wether they like it or not. You know them and you will fight them, whether you like it or not. You will defeat them in the personal and the collective level. But they are also doing a lot of things for our Ranks and our Mission. With their efforts, they are weeding out the traitors, the vain ones, who cannot see past their own nose. Sarcastically, don't you see how they do deserve an Applause?

Have you yet looked a bit beyond this? Have you ever looked at what more can be achieved? What more we all are here? Have you ever paid attention?

We are building something so Great, waging a War so Great. I am so happy, we are Together, hand in hand, creating something so superior from ourselves. I see you all

advancing, fighting and all of us struggling, to reach the highest and in this, I am complete. We are waging a War of Divine proportions. Aren't you happy, aren't you moved, aren't you standing in woe in front of what we are creating? When Satan's Legacy is being upheld, I need nothing more, for I spent my life searching for His Light.

So happy to see, that the Truth will shine again. So happy to be convinced, that the rays of this Truth will reach me too, and as such infinite numbers of others and all of us. So much filled with gratitude and happiness, that We are Here, Together, to fight this War.

We are doing something, giving birth to something, that will protect us all from pure extinction. First, cultural extinction of everything and then, physical extinction. We are pulling a spiritual fight where everyone else who doesn't fight, is nothing like a blind pig running circles in their jewish owned stable. They deserve our pity, if even this.

The weight of history has fallen onto our backs and the Truth is heavy, but the Truth also empowers. It empowers more than it weighs. We are the only force than can rid this world of this problem, in its spiritual root. You know the enemy is a monstrosity. NO, they will not mind your state, your little pet, your son or daughter or your family. They will kill everyone involved, torture everyone including you. Asking how I know? I just study history. I just take a look at the Witch Trials, what they do to Palestinians, what the jewish "ISIS" does to innocent Iraqi young woman, and I know. Proof is everywhere. You are talking here of human butchers of the lowest level. If they get their way, the population will be reduced only to very few who are to serve the jews, day and night, completely internally and externally controlled like literal animals. Then, they will be killed too. This is how the enemy works with everything.

First, they blind, then, they viciously attack. If confronted, they ask for "mercy" in a forced manner. But they never forget. They never forgot what happened when Gentiles resisted their communist take over in the 20th century. The "Goyim" might have forgotten, but the jews never did forget. Forgetting is not for them. They always remember their success and their failures. They always try to surpass these. They never forgotten what happened in Rome, in Ancient Assyria, in Egypt, everywhere else. They remember their role quite well, and what they are set here to do. It runs inside their soul like fire and brimstone. Unlike you, the jew never forgets. The jew never grows tired. The jew NEVER stops. The jew is UNABLE to stop. They know that there is only one way to go: They either enforce their Judaism program to us, or its a matter of time that their alien nature is discovered and they are out.

I want you to see this and understand this. All your conception in matters is wrong. The enemy puts fairy dust in your eyes. They try to make you an empty baloon of air. Something that is so merely personal, someone that doesn't know history, someone that doesn't mind nothing, strives for nothing, is nothing. The perfect, hypermaterial nothing. The perfect, useless Goyim. Ready to be worked to death, to be conquered, enslaved and killed. This is why they want to assimilate everything and put everyone inside a cultural, politcal and social/spiritual meat grinder. This is the humanity the enemy wants. We are doing everything to reverse this and wake people up. We are not acting on our behalf, but on the behalf of our Creator God who is Satan. But I have a conscience to answer to. I have to answer to the people of the world and the Creator. I want to be able to state that I fought this war with all my power, to surmount what once seemed unsurmountable.

This is also the reason that we have to make no steps back. The enemy asked for this war, by attacking us so ruthlessly and almost fatally. They killed and machinated the killing of so many innocent Gentiles, they murdered the memory of our Creators and cremated the memory of our Gods, or so they thought. They wanted to eradicate us from the face of existence in itself. Do you understand how deep this is? I know so many are so much lacking understanding of what it means to suffer.

Just looking at latest history, you will see the ignorance, the deception, the lies, the pain the people underwent simply for existing. You will evidently see how the jews were riding all the titanic waves THEY themselves caused, directly or indirectly, to enslave and manipulate the World. This world is as it is, because of all these years, the jewish powers have had the occult means to enforce their will upon the people. This is how everything they made came about. We are living in the jewish dark ages. The only faint lights there are, these are the old lights of Lucifer, which very important Souls and very important Satanic people have pushed matters, even sacrificing themselves, so we can have these today. Consider yourself one. This is not about the names in written history, this is about who writes the history and who holds the spiritual pen about it. The rest is for stupidly ambitious people. We are fighting to revert this consuming darkness to the Golden Age.

Yes, we are now the first of the first to wake up. We once may have been 10, then 100 people, then 1000 people. We are making it up to the hundreds of hundreds. Then, we will make it to the millions. The Truth is very 'contagious' and the more people that wake up, the more will wake up. We are those who have accepted the Truth without any drawbacks and sugar coating. Others who are cowards, they can accept "parts" of it and then, return to their soap opera and let us all know about their self righteousness and how "truthfully truthful truthers" full of "truth" they are. Your "truly" to these people, we give not one flying damn. Even all the Truths In existence without action and without solving whats evil and wrong, they don't matter. We know who our enemies are, we unmask their operations. We know there are no empty "saviors", we know that everything must be dropped in the trash bin and everything made anew. Even what we thought once that has been ourselves. We must save and redeem ourselves. They poisoned our lives and all aspects of our lives. They did one basic thing. They alienated us from ourselves, what it is to be Human, our Purpose and our Gods. From there on, it was fairly easy.

We have received an attack that is historically the heaviest and the sliest there has ever been. It's also an attack and a war where the victim count never stops. It gets multiplied as the days go by. Just think about this for a moment. How many people are dying from hunger because they are hopeless due to the jewish programs, how many are being raped from the jewish funded "ISIS", how many are left homeless due to some jewish "loan", how many die of cancer because the jews poison our food and kikes keep science on an ape level, how many artists are not having a loaf for not being what the jewish corps want, how many people are falling sick because the enemy conducts all sorts of experiments, how many people disappear for the jewish owned and run human organ black market, how many people are ALIVE yet DEAD from all the jewish brainwashing? How many are losing their dreams and themselves into the sea of the jewish infested enforced ideas?

I want you to see, that the Whole World is attacked. We are ALL attacked. We are all being

pushed to death, decay and slavery. If its for our Willpower and Our Resolute Stance, this is only what keeps us all from collapsing. This world is approaching slowly to its death. In other historical times, it rushed. At this point, we have the chance to react. Nobody ever had this in the past. There has never been a time where EVERYONE could return to their Creator God, where EVERYONE could know the Truth with the click of a mouse, where EVERYONE had the CHANCE. So many died in the past, asking only for one chance. One chance to know, one chance to redeem themselves. And once they knew, one CHANCE to fight and REDEEM THEMSELVES.

Many want to know. What do we think of ourselves. We think of nothing. We are just the ones who seized this chance. We are those who are going completely against all these threats. We are those whose Divine Quality is slowly "eating away" and dominating, in a positive sense, their human side. Against all waves, against all terror and dust from the enemy, we proceed steadfastly. We proceed together and march as Comrades.

The list is so endless, than there is no end. If you just let your mind think about it for a bit, you will understand how deep this matter is. More and more people are being destroyed as we speak here. We have been backstabbed and brought to our knees as people and as societies. And when it all seemed lost...The enemy got what they ASKED for. They asked to destroy us and they are getting their deserved, chain reaction.

When they are attacking people like us, they may tell you, that we are nothing. That we are the "ordinary", not so ordinary people. Yes, we are the people you might see in the street. People that you may never notice. We are the unknown, the fiercest and the deadliest Spiritual Warriors, who are bringing with them the New Order of Satan. Our qualities are not visible, they are invisible, yet they are visible to ALL.

So is our work, our teaching and our Light.

It touches everything and sheds the darkness. Our IMPACT is unsurmountable, Our DAMAGE uncountable. Our WILLPOWER untamed.
