

White Supremacy and Black Slavery

Black Slavery

The Jews didn't even really sell slaves to the Whites. In reality, only 1.4% of Whites owned slaves in America. Most American Whites didn't agree with slavery and actually put major regulations on it. The Jews owned the majority of slaves. They mainly sold them to other Jews. The slaves were used mostly in Jewish-run industries such as the sugar cane plantations. This is how the Jews made their wealth – the Jewish bankers, slave owners, plantation owners and such were all working together.

We support the Blacks taking the Jews to the courts for reparations from the Jews themselves. If the Jews want never-ending holo-shekels for a made-up Holocaust, then Blacks should get reparations from the Jews for a Holocaust that really did happen to them. It was the Whites who ended the slave trade. As the Jewish holy texts state, Jews are to make slaves of the Gentiles and to treat us cruelly. The only reason the slave trade went on as long as it did was that the Jews used their money and political power to manipulate governments to make sure it did. The Jews originally got massively involved in the politics to keep the slave trade going, the majority of Whites were against it.

The Jew Karl Marx wrote many essays defending and advocating for the continuation of the Jewish run slave trade as necessary for American civilization. And this was the Jew who created Marxism, that did what again? Demanded a revolutionary Holocaust, in Marx's own words. And committed such, of most of White Europe and the planet such as China and the creation of a more modern version of slavery run by Jews, called communism.

White Supremacy

White Supremacy – the meaning is simple if you listen to the Jews who made up this phrase – Whites ruling their own White Nations. White countries don't demand Arabs rule Israel, so why do all Jews demand Jews and non-Whites rule White nations? Whites should be supreme in their own home. However, this does not mean hating other gentile races for being different. I have met enough people of other races and studied their cultures to know all races are actually supremacists in their own outlook for themselves. It's just that the Jews are totally psychotic criminals about it. Whites are supposed to feel guilty for any normalcy on the subject, because Jews, the biggest supremacists on the Earth said so.

Yes, Whites are the highest evolved race and we don't say sorry for the Gods creating us like this. Just to be clear, this does not mean dehumanizing other gentile races or treating them badly, which is unjust, just because of the differences. However, we must not allow ourselves to be exploited by the Jews, race traitors, and non-Whites either. Respect us and we will respect you.
