

Who are the Elohim

In the Torah, the book of Genesis states that the Elohim said let us create Adam (the Jewish People in Judaism) in OUR own image. The Elohim are plural.

The leading Jewish Rabbis Rambam [Maimonides] and Abulafia stated in their texts that the Elohim in Genesis were the Seraphim angels. Hence it was the Seraphim talking when they created the Jewish People, which is collectively called "Adam" in Hebrew, in the image of the Seraphim. The Rabbis state their "god" on the literal level is Metatron, which is a collection, a hive mind of Reptilian extraterrestrials, who are also called Elohim. They also state that the race of Adam, the Jews, didn't come from this planet. They came from "out there", a statement which Rabbi Laitman made famous in his class to his students in the Yeshiva in Israel. However, he didn't state anything the leading Rabbis have not already known forever. The Jews state that they are created from the genetics of Elohim, which are Reptilians. This is why the Jewish racial gene, the Cohen gene, has reptilian DNA within it. The Jews call the Gentile races the "Pre-Adamic" races who were created by the "Strange Gods" which means the Gods of the Goyim in Kabbalah which the Jews openly state are Satan and the Demons, of which the Jewish texts state the Gentiles are from the blood line of. They also state that Satan and the Demons are physical extraterrestrials who come from the Orion Galaxy. Nephilim means "Sons of Orion". They don't hide this reality in their own inner teachings of history.

The importance of Rambam and Abulafia also making this statement is that these two Rabbis were adepts in the Merkava teachings, which are based on astral projection and expansion of consciousness to be able to communicate with the Metatron, as is shown in the books on the subject and openly commented on by the Rabbis. The texts mention Rabbis who astrally projected to the physical planet of the Elohim the Seraphim and take instructions from them directly. Today, Rabbis who are adept in this system state the same. The Seraphim, their "god" collectively, are Reptilians who they communicate with directly and take orders from and these being gave their Moses the Torah. These teachings were the original occult teachings of the "School of the Prophets", who communicated with the Elohim directly in the Torah.
