

Interesting but short topic.

In the Sefer Yetzirah which is called the "Book of Formation", which is the story of how Rabbis created the jew made Hebrew Alphabet (they name themselves God as usual in this book), they just give the array on some subjects, amongst one of these, is lying. These can be found in annotated versions especially under the letter "Betai" or "Beys" or "Bet" which is a letter associated in hebrew with the feminine element and the ability to lie. This is why they start the bible with the Bet, because it is a loose lie.

The jewish method of lying consists of mixing and perverting information. Other than that, outrageous lying. For example, as the jews command in many of their social engineering book, a lie, in order to be successful, has to have truth in it, or it cannot stand. Otherwise, the lie must be so monstrous, and so beyond comprehension, that it simply passes down as truth.

One of these lies is Rabbi Jesus. A lie so big, that literally made the brain of ancient people just lag. So what, you can get saved just by belief in a jewish guy?

This is typical in all sorts of swindlers, the lies are huge, outrageous, completely contrary to any logic, and against any analysis whatsoever.

This is a method of inversion they follow. The Demons who were divine for the ancient people, they call them and enforce the meme that they are the source of all evil. This inversion is simple as the jews seek to overthrow a structure upside down.

For example, Stalin's genocides are pinned on Hitler. All the responsibility of all crimes is thrown on the innocents. All the crimes of jews, they pin on their enemies. An example here is how they do the ritual of the Goat of Azazel on which they throw all the wrongdoings of the Jewish Race on the Gentile God that they call Azazel.

Another of the most major conceptions of jews is that you can do any crime you want, and if you are not caught, it's all fine. If you get called, then this is "Satan". Satan is called the Accuser simply because he seeks to punish you for it.

Crimes especially on the back of the goyim are perfectly fine and permissible - the only 'unfortunate' thing is that you can get caught of it, this is the essence of the jewish mind.

The jew is uncreative in all his pursuits. The jew lies hugely but without creativity. This is why also jewish literary work is just worthless, same as jewish music and anything else the jews claim to be 'creators' of. This is evident in all their work. This became relevant when the jews tried to enter meta-platonic schools and many other occult sciences and just had nothing to add simply because as a species they are not meant for any high spiritual understanding. The same thing happened in Freemasonry, it became just useless bullshit as usual. It sank to the level of the jew.

Over time people have given more creativity to the jews than they deserve. Everything they

have is stolen. The belief that to steal is better than to create is a major one for the jews, they believe others should do the work, while in the end they simply come and steal, and appropriate these things as theirs. This is foundational in Judaism and is proof their "god" exists.

The jew eventhough never bored to say lies, is always a lazy and uncreative liar, but a crafty one. Their laziness can be seen. For example, they just steal whole elements from a language and they don't even bother to change them, just slightly appropriate them. They just take the stories of the native population and just twist them in reverse.

The jewish brain is so lazy and psychotic that they believe that if people become angry for being stolen, ripped of, and planned on extinction by the jews, that is some irrational thing, and that this is of the 'devil'.

They stole the verb EL which was the name of "God" in the regions they were nested, and stuck some random letters on the side, to make their "Angels". They stole some letters and put them in different sequences to "create" their "alphabet". They stole the stories and creation myths of other people and just corroded them to create their own history. Their so called "savior" and their creation of Christianity is just a stolen Pagan story replayed all over again, but written in hebrew, and with some hebrew protagonists in place, then some reversal towards the originals. Just lazy stealing.

Do you want some names for your "God"? Take the ancient Gods of some other people and slap them together, and here you go. Take Shiva and make Yeshiva, take Adonis and make Adonai, take Sammath and make it into Shemmesh, and the list goes on. Why labor? You're a worthless kike and you cannot create anything anyway.

If one examines the true history of the jews, it's a story of slaves and worthless beings. Navigating in the desert, uncivilized and worthless, they never worked on the field or mined, or created a house. They used to just live in tents like worthless beggars as usual, going around and begging people to live in their country. If given mercy, they exploited this, and tried to kill them after stealing from them. It's typical of the worthless to develop a mental disease of hyper inflation of the ego, and the jews have this psychopathology more than any other race.

The jews are by nature a slave race, and no matter how many Armani and Golden Chains they wear, they will always in their core be the same.

The Rabbis know that Judaism is an 'open culture', aka, if they find new interesting things to steal, they incorporate them. The jews also have the doctrine of the "Exiles", aka, the fact that they believe they were commanded by their "God", to be exiled in other nation, just to essentially steal and corrupt spiritual knowledge, so they can have everything.

Thieving and lying to the jew is what eyeballs is to mammals. It's essential for survival.

Lastly the jews want to be taken seriously when Israel is literally the only place in the world where a class in lying and mindfucking goyim is literally a state affair. It's called Yeshiva school. Lazy even here, they name it Ye-Shiva, in blasphemy to Satan/Shiva, which is actually the lord of Truth, as even those in basic yoga know is the nature of Shiva, naming their school of master lying to add insult to injury.

Re: How Jews Lie

Schoenberg was a Jew who by his own bragging confession admitted he created a degenerated form of music to create disharmony and trash the classic Hellenistic philosophy of music that others like Wagner worked on which revolved around a different musical scale that related to the union of notes in which they believed was the perfection of spirit and form. Schoenberg did all his music in the chromatic scale instead. Some have claimed this scale induces a chaotic mindset into people and maybe even mental illness in extreme cases. This is why Schoenberg did this he was driven by the passion of his alien Jewish soul to ruin Gentile society and cultural forms. As part of the Jews racial war on all mankind. What this kike did to music other kikes did to the other arts with modern art. A empty, mentality ill, nihilism, trash that is literally in many cases poop paintings and toilets as art. This is why there is some much nihilistic sophism surrounding and justifying this trash culture of phoney art. Without this it would have nothing to cloak itself and agenda in.
